

Recreational This and That

by Hal Newman
TEEN TOWN - NEW YEAR'S PARTY: Teen agers carried their Christmas show into

the dining year last Tuesday, and added another stage number for good measure. The highly trained cast gave an encore performance of Bingo, Bongo, Queenie, the Burlesque Queen and introduced the little Red Wagon to the gals and lads. Everybody seemed to have a grand time; and it was a "top" send off for 1947 for the Teen Town crowd.

NOTE: Next Friday, the Teen Towners will swing back to normal, but owing to the hockey game at the Arena, the dancing will not get underway until 10 p.m.

TOWN HALL NEWS: Several weeks ago we mentioned some of the improvements which are gradually taking place at the Old Town Hall. Here's another important item which should make the auditorium a real community centre.

For lot these many months, we have been scouting the chair market without much success, but we left a good trail as to what we wanted. At long last we have been able to locate a supply of folding chairs at a price which will severely strain, but not break our meagre pocket book. Yes, we ordered 200 folding seats at \$2.00 per plus the cost of shipment. That's quite a bit of money, but an auditorium must have something besides heat and four insulated walls. With this equipment, it will be possible to have many of the features that handicapped us heretofore, and will appreciably add to the social activities of the town.

Our worried treasurer asks me to add that anyone who would like to contribute the cost of a chair of two, would be doing our overworked bank a great favour.
HOCKEY: Despite the deadline set for January 6th, there are still a large number of Mid-

gets and Juveniles who HAVE NOT turned in their registration forms, as yet. There must be an awful lot of young folks who are hanging up their skates, and sticks for the season.

And while we are on the hockey subject, we wish to extend to the Georgetown Intermediate and Junior teams the very best of luck during the coming season and hope that they'll both be in there as winners when the final flags go up.

CRIBBAGE: On Wednesday night, January 7, at 8:00 p.m., we are going to throw the Old Town Hall doors open to all the male cribbage players in town. We have been talking to a number of the experts in this fifteen-two pastime and they have experienced a desire to have some place where they can beat each other regularly. So put the date on your calendar and come up to the Hall next Wednesday.

a speedy recovery.

The Anglican Young People held their meetings Monday night at the home of Mr. and Mrs. Weller. The Horny Young Peoples' Club joined with them.

Several have had colds and coughs the past few weeks.

Huttonville Park Manager Is Brampton School Trustee

Godon Vivian, well-known in this district as co-owner of Huttonville Park, summer picnic and dance centre, and proprietor of Vivian's Sporting Goods and Hobbies in Brampton, is one of the new public school trustees in the Peel County town. Information of an elected Public School Board was made necessary when Brampton joined a larger high school district, thereby dissolving the Board of Education which administered all Brampton schools. Other members of the board, which was elected by acclamation are: John Enns, Allan Burton, Cecil Carscadden, John Beatty, Walter Smart, A. H. Milner and G. Homer Thompson.

Celebrate Diamond Wedding In the West

Two pioneer Manitoba residents, both natives of Halton County, celebrated their diamond wedding anniversary on December 9th. They are Mr. and Mrs. Shanks of Lakeside Farm, Pettapiece, Manitoba.

Mr. Shanks, now in his 87th year, was born in Halton and went west in 1879. His wife, the former Annie Graham, was born near Georgetown and went to Manitoba in 1882. Five years later the couple were married. For fifty years Mr. Shanks operated the Pettapiece elevator until his retirement five years ago.

They have two sons and two daughters, Professor G. L. Shanks, Pender, Mrs. G. Kite and Miss Laura Shanks, who is principal of Strathejaire Collegiate. There are four grandchildren.

HORNBY

St. Stephen's Church of England held their annual Christmas Party the Monday before Christmas, starting with a supper followed by games and entertainment.

Miss Jardine has returned from her holidays at Brussels and school opened again on Monday morning. Mr. James Spence was taken suddenly ill on Sunday and is wished

The night shift ...

When darkness falls, the owls take over from the hawks and other predators in the destruction of harmful rodents. The Great Gray Owl is essentially a northern bird, living as far north as the tree line, and comes south to the settled parts of Canada only during severe winters. Because of the ease with which it can be captured (it can sometimes be caught in the hand) it has unfortunately become very rare and every care should be taken to protect this useful rat and mouse-catcher. To help the public recognize the need for conservation of our natural resources, authoritative literature on this subject and full-colour reprints of wildlife illustrations (without advertising) are available free by writing to The Carling Conservation Club, Waterloo, Ontario.

Discovered in 1741 by Commander Bering, the Pallas Cormorant became extinct around 1852 — another bird which will never again be seen.
