

A TASTY CHRISTMAS GREETING: Members of Montreal's RCAF auxiliary squadrons 401 and 438 may have been puzzled over what to send fellow airmen in Britain in the way of Christmas greetings. But not for long. They bought enough delicious salmon steak to

provide meat dinners for members of RAF auxiliary squadrons 616 and 504. What happened is shown above. At upper left, the steak is prepared for shipment in a Montreal butcher shop. It was sent to London aboard a North Star plane under special arrangements made

with Trans-Canada Airlines. At left, in the Danum Hotel, Doncaster, London Airport the gift was picked up by planes of squadrons 616 and 504. Just what happened to the steak is shown at upper right, where AC2 Avison and LAC Adams cannot resist it even long enough to have their picture taken. At lower

right, the Danum Hotel, Doncaster, chefs Eric Shannon and Mrs. W. Marsh get set to cook the steak. At right, the gift has reached the end of the trail, as squadron members sniff the delicious aroma. Photos: Trans-Canada Air Lines

RUPERT COMES TO CANADA — Because his appetite was too big for England's small meat ration, Rupert, one of the world's greatest Great Danes has come to Canada where he will have less difficulty in obtaining his required seven pounds of meat per day. Weighing 168 pounds and standing 36 inches high, the dog is shown above with his master, Michael Couplditch, as they arrived at the Canadian National Railways Central Station, Montreal.

ally been decided upon by the board of strategy. The first game in this series will be played in Georgetown on January 19th against a younger edition of the Acton Farmers. This game has all the earmarks of a natural.

DRAMA: Apparent Productions are going all out in their efforts to produce one of the funniest, sophisticated and entertaining plays to be written during the last few years. The final dates have been set for February 4th and 5th for Georgetown and they expect to repeat the performance in Acton during the following week.

TEEN-TOWN HALL: There will be a short Teen Town dance next Friday after the hockey game. Dancing will commence at 10 p.m. and close off as usual at 12 p.m. The following week we expect to have a hang-up

party as there will be no hockey games and the girls and boys can have themselves a time.

G. Allan MacNamara, newly appointed vice-president of traffic for the Canadian Pacific Railway who will direct the world-wide organization which obtains freight and passenger traffic for the company's trains in Canada and the United States and steamships — ocean, coastal and inland.

Mr. MacNamara brings to his position 35 years of railroading experience, broken by active service overseas from 1915 to 1919 with the Canadian Army, in which he enlisted in the First Division in his native Winnipeg. Before taking up his new post in Montreal, he was general traffic manager of the Minneapolis, St. Paul and Sault Ste. Marie Railway in Minneapolis and has been with the CPR on its C.P.-Soo Line service since 1920.

Rooting for an athletic team is said to help it to win, and when people root for their home town, it helps it to accomplish things.

THEY MAKE MUSIC, LATIN STYLE.
 Aly Robi, Canadian vocalist noted for her lively interpretations of Caribbean songs, and Chico Valle, singer and guitarist who specializes in tunes from his native Cuba, try out some odd-looking musical instruments from Central America before going on the air for a broadcast of "Latin America Serenade," in which they star each week. While Aly shakes her maracas, Chico shows her how to "scrape" the guiro. (The rattle of the maracas and the grating sound of the guiro mark the rhythm which is characteristic of Cuban melodies)

Recreational This and That

G.R.C. ANNUAL MEETING: On Wednesday, January 21st at 8.00 p.m., the GRC will hold their Annual Meeting in the Old Town Hall.

This is a public meeting and the GRC will heartily welcome as many citizens of Georgetown as the Old Hall will accommodate.

There will be an election of officers and executive committee, and a complete report of the year's activities will be presented in addition to the programme outlined for this year.

If you have any ideas which will be of value in the development of an over-all community programme this is the time to bring them forward.

If you are interested in the financial set-up of the GRC, this is the time to find out the real facts. So let's have a real turn out of the citizens of Georgetown on January 21st.

HOCKEY: The hockey committee have been working great guns on the Juvenile, Mid-get and Bantam programmes, and the whole story appears elsewhere in this issue.

Booster tickets for the OMHA Juvenile series with Milton and Acton are on the street, and folks, we need your support.

Jack Cotton's Juvenile Braves are shaping up, but the team hasn't

G. R. C. Bulletin

Because as a recreational group the GRC deem it proper, Teen Town functions end at 12 o'clock, or on very special occasions (Sadie Hawkins' dance, etc.) at 1 o'clock.

Parents can help the GRC by explaining to their children the necessity of abiding by these rules in order to provide clean, healthful entertainment for young people.
