

The curtain rises on
THE NEW FERGUSON TRACTOR

MORE POWER
MORE SPEEDS
AUTOMATIC HYDRAULIC OVERLOAD PROTECTION
HYDRAULIC IMPLEMENT CONTROL
FRONT WHEEL TREAD ADJUSTABLE

No other tractor combines ALL these features

Beginning... another great era in power farming!

A Great New Farming Machine to help you cut the costs of food production still more! A powerful, rugged tractor with many new high-performance features designed from the experience of over 800,000 Ferguson System users. Stopped-up power lets you walk away with two 14-inch plows—with torque for the tough spots. You can brake both wheels with a single pedal, or use the individual brake pedals for turning. And many other improvements for greater safety, economy and convenience.

A Minor or Full Powerful Continental valve-in-head engine, combined with the weight-saving and automatic traction control of the Ferguson System, gives you more work from a gallon of fuel than you ever dreamed possible! High-torque design to give you amazing lagging power at low engine speeds. Responsive governor, fully machined from brass and steel. High-efficiency cooling fan and removable "wet" sleeves with full-length water circulation. An engine built to "take it!"

A New System for Low-Cost Hauling with revolutionary method of linking trailer to tractor. With this new Ferguson System of transportation you can haul loads of 3 tons or more out of soft fields, up steep grades, on slippery roads or over rough ground. On countless farms, located at average local market distances, this latest Ferguson invention slashes costs of hauling farm products—a revolutionary new solution to your farm transportation problems.

Only the Ferguson System, invented, perfected and patented by Harry Ferguson, and authorized only for use in the new Ferguson Tractor, give you all five of these big advantages: 1. Traction without excessive implement weight. 2. Both finger tip and automatic hydraulic depth control. 3. Traction without excessive built-in weight. 4. Keeps the tractor's front end down. 5. Automatically protects both implement and tractor when the implement strikes an obstruction.

Neighbours Fete Mr. and Mrs. Hugo Lyons

Mr. and Mrs. Hugo Lyons of Cheltenham, who were married last Christmas, were honoured by neighbours and friends recently at a party and presentation held in Norval Parish Hall. During the evening several of the guests were called on for a few remarks, including Thomas I. Lyons, Jack Fraser, W. A. Lyons, Arthur McKane, Clarence Anderson and Fred Lyons. Andrew Henderson was chairman and entertainment was supplied by Anna Mae and Betty Hutchinson with piano duets and Mary Henderson, who gave several readings.

Mr. and Mrs. Lyons were presented with a floor lamp by Arthur Hutchinson on behalf of the gathering. Mrs. Lejbe Young reading the address:

Dear Hugo and Mrs. Lyons,
What a pleasure indeed, to gather to pay homage to two happy newlyweds. Congratulations to you, Hugo, and to you Mrs. Lyons, our very best wishes.

Hugo, everyone knows you as a good neighbour, ever willing to lend a hand and to go that extra bit further that means so much in these times of inadequate help and consequent busy days.

You have taken an active part in community life, both by holding office and by cooperating and working with those in office. Your talents have spread beyond the immediate communities to county work and for some time you held office in the County Holstein Association. May you see fit to continue to use your remarkable talents for the good of others.

Mrs. Lyons, we do sincerely welcome you into our happy circle. It will not be long until you know us all and where we live and we trust if at any time we can be of any service whatsoever, you will feel free to call on us your neighbours and friends.

To show — in a small way—the esteem in which we hold you both we ask you to accept this gift and we hope that down through the years it will be the reminder of real friends and associates.

It is our sincere wish that as you travel life's way, side by side you may find that complete happiness and contentment that comes when travelling with the one you love. No doubt there will be some dark clouds but may they be few and far between and do remember "Every cloud has a silver lining."

Signed for all of us:
Aileen Lyons, Art McKane, Arthur Hutchinson, Andrew Henderson, Marion Young.
After lunch was served, the remainder of the evening was spent in dancing.
