

### Lightning Rods THE TIME IS NOW!

In 35 years we have proved beyond doubt that SHINN-FLAT copper cable rightly installed is absolute protection against damage by lightning.

Building now is a financial headache. Protect what you have. Sleep through the storm. Write or phone collect.

Substitutes are not so good. If you don't believe me, ask the man with the wooden leg. We don't peddle.

### Terra Cotta Women's Institute Meets

Mrs. Arthur Clarke was hostess when the Terra Cotta Women's Institute held their monthly meeting at her home last Saturday afternoon. Roll call was answered with a current event and Mrs. John McCullough developed the motto "Patriotism is among the first of virtues," pointing out that patriotism nowadays must be expressed in broader terms than local or national and that we must have a world outlook on it.

A paper on "Citizenship" prepared by Mrs. George Leslie was presented by Mrs. Jack McDonald. Mrs. Eric Leslie read a Mother's Day poem and Betty Jean Anderson sang, accompanied at the piano by Dorothy Thompson.

Mrs. Clarence Lyons, Mrs. Wilfrid Leslie and Mrs. Fraser Macdonald were appointed a committee to arrange an exhibit for Brampton Fair. Mrs. Jack McDonald and Mrs. Clarence Anderson were named delegates to the District Annual in Brampton in June.

### Stan Hall Again Halton Conservative Candidate

At a meeting in Milton Town Hall a week ago Tuesday, Stanley Hall, Halton's member of the Legislative Assembly for the past five years was again chosen to carry the Progressive-Conservative banner in the June 7th election. Mr. Hall was the only candidate nominated and his candidature was unanimously endorsed by the party members present.

President W. J. Beatty of Acton was chairman, and in addition to the main speech by Mr. Hall, L. E. Fleck, George Currie, Alan S. Nicholson and Dr. K. K. Anderson, former Halton member at Ottawa, were called on for a few remarks from the platform.

### WITH THE ANGLERS

by George Hoare

The weather and water for both fly and bait fishermen was perfect for opening day of the 1948 trout season. The result was that every bridge, stream and dam had its share of anglers. One angler who fished the Credit Forks said you had to assemble your rod on the road then push this way and that for a spot large enough to stand and casting was out of the question. At Eugenia dam which is about a quarter of a mile long several hundred were standing shoulder to shoulder. Each one no doubt hoped for a 4-pounder to take the bait.

### LUCKY ANGLERS

Fred Test took his limit of browns last week. They were all over 14" and were caught on a streamer fly tied by the writer. Owing to the fact they were caught last Friday evening with a north wind blowing water murky after a cold rain, Fred had reason to be proud of his catch.

Chas. Hoare also creeled some nice browns the same evening on a streamer tied by the writer. On Saturday evening Chas. creeled another brace on the same fly.

Steve Emmerson creeled a 15" rainbow and several nice browns last week.

Mr. and Mrs. Fred Spiers have been having their share of luck while angling for browns.

Ted Bludd hooked and landed a 19" 3 lb. brown trout last week. This fish put on quite a display of jumping and Ted had reason to be proud of his catch.

Godfrey Christensen creeled several nice speckled trout last week.

Up stream and down with a 25" 5 1/2 lb. brown, that's the tune Ralph Bludd is probably humming these days. This fish was on display in Wheeler's Store in Glen Williams last week. It was landed without a net and travelled quite a ways up stream and back down before it was beached.

The writer took several nice browns last week on a streamer fly.

### BELIEVE IT OR NOT

Bud Louth took a nice 17" brown after midnight last week. His tackle consisted of the following:

- Rod: piece of drift wood 2 1/2 feet long, 1" diam.
- Line: old piece of cord
- Lure: bent pin
- Reel: none

That's the way the story goes anyway.

That's all for this week - so good fishing until next.

### Audrey Sharpe Receives Certificate at Investiture

Mrs. Audrey Sharpe attended an investiture in the Lieutenant-Governor's suite at Queen's Park last Friday, where she received her certificate, signed by King George and Queen Elizabeth recognizing her service overseas with the St. John Ambulance Brigade. Mrs. Sharpe and her mother, Mrs. T. F. Griave, were guests at a noon luncheon at the Royal York Hotel before the investiture, which was followed by a reception.

Of interest in Georgetown, was the fact that Mr. J. H. Wallace, provincial secretary of the St. John Ambulance received the Order of St. John at the investiture. Mr. Wallace is a former manager of the Bank of Montreal in town and lived in the house on Queen Street where Mr. and Mrs. Ray Kerehar now live.

### HALTON GARAGE OPERATORS' MEET

The regular monthly meeting of Garage Operators' was held in the Oddfellows Hall in Milton on May 3rd.

There was a lengthy discussion regarding the hours for the sale of gasoline now that the Municipalities have the power to regulate the hours for the retail sale of gasoline in each municipality.

The Provincial Government has the plan for the Apprentice Training School well under way and it is felt that September should find these plans completed and the school functioning.

### SYNOD MEETS IN HAMILTON

The Synod of Niagara (Church of England) met in Hamilton last Tuesday and Wednesday at Christ Church Cathedral. A feature of Synod was an address on Tuesday evening by Dr. Cosgrave, formerly Provost of Trinity College, Toronto. Those from town and district attending included Archbishop W. G. O. Thompson, Rev. J. E. Maxwell and Mr. Lindley Beaumont.
