This meeting is sponsored by Georgetown Liberal Association  
LE ROY DALE, K.C., president

### With The Anglers

by George Hoare

Last week and the holiday week end was perfect for angling. Many nice trout were caught.

The stomach content of the trout this season so far seems to be far different from last year. The trout caught last season by the writer were full of crabs, minnows and nymphs of all kinds.

This year the chief food seems to be small shells which contain a hard back grub similar to a wire worm that is found in rich soil. These of course may be the larvae of the May fly.

This, probably explains why the artificial flies that worked so well last year are not as productive as others are this year.

### LUCKY ANGLERS

Murray Esward was successful in catching 26 speckled in the Acton district recently. They were all a good size.

Fred Tost was out as usual after a shower last week and took a 2 lb. brown on a streamer fly.

James Carney took some nice speckled recently on a red despair fly tied by the writer.

George Hoare Jr. caught several speckled over the week-end. Two were kept, the rest were returned as they were on the small side.

Duncan Tost creeled a nice one on a short jaunt last week. A streamer was the lure.

The writer took several browns last week on streamers. Two of them were two-lb. fish.

### RESULTS OF SPORTSMEN SHOW

Figures show Toronto Anglers Sportsmen's Show this spring netted \$13,644 profit for an expenditure of \$87,600. The money will be used for a conservation program details of which aren't available yet. An even bigger and better show is planned for 1949.

### UNRESERVED AUCTION SALE

IN NASSAGAWEYA TWP.  
TRACTOR EQUIPMENT, LIVE STOCK, ETC.
