HIGH SCHOOL NEWS

As our most ardent fans probably noticed we spared them the ordeal of reading a column last week. But there is better news to come. Next week will be our last column. (three bears . . . err . . . cheers for all.) As school will end about the 10th of June and the Departmentals begin on the 11th we will have nothing further to report. So read next week's column and you might find out who Vic and Jo are (contrary to popular belief we are human).

Last Wednesday a softball team made up of (ugh) girls from first and second form journeyed up to the noble and distinguished village of Acton. Here they engaged in a game of baseball with the girls of Acton High School. Georgetown emerged on the victorious end of a score of 45-23. Due to a French exam we fortunately missed this thrilling battle.

Attention all citizens: At last a new addition has been made to good old (and we mean old) G.H.S. Mr. J. Evans, J.P. (junior extraordinary) has a new tool shed to occupy his time with. The march of progress leaves its mark in Georgetown.

When all the kiddies trot back to school this fall great things will be awaiting them. For one there will be a MALE science teacher who will make all the rough, tough and nasty first-formers behave. The second great attraction will be the new commercial course which the high school has been needing for a long time. Now all we need is a gym, assembly hall, more class rooms and last but not least a NEW school.

FLORIST SPEAKS TO ST. GEORGE'S CLUB

Al Norton, local florist, was guest speaker at last week's meeting of St. George's Club, talking on the mental stimulus of flowers and the way that they can brighten a home. He was introduced by Mrs. Harold Bieck, program convenor for the night. A number of games were afterwards enjoyed, including charades under the direction of John Jones. The club planned a weiner roast for the June meeting and it will be held at the De Vries farm.

New Science Teacher Next Year at High School

Alexander M. Baxter, principal of Alton High School has been engaged as science teacher at Georgetown High School for next term. Mr. Baxter will succeed Miss Jessie B. Wilson, who has resigned due to ill-health.

Mr. Baxter holds a Bachelor of Science degree from the University of Manitoba and was principal of a high school in Winnipeg before taking his position in Alton. He is the father of twin sons, who will be attending high school here.

TENDERS FOR COAL AND COKE

Federal Buildings - Province of Ont.
SEALED TENDERS addressed to the undersigned and endorsed "Tender for Coal" will be received until 3 p.m. (E.D.S.T.) Tuesday, June 15, 1948, for the supply of coal and coke for the Dominion Buildings throughout the Province of Ontario.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and the supervising Architect, 36 Adelaide St. East, Toronto, Ontario.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' licence numbers must be given when tendering.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works equal to 10 per cent of the amount of the tender, or bearer bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque, if required to make up an odd amount.

Such securities will serve as a guarantee for the proper fulfillment of the contract.

By order,
J. M. SOMERVILLE,
Secretary
Department of Public Works,
Ottawa, May 26, 1948.

YOUR
VOTE
FOR

IS NEEDED ON JUNE 7 TO

Keep Ontario **STRONG**

The outcome of this election will determine the future course of this province for many years to come. Quite apart from any political considerations, you have before you two entirely different points of view. The Progressive Conservative Party believes that this province has unequalled opportunities for development provided that our great resources are put to work under plans for the future which will provide the electric power and other requirements for the greatest period of expansion we have ever known. Our opponents do not believe that these opportunities for expansion exist. It is their right and their duty to express their own opinion about our future. They have done so. They do not believe in our great programme of development. They have acted accordingly and will continue to do so.

You know the record of the government and the many things it has done to advance the interests of all our people. You know the tremendous programme of development which we have approved and which will go into effect if we receive your support on June 7th. We believe that is the way to assure employment in the years ahead. On the other side you have a static point of view which thinks that all this development should be deferred until the threat of unemployment which they are constantly predicting is actually upon us. Developments of this kind take years to complete and the best way to maintain employment in the future is to provide the power and other resources which are needed to keep employment at a high level. That is the point of view we ask you to support.

I do wish to emphasize one unusual feature of this election. The Communists in this province, relatively small in numbers, are highly organized. They are supporting the C.C.F. I recognize that the leaders of the C.C.F. Party have disavowed this support. The fact remains, however, that in every riding except two where there are Communist candidates who were members of the last Legislature, the Communist vote, large or small, is going to the support of C.C.F. candidates. This may be unfortunate for the C.C.F., and may be against the wishes of that Party. It is apparent, however, that the policies of the C.C.F. Party find sufficient acceptance with the Communists to gain their support.

No matter how worthy any individual C.C.F. candidate may be you have only one way of making sure that your vote is not going to be joined with a Communist vote. It should be remembered that in every country where Communism has come to power, including Russia, it came originally through an alignment with the Socialist party in that country. You may think the danger is still far away here in Canada. Only a few years ago they thought it was very far away in those countries which have been brought under Communist slavery within the past three years. The time to end the threat of Communism is while we are still strong and free, not when freedom hangs in the balance and we face one last desperate decision.

This is not just an ordinary election. With democracy threatened all over the world as it is today, this is an opportunity for the people of Ontario to show by their vote that they really believe in the right to vote. Naturally I hope that you will support the candidate of our party in your riding. No matter how you vote, however, may I urge every one of you to exercise your franchise so that we demonstrate to ourselves and to those living in less fortunate lands, that we really know the value of our freedom. Never has this province advanced so greatly as it has under the progressive policies of the present government. Our programme for the future provides for still greater development in the years ahead. With the great opportunities which are before us, I hope you will give us an overwhelming mandate to keep Ontario strong through the years ahead.
