What Council Did

ON WEDNESDAY, JULY 21

Heard a report compiled by Town Solicitor K. M. Langdon stating the town's case for having the Canadian National Railways bear the expense of widening the John Street subway. Mr. Langdon with factual historical data and affidavits claims that a roadway existed around the present location of John Street before the railway was constructed and if this is so the railway must bear the burden. It was moved that the report be forwarded immediately to the Board of Railway Commissioners for a hearing.

(Moved by Maclaren and McCumber).

Accepted the resignation of Town Foreman Alf. Collins, who in an explanatory letter said that he found the responsibility too hard on his health. He said he would like to continue as a member of the town staff.

(Moved by Maclaren and Herbert).

Advertised in the three Toronto papers and in all Halton weeklies for a town foreman. Advertisements to be submitted to the Town Clerk before noon on August 7th.

(Moved by Armstrong and Maclaren).

Sold 2000 ft. of 6" pipe originally purchased to put in a loop to the Smith and Stone plant No. 2 to Scott, Jackson Co. at the best price available.

(Moved by McCumber and Herbert. Maclaren voted against).

Mayor Gibbons introduced the subject saying he didn't think the town was likely to use the pipe and he thought the money might be used to finance several new water services which were being held up due to lack of funds. Reeve Maclaren said the water problem was bigger than this and he would like to hear an engineer's report before selling the tile which might be needed later.

Armstrong: Have we entirely forgotten the Smith and Stone loop?

Gibbons: I thought Council decided that it was their (Smith and Stone) responsibility. It would be a \$4,000 expenditure for the town in order to give them cheaper insurance.

Maclaren: I didn't feel we dismissed it absolutely. I thought it was to be considered with other water expenditures.

Gibbons: I can't see where the engineer's survey has any bearing on the sale of this 6" pipe.

Maclaren: Apparently I'm a minority of one.

Armstrong: I'm voting on the motion with the understanding that we can get more 6" pipe if we need it.

Engaged Dittine, Phillips and Roberts of Brantford as consulting engineers to make a complete survey of the water situation in Georgetown as to source of supply, chlorination, etc.

(Moved by Hill and Herbert).

Deputy-Reeve Armstrong introduced this subject pointing to the serious situation which exists both as to quantity and quality of water. He said that the Department of Health had been urging chlorination since 1921 and the County Health Unit was also pushing it. Mayor Gibbons said he was hesitant to decide on getting a report which might cost the town \$2,000 or more even if it was not acted upon. The engineering fee is 6% of the cost of the plan recommended and 2% of this is for the report itself. Cr. Herbert said he was concerned over mounting tax rates which the working man could hardly meet. Several of our young men had built homes in the last few years and were having a hard enough time to pay for them. Mr. Armstrong said he was convinced that when the report was completed the work would have to be done and that the project would all be financed with a bond issue. Reeve Maclaren also spoke strongly in favour of the report saying it was long overdue. Only last week Georgetown had been seriously short of water and had a fire broken out anything could have happened.

Gave third reading to a by-law authorizing the appointment of an assistant recreational director. The by-law had been approved by the Dept. of Education and Reeve Maclaren reported that the Dept. had said they did not care whether the director was paid by the town or by a private group and it was quite in order for the Hockey Club and Board of Parks to pay his salary.

(Moved by Hill and McCumber).

Appointed a 12-man Recreational Council. Members are: Don Barrager, Bruce MacKenzie, Alf Sykes, Walter Blohn and Jack Cotton who had been suggested by the G. E. C. R. Whitmee and Vern McCumber representing the Board of Parks. Other members are: Harry Shortill representing the School Board; and Ernie Alcott representing the Board of Parks Management.

(Moved by Maclaren and Armstrong).

Declared Monday, August 2nd a Civic Holiday in Georgetown.

(Moved by Maclaren and Armstrong).

Increased the convention grant to the Fire Brigade from \$50 to \$100. Chief Harry Savings and Deputy-Chief Bill Hyde appeared to ask this.

(Moved by Whitmee and Herbert).

Will advertise two revolvers owned by the town for sale at \$35 each. The revolvers were purchased a few years ago from the Provincial Police for the local constables are not needed now since the policing is done by the Provincials.

(Moved by Armstrong and Maclaren).

Asked the Hydro to install a street light on Victoria Street between Morris Street and the Highway.

(Moved by Armstrong and Hill).

Postponed reading of a by-law to regulate the hours of sale of local gas outlets. Mr. Langdon pointed out that the petition as presented by the garages and the by-law which he had prepared from it would mean that the complete shop of gas sellers must be closed. Fred Sinclair, who had presented the petition from the garagemen said was not their intention and that another petition correcting the misunderstanding would be presented later. Mr. Langdon said it was his opinion that Georgetown Motors, even though they maintained two separate outlets were only entitled to one signature on the petition rather than two. However, seven out of nine had signed it and this gave the required majority.

Asked the County to make repairs to King Street from the 9th Line to Union Street and on the 9th Line from King Street to Hunter's Inn. The cost will be somewhat over \$2500 and will be met out of the current ords budget.

(Moved by Maclaren and McCumber).

Councillors Cecil Davidson and James Goodlet were absent from this meeting, both being away on holidays.

Bailey-Aldham Wedding in Brampton

On Saturday, July 24th, at St. Paul's Church parsonage in Brampton, Rev. John McDermid united in marriage Marjorie Joyce Aldham, daughter of Mr. and Mrs. B. Aldham of Brampton and William Ronald "Ace" Bailey, son of Mr. and Mrs. John Bailey of Georgetown.

The bride wore a wedding gown of white lace with fingertip veil and carried a bouquet of red roses. Her bridesmaid was Miss Shirley Wright of Brampton, wearing pink tulle and net and carrying yellow rosebuds. The groom's brother, Jack Bailey was his best man.

For a reception which followed at the home of the bride's parents, her mother received wearing navy and white with a corsage of pink roses. The groom's mother wore powder blue and white and also had a pink rose corsage. Out-of-town guests at the reception included Miss Marjorie Kentner of Georgetown, Mr. and Mrs. A. Foley of Port Hope, Mrs. Fred Osborne of Toronto. Honoured guests were the groom's grandparents, Mr. and Mrs. Albert Bailey of Brampton, both of whom are 84 years old.

For travelling, the bride changed to a powder blue ensemble with white gardenia corsage. The groom's gift to the bride was a string of pearls and to the groomsmen a tie pin. The bride's gift to the groom was a ring and to the bridesmaid a compact.

Following a honeymoon trip the couple will reside in Georgetown where the groom is employed with Smith and Stone Ltd.
