**Lions Realize \$1015  
Lucky Draw Proceeds**

The final tally on the results of the Lucky Draw and Variety Show sponsored by the Georgetown Lions Club shows a net of \$1015 after all expenses were met, according to secretary Keith Barber. While much more money is needed to build the planned bandshell in the park this will provide a good nucleus. The Club hopes to make a start on the project this year.

**JOHN S. ALLISON DIES**

John Stephenson Allison passed away at Peel Memorial Hospital, Brampton on Sunday, July 18th in his 76th year, following an illness of about three years. For many years he was a rose grower at the Dale Estate, and had lived in the Brampton district for the past 30 years. Prior to moving to Brampton he lived on the 2nd Line west for 20 years. His wife predeceased him about 10 years ago. A member of the Presbyterian Church, he is survived by one daughter, Gwendolyn (Mrs. G. McKinnlay) of Montreal and one son Stanley of Hamilton. Funeral services were held on Tuesday from McKillop's Funeral Home to Hillcrest Cemetery, Norval, for interment.

**Greater Prosperity  
in Town and Country**  
Modern Massey-Harris Machines Increase Output per  
Man and give the Farmers Greater Buying Power

On Saturday nights all across Canada, the shopping centres of towns and smaller cities are crowded with farm automobiles and farm people. Side by side, with the town dwellers, farm people buy all kinds of consumer goods, from breakfast goods to broadloom rugs, from canned goods to cosmetics, from raising to refrigerators.

Time was when farm buying was more limited, when farmhouse furnishings were more meagre. The change is due directly to the increase in the buying power of farm families.

The reduction in operating costs and increased output per man effected by modern farm machinery gives farm families today more income from their operations in supplying agricultural products for home and export markets and more money for both the necessities and luxuries of life. Greater prosperity for all.

Massey-Harris, builders of farm implements for over one hundred years, has contributed in no small measure to this progress through the development of modern labor-saving farm machinery.
