RCAF RECRUITING RESULTS GRATIFYING

The RCAF has recently made known two schemes whereby qualified serving airmen are selected for entrance to university or the Canadian Services Colleges. Graduates will be granted Long Service Commissions in the RCAF (Regular).

Serving airmen desiring to enter the Canadian Services Colleges must be between the ages of 16 and 20 unmarried, physically fit for flying duties and must possess Junior Matriculation educational standing. Qualifying examinations in English, Mathematics and Physics of Senior Matriculation level are written prior to entrance.

These selected are sent to the colleges as "Leading Aircraftmen" with tuition costs, books, laundry, etc., paid by the RCAF. During the summer months, flying training is carried out and students are paid as Flight Cadets during this period.

Serving airmen who wish to take advantage of the university course, must have the necessary educational qualifications required by the university for entrance into the Science faculties. They must be unmarried and under 25 years of age, medically fit for flying duties, and must pass certain qualifying examinations. Airmen selected to attend university will proceed to universities in the acting rank of Sergeant with equivalent trade grouping to that held. If they hold higher rank already, they will be paid in such higher rank. All university fees, books, etc., will be paid by the RCAF. During the summer vacation period, candidates will enter the University Summer Training Scheme and be paid as Flight Cadets, for training as Pilots or Radio Navigators.

Personnel who do not possess the necessary educational qualifications are given every assistance to improve their academic standing while in the service. Educational officers at units assist the airmen in their studies and correspondence courses are provided free of charge.

The X in Xmas is not the letter X. It is the Greek letter Chi (chi) and stands for the abbreviation of the Greek word ΧΡΙΣΤΟΣ meaning Christos or Christ.

TERRA COTTA

Mr. J. Eire is doing a rushing trade drilling wells at present. R. J. Clancy's new pavilion and park seem to be the centre of attraction this summer and the grounds are crowded with cars most of the time. Mr. Clancy has a number of houses erected and is building more all the time. Success to you Rod.

Mr. R. J. Stringer who has been on the sick list for some time, we are now pleased to learn is on the mend and we hope soon to hear of his complete recovery.
