**Mackenzie News**

What perfect holiday weather this is. Makes you feel like taking a second vacation. Cheer up — Labour Day week-end is coming and maybe as well you'll be able to take a day off to go to the "Ex".

Does your house feel hot on warm days? That is a strong hint that you need insulation. Remember it keeps out the cold as well as the heat. Two inch batts cost only 55c per square foot and 3" are 7c per square foot. Granulated rock wool is \$1.30 per bag. You might persuade the younger generation that it is fun to crawl in under the eaves and thus save banging your own head.

See you at the "EX".
