

for men with some time to spare ...

It's a centre of activity-your local armoury, just humming with activity for men with a few evenings to spare. In the wide list of activities offered by the Canadian Army

Reserve Force, you'll find things to turn those odd free evenings into interesting and even exciting ones. You'll enjoy the full programme of social and sports events. You'll be "one of the gang"-with other Reserve Force men who are finding that the armoury is their personal "clubhouse".

All the latest equipment and weapons are now being used for Reserve Force training. The summer camp sessions give you the opportunity to get away and out into the open. To top it all, you will receive full Active Force pay for all time spent in training and camp.

"SEE FOR YOURSELF" by visiting your local Reserve

Force unit's open house, parades or demonstrations during Army Week, 20-26 September.

> Clifton Webb takes advantage of his position as a baby sitter in the new Twentieth Century-Fox comedy, "Sitting Pratty," to try his theories of child-training on Maser Roddy 'McCaskill. laugh-packed hit, which co-stars Webb with Robert Young and Maureen O'Hars opens at the Roxy next Monday.

BALLINAFAD

quite busy

Church services v sere next Sunday owing

Yep. Now you can once spain he fresh corn off the cob every all through the winter. Of course I will not claim the news this year will be told as cornily, (Poetic diction) as it was last year. Vic has left the old Alma Mater behind to go to U of T (Strictly for morons and the other schmoe Jo, has returned to GHS to waste another year, I will now try to bring you up to date on the important news since school opened.

day (Back to school) Bright and early there was literally thousands of anxious students (Using that term lookely), cramming degree. She will return to the sround the doors to get in. Then Health Unit in the summer of 1949, the doors were opened and the first In her absence, Mrs. Margaret Cutform glants were trampled under tier of Cedar Springs will be superfoot by the 2, 8, 4 and oth form visor of nurses. Mrs. Cuttier has students raring to get back at again. When everyone was settled in their seats they had to fill -in their prison admittance slip and were given a list of books they were to order (Of course hobody expects to have half their books by Christ- attend the course in nursing superthe dismissal bell was rung and University of Toronto. Miss Marleave the building.

at their desks ready for classes to ing from Hamilton General Hospibegin. Since then classes have been the same monotonous routine of previous years.

This year we have an ideal First Form. They consist of glants and giantesses - about four feet tall. As yet no water-guns, sling-shots, pea-shooters or other lethal weepons have appeared at school but we're still not giving up hope.

I'd like most to tell you about the new renovations which have taken place over the holidays. They have changed the school from an old dull building into a new dull building (Practically new that is).

There has been one blg change. The fifth form room has been changed into the commercial room with new desks, typewriters, a filing cabinet and other necessary regalia including lovely, gorgeous secretaries and Ken Mendham. This meant fifth form had to be put some place. So they turned a 2x4 on its edge, hollowed it out and there it was. I might mention it was previously used for gym and work room respectively.

Other changes include, a doorway between the commercial room and

tractions fit very well into the routine of the school and I hope they will enjoy their teaching years

STAFF CHANGES IN HALTON HEALTH UNIT

Miss M. Jennette Gillespie, who has been supervisor of nurses for Halton Hafth Unit since last March Ah, yes. Tuesday, September 7 has been granted leave of absence for a year to return to McGill University, Montreal, for a year to complete her Hachelor of Nursing had a great dear of public health experience, including the position of supervisor of nurses for Ebobicoke Township. .

Miss Lorraine Larsen, Oakville public health nurse, has resigned to mas). After all this was finished vision at the School of Nursing, many students could be seen shed- jorie Armour, now with the Peterding a tear as they were forced to borough City Health Unit, will replace her. ADVERTISE IN THE HERALD

An important weight in the balance of nature is the Prairie Chicken. By destroying weed seeds, grasshoppers and other insects, it makes the farmer's work easier and more profitable . . it helps protect the food you eat.

The Prairie Chicken is a fine game-bird too. Given fair protection, It thrives near farms and towns and can contend with its natural enemies. But bush-fires and over-hunting are two enemies it cannot successfully fight against. The Prairie Chicken needs our help in reducing these threats to its survival.

The Heath Hen, a close relative of the Prairie Chicken, has been extinct since 1933. The forces that exterminated the Heath Hen can destroy the Prairie Chicken unless we act now to protect it.
