Day and night, more dependable than ever

TODAY, telephones are four times as free  
from "trouble" as twenty years ago, and  
there are twice as many of them!

Each month 10,000 are being added so  
that soon all may have dependable tele-  
phone service and the security that goes  
with it.

This is being done in spite of rising costs,  
yet up to now there has been no increase in  
the basic telephone rates established 21  
years ago.

For you, this means greater value than  
ever before; for us, the satisfaction of pro-  
viding "the best telephone service at the  
lowest cost".

For his ever-increasing services to
