**The Lobby**

Last Tuesday our yearly election for the presidential leader and for the House of Representatives (our student council) was held. It was a great race to the finish with Ross "Baldy" Sykes becoming our president and Katherine Bingham, the head girl. Both are loyal subjects of GHS and when sworn into office promised to do their duty to the utmost, to be kind to dumb animals (including the rest of fifth form) and to keep up the old school spirit (His). The rest of the pupils voted in as Representatives of the various rooms are as follows:

Commercial - Ken Mendham, Marion Dickie.  
1st - Bill Arnold, Betty Conn.  
2nd - Joan Latimer, Albert "Abigail" Carter.  
3rd - Jim Fallow, Eileen Prust.  
4th - Jack Pettie, Joan Dobbin.  
5th - George McClure, Ruth McNally, Elizabeth Ireland, tied for the girl representative.

On the following Thursday the first meeting of this great legislative body, was held to decide on the year's activities and to elect a secretary, a treasurer and a Social Committee. After much silent deliberation (use your dictionary) and using the secret voting system the victorious ones were Kathy Thompson, secretary, and Jim Kirkwood, treasurer. (He promised not to expense more than 50 dollars) and a social committee consisting of Betty King, Betty Conn, Bill Arnold and Andrew Molozzi Jr.

After quickly dispensing with this end of the business, the few things to follow were half hour discussion on when the first dance was to be held and all the how, who and wherefores about it. I still don't know when they are to have it but there will likely be one next month.

The students fee is the same this year as last - fifty cents for 1st and second, 75 for the rest of the forms including the commercial class.

Field day is to be held two half days, Monday and Thursday afternoons of this week. Monday afternoon's contest of skill and brawn will be held at the High School Campus and will consist of pole vaulting, jumps, etc. On Thursday the races will be held in the Park. To coin a phrase used in last year's column: "The Girls are in fine shape". (P.S. The boys are a mess).

On Thursday night commencing at approximately 8 o'clock sharp there will be a wailer roast under the auspices of the Girls' and Boys' Guild (Student Council) of Georgetown High. It will be open for all morons attending GHS this semester (the teachers can come as well).

Several other proposals for the year were: a trip to the Museum and or a trip to the Royal Winter Fair, a dance, a skating party and maybe a dance.

We might add our own comments on this meeting even though they are not needed. There was too much time wasted talking about trivial things leaving many things indefinite. One thing is definite, though, that is there will be another meeting soon to decide something definite about the indefinite things (if there is anyone reading this column who understands the last statement please send in the explanation to us).
