## Chatting... With Anne

Always we have maintained the Georgetown children are the nicest we have ever known. One of my friends differed with me in this opinion, and said their manners were sadly lacking. To prove my point I would like to remark, we had a week-end guest from Quebec and the usual quota of boys were around the house, and our guest said it was amazing how well-mannered they all were. Seems to me a great deal depends upon the way the youngsters are treated by the adults as to how they get treated in turn.

A lot of changes around our corner. With the proposed closing of the lower paper mill, we find some of our friends leaving town, and all with regret leaving a place where they have worked so long. Mr. and Mrs. George Glassford moved into their new home on Union Street this week. We will miss you from our neighbourhood.

Sorry to hear Mrs. Sam Tennant is in hospital. We hope for you a speedy recovery from your suffering.

The ladies from St. George's Church held a rummage sale on Saturday. Hadn't given these affairs a great deal of thought until, talking with Mrs. V. V. Grant, discovered that in contributing to these little sales, we are giving in two ways. The money realized from the sales is used for Church work, and the exchange of articles at the sale gives many a person added pleasure besides giving them a chance to purchase some needed article at a reduced price. For myself I might say when taking in a few things I had to spare, I chanced upon a book of humorous verse which has given me great pleasure. So, our hats are off to the ladies again.

The children are reminding us that Halloween is on its way. Last year, owing to a party at the old town hall, there was very little mischief perpetrated. All the children have needed was the interest taken in their amusements and we have no trouble. We find the children taking great pleasure in listening to our record player. The Boy's Club, which was sponsored by Dr. and Mrs. Clifford Reid was a grand organization, and did much for the boys. I find that the children have a great deal of appreciation for the things we do for them. Their minds are full of a thousand ideas, their enthusiasms are unbounded. These days there is very little room in our garage for our car, it has been turned into a play-room and worship by the boys. Oh! Well! What is a car compared to a child's happiness?

Mr. Clarence Armstrong has left for Thorold where he will work in the papermill. Every day brings its happy moments and its sorrows. If you would increase your happiness forget those sayings which hurt you. Forget the peculiarities of your friends, and only remember the good points that make you fond of them, because they have to live with their own conscience. Do away, as far as possible, with all the disagreeable things in life. They will come, but only grow larger when you remember them. Obliterate the disagreeable things of yesterday, and write up on today's clean sheets those things lovely and lovable.

Let fate do her worst, there are relics of joy, Bright dreams of the past, which she cannot destroy; Which come in the night-time of sorrow and care, And bring back the features that joy used to wear. Oh, long be my heart with such memories filled, Like the vase in which roses have once been distilled. You may break, you may shatter the vase if you will, But the scent of the roses will hang round it still.

## Beauty Shop Proprietor Weds in Milton

Bruno Scisizzi, proprietor of Lillio's Beauty Salon and son of Mr. and Mrs. A. V. Scisizzi of Milton and Marjorie Bowering, daughter of Mrs. Elsie Bowering of Milton and the late Mr. Bowering, were married at the Roman Catholic rectory in Milton on Saturday, September 25th, with Rev. Fr. Larding officiating. The bride, who wore a white wedding gown and carried a bouquet of roses, was attended by Miss Irene Randall, groomed in pink. The groom's brother, Marigo Scisizzi, was groomsmen.

A reception for thirty guests was held at the home of the groom's parents. The couple left on a honeymoon trip to northern Ontario and will reside in Georgetown on their return.

## HIGH SCHOOL NEWS

Our field day is over and all our champions have been presented with a crown of Ivy (the poison variety). On two glorious afternoons, Monday and Thursday, the outstanding athletes of GHS resplendent in their shorts and other necessary vestments (that's French for vestments) of the well-groomed track star came forth to do their best in the various events which include jumping, pole-vaulting, etc. There was a large representation in all classes except the Senior Girls class which had only two deformed athletes in competition, namely Miss Kathie "Mighty Mousette" Thompson and Ingeborg Hauptmann. This was the outstanding struggle of the age with Kay becoming the Senior Girls' champ and Ingy coming in a close second.

Bill Arnold copped the Senior Boy's championship (Bill made a lovely 5-foot high jump which is mighty good in any man's language.) Don "Champ" Hutchinson took the Intermediate championship to the mighty sighs, swoons and exciting shouting of an admiring girl audience. Mary McNally in the face of terrible ordeals managed to salvage the Intermediate girl championship. The Junior boys and girls class had a large number of contestants and was a close race all the way but Bill MacCormack staved off all opponents to win the Junior Boys and Ruth McNally won the Junior Girls. Among all this competition there was an inter-form point race to see which is the most athletic class in the school. Well third form is it, 9A second, 9B third, 10 fourth, 5th and commercial fifth, with 4th the low dogs.

It rained Thursday morning but cleared up by noon hour to be a grand day and everything went as per schedule, that includes the Weiner Roast Thursday night. This was at the school rather than at the park as was previously scheduled.

The party began about eight-thirty shortly after a large proportion of the eager, hungry students arrived. A large bonfire was lighted and a crowd of about 80 or 90 students joined in the singing and games, till about nine-thirty. Then there was a scavenger hunt. The kids were sent after everything from railroad spikes and telegram blanks to pocketfuls of crushed stone and "Feed the Lions" barrels. By ten-fifteen all were back hungry and happy. Then followed a quiet interval of dancing in the school until the hot dogs were ready. In lining up for food hundreds passed out from lack of nourishment during the long wait. Cake and chocolate milk were served as well. There was plenty of food for all and after more dancing the party broke up about 12 o'clock to the tune of "God Save the King."

There is to be a school meet in Milton this Wednesday with Georgetown HTH participating, but more about it next week.

The list of winners of various events are:

Senior Boys: Pole vault—Jack Whitney; Shot Put—Keith Thompson, Ron Parker, Elling Berg; Running Br. Jump—

## Lions Entertain Dep.-District Governor

## Industries Close One Day Each to Save Hydro Power

### WAS MEMBER OF OLD GEORGETOWN FAMILY

Member of a prominent family in Georgetown's early days, Arthur C. Ranney, was buried in Greenwood Cemetery last Saturday. Mr. Ranney, who lived in Niagara Falls, Ontario, died suddenly while visiting in Niagara Falls, N.Y. Archdeacon W. G. O. Thompson officiated at the graveside service here. Mr. Ranney's grandfather was for many years a doctor in Georgetown, practicing from his home on lower Main Street. His father was also a doctor and died a few years ago in Port Arthur.

The Dohannairens played for dancing and the hall was beautifully decorated by Mr. Avery Kay Stockley and Jimmy Golden won door prizes and Mr. and Mrs. James Print of Brampton won the lucky spot dance.

### CHEST X-RAY SURVEY FOR RURAL HALTON

Beginning on Monday, October 25th a free mass chest x-ray survey will be held in the rural areas of Halton County. This survey will last 4 or 5 days and will be held in at least two centres in each township.

Last year mass surveys were done in each of the 5 towns. There were 12,560 people x-rayed. 29 cases of tuberculosis were found and 5 of these were active cases. By this survey much was accomplished in bringing tuberculosis under control. The benefit to those who were found to have the disease was also great. By early discovery of the disease their period of hospitalization and loss of earning power has been greatly reduced.

As was the case last year, this survey is a joint effort of the Halton County Christmas Seal Committee, the Ontario Tuberculosis Association and the Ontario Department of Health. This year, in addition, the Federation of Agriculture is also co-operating.

Meetings to organize the campaign in the various townships will be held very shortly and the dates and places of the clinics will be announced in the near future. Your contribution to the Christmas Seal campaign has made this mass chest x-ray survey possible. Even a small contribution may mean much to the health and well being of your community.

### ENGAGEMENT

Mrs. W. G. Sanderson of Elora wishes to announce the engagement of her daughter, Helen Jean, to Mr. Arthur Stamp, son of Mr. and Mrs. David Stamp, Glen Williams. The marriage to take place in Elora United Church on Saturday, October the sixteenth at two p.m.

With the cooperation of local industries, who have agreed to each shut down one day weekly, and domestic and commercial consumers the majority of whom are keeping a close check on power used, the local Hydro Commission is hopeful that power interruptions in Georgetown may be avoided. At the same time, they warn that the quota which amounts to about two thirds of normal consumption, must be rigidly adhered to and householders particularly are asked to save wherever possible. The commission has been ordered to pull switches at any time if this quota is exceeded.

Last week, industry representatives met with the commission and drew up a two-week schedule of shutdowns. This week, Provincial Coating were closed Monday, Provincial Paper yesterday and Alliance Paper today. Smith and Stone will shut down tomorrow and on Friday the following will be closed—Lavole Knitting Co., Wilfred Lavole and Son, Harley-Kay-Marsland, Georgetown Lumber, J. B. Mackenzie and Son, Clay Products, Henry Davis Wood Products, and Beaumont Knitting Mills. Next week's schedule is: Monday, Provincial Coating; Tuesday, Smith and Stone; Wednesday, small industries; Thursday, Alliance; Friday Provincial Paper. These industries will be permitted to make up time lost on Saturday, Sunday or from midnight to 7 a.m.
