**Rural X-Ray Clinics Held Next Week**

From Monday, October 25th, to Friday, October 29th, the residents of the rural area of Halton County will have an opportunity for a free chest x-ray. This is part of the Dominion wide campaign for the control of tuberculosis and is, in part, financed by the purchase of Christmas seals. It is a cooperative effort of the Halton County Christmas Seal Committee, the Ontario Tuberculosis Association, the Halton County Federation of Agriculture and the Halton County Health Unit.

A series of organization meetings have been held in all Townships and interested community groups will make a house-to-house canvass to explain to the people the need for a chest x-ray. Clinics will be held at the following places:

Nelson Village, October 25th, 1.00 p.m.—5 p.m., Union School, Trafalgar (17 Ash.), October 25, 7 p.m.—10 p.m.; Kilbride, October 26th, 1 p.m.—5 p.m.; Campbellville, October 26th, 7 p.m.—10 p.m.; Brookville Hall, October 27th, 1 p.m.—5 p.m.; Limehouse Community Hall, October 27th, 7 p.m.—10 p.m.; Norval Community Hall, October 28th, 1 p.m.—5 p.m.; No. 9 Coopers School, October 28th, 7 p.m.—10 p.m.; Palermo, October 29th, 1 p.m.—5 p.m.; Bronte, October 29, 7 p.m.—10 p.m.

At these clinics no appointment is necessary. Even though the canvasser may not call at your home, you are welcome to attend. There is no waiting. Over 100 per hour can be x-rayed at these clinics. There is no undressing. There is no charge to anyone.

Who should be x-rayed? Every adult should be done regardless of age. Even among very elderly people occasionally infectious cases of tuberculosis are found. Up to the level of 8th grade it is not considered necessary to x-ray children, since cases of tuberculosis of the lung are rarely found. However, if there has been any contact with a case of the disease, the child should be x-rayed. Children in 8th grade and above should be x-rayed since it is in this age group that the cases most frequently appear. Many people were x-rayed in the survey carried out in our towns last year. Have another x-ray of your chest done this year. A routine periodic x-ray is excellent insurance for your continued good health. Many firms x-ray all their employees each year.

Why have an x-ray? Everyone should have a chest x-ray for two reasons. One is for your own protection, the other is for the good of the community. By x-ray, tuberculosis is found in its earliest stages, long before the individual is aware he is ill. When found at this stage the period of hospital care and loss of earning power is much reduced. If the individual goes on until he is ill enough to seek medical attention, his period of stay in hospital will be greatly increased and, indeed it might be more difficult to cure the disease. By finding a case of tuberculosis early, the further spread of the disease from the patient to other persons in the community is prevented. Approximately 1000 Ontario citizens die each year with tuberculosis. They die because they are advanced cases and were x-rayed only after serious physical break-down. Had they been x-rayed in the early stages of the disease when they were feeling well and unaware of their condition, sanatorium treatment could have restored them to health, family and happiness.

Here, then, is your opportunity for a free chest x-ray. You will not have a similar chance in this county for another four or five years. Be wise, take advantage of this service.

**UNITED CHURCH NEWS**

Regular morning worship was conducted in the Georgetown United Church on Sunday by the Rev. John M. Smith, minister. The lesson was read from St. Mark's Gospel, chapter 4, verses 1-20. Basing his remarks on verses 7 and 8 of the 95th Psalm Mr. Smith spoke on the subject: "Harden Not Your Hearts" in which he pointed out that amid the many clamouring voices appealing to men to consecrate themselves to this or that philosophy of life there still could be heard the patient, persistent, and unchanging voice of God calling men to do His will. The voice of God, he said, is speaking. It is up to men to listen and respond in humility and contrition. The choir under the direction of Miss Lynda Stewart sang the anthem "The Lord is Exalted."

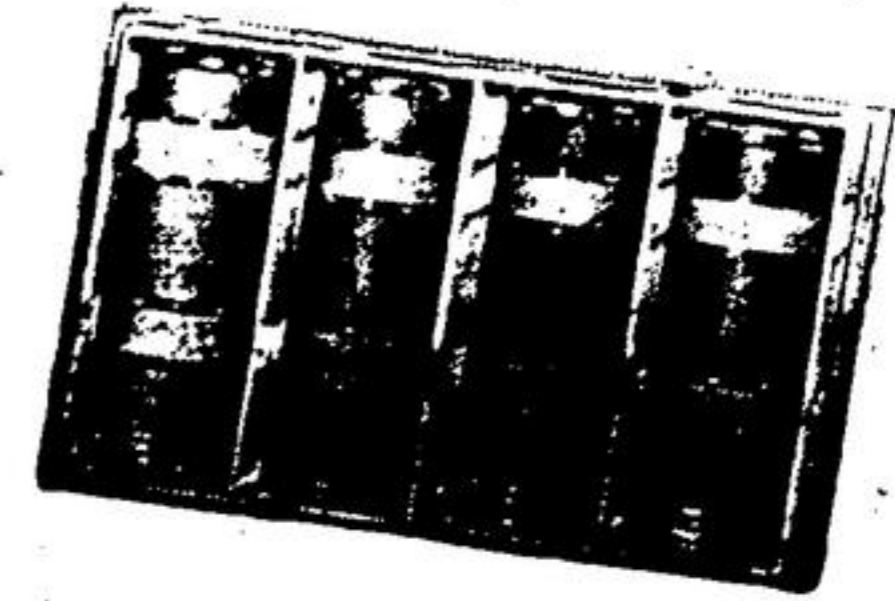

It was announced that the Anniversary Service will be held on Sunday, October 31st when the Rev. N. J. Truax will be the guest speaker.

Owing to the repair work being done in the Sunday School room and entrance Sunday School met in the church auditorium. It is hoped that by Sunday, Oct. 31st, the regular meeting place and class space will be available.

There's a big Story  
 IN GEORGETOWN'S NEW TELEPHONE BOOK

It's the story of 4,790 new and changed listings... a story of growth and development which enlarges the scope, and therefore the value, of your telephone.  
 Behind this story is one which is still bigger — a story of millions of dollars being spent to add new telephones, switchboards and buildings as quickly as possible so that you may continue to have the best telephone service at the lowest cost.

'You'll find me in the book!' Most people are listed in your telephone book. It saves time and annoyance to make sure of a number by looking it up first. Call "Information" only if the number you seek is not listed in the book.
