**Wilson-Lawson Wedding in Milton**

Standards of white and yellow pom-poms decorated Knox Presbyterian Church, Milton when Norma Margaret, daughter of Mr. and Mrs. Norman Lawson, became the bride of Cameron Andrew, son of Mr. and Mrs. R. Thomas Wilson, Rev. E. J. Phinn officiated.

Given in marriage by her father, the bride wore a gown of brocade satin, nylon yoke trimmed with lace and pearl clasps, fitted bodice and hooped skirt, the front caught with satin bows revealing lace petticoat underneath; the back forming a slight train. Her fingertip veil was held by orange blossoms and she carried a cascade of red roses.

Mrs. Hugh Beaty was matron of honour. She wore a gown of blue corded tulle with fitted bodice, hooped skirt, matching headpiece and mittens. She carried a nosegay of mixed flowers. Miss Isabel Wilson was bridesmaid wearing a gown of corded pink tulle with fitted bodice, hooped skirt, matching headpiece and mittens. She carried a nosegay of mixed flowers.

Mr. Stanley Roberts played the wedding music and accompanied Mrs. Stewart Lockie who sang "The Lord's Prayer" and "Through the Years."

Mr. Wilson McDowell was best man. The ushers were Cleve Wilson, cousin of the groom, and William Lawson, brother of the bride.

The reception was held at Shady Ridge, Lowville. The bride's mother received in navy blue and white check cloth with black accessories. Her corsage was deep pink carnations. The groom's mother assisted wearing grey crepe with black accessories, her corsage being deep pink carnations.

After the reception, the couple left on a motor trip to U.S.A. and later will reside on the groom's farm near Milton.

**MOHAWKS STILL LEAD BOYS SOCCER LEAGUE**

The Mohawks are still the strongest team in the Norval soccer league with two wins and two ties. Iroquois have won, tied and lost in three games played and Hurons have tied one and lost two.

Last Monday Jamie Cunningham scored two goals when Iroquois won a 2-0 victory over Hurons. The Hurons were downed again on Wednesday 2-0 this time by Mohawks, with Sho Teramoto scoring both goals. Friday's game was rained out.

**HALTON JUNIORS STAGE ANNUAL PUBLIC SPEAKING COMPETITION**

The annual Public Speaking Competition and Amateur Entertainment contest of the Halton Junior Farmers was held in the High School, Milton, on Friday evening, November 5th.

A well balanced program was presented under the chairmanship of Miss Ismay Kean, vice-president of Halton Junior Farmers.

Palermo Junior Farmers were awarded the first honours in the Amateur Entertainment Contest, with Milton Juniors second and Acton in third place. The judges were Mrs. R. S. Adams, and Messrs. T. A. Hutchinson and Geo. E. Elliott; had five contestants to consider in the Public Speaking contest. The speakers and their respective subjects were as follows:

Veru May, of the Milton Juniors — "Hydro for Agriculture"; Eleanor Stark, of the Norval Juniors — "The 1948 Lincoln County Bus Tour"; Jean Patterson, of Palermo Juniors — "Food"; Joan Somerville, of Acton Juniors — "Recreation"; David Pelletier, of Palermo Juniors — "Youth and Its Responsibility".

The first award for the girls was awarded to Ivan Somerville of Acton, who with David Pelletier of Palermo, will now represent Halton Juniors in the District competition to be held at the Waterdown High School on Monday, November 15th, at 8:00 p.m.

Halton rural people may well be proud of the young people participating on the programme at the Milton High School on Friday evening, and as a matter of fact in the calibre of the young people in general who made up the audience. One would travel far to run across another audience rural or urban of 150 young people who would rate as high. To what extent Junior Farmer work or Church Young People's organizations have been responsible for their development we do not know, but definitely their home training has been excellent, which augers well for the future leadership of rural Halton.

**MORE TELEPHONES + SERVICE IMPROVEMENTS**  
 GREATER VALUE TO EVERY TELEPHONE USER

In two short years we have added over 257,000 telephones, put in hundreds of switchboards and trained thousands of people to extend and improve your telephone service.

We are adding more telephones to meet the continuing demand for service just as fast as equipment becomes available.

All this is being done in the face of rising costs. Yet, up to now, there has been no increase in the basic telephone rates established 21 years ago.

For you, this means greater value than ever before for us, the satisfaction of providing "the best telephone service at the lowest possible cost".

**Bethel Church Host to Halton United WMS**

"Building Together" was the theme for the Sectional meeting of Halton Presbyterial of the Woman's Missionary Society, held in Bethel United Church on Tuesday, October 26th. Mrs. Walter Brownridge, first vice-president of Halton Presbyterial was in charge of the meeting.

Representatives were present and gratifying reports were given at the morning session from auxiliaries, Mission Circles, CGIT Groups, Mission Bands and Baby Bands. Many helpful suggestions were exchanged to meet the needs of the different groups.

At the morning session the Ballinacree auxiliary were in charge of the devotional period. Miss B. Hiltz read from Nehemiah 4 and in her talk which followed she emphasized that we should build walls against enemies such as gambling, liquor, and smoking. By trusting and working together we will build a Christian brotherhood, citizenship for Canada and a Christian world. Mrs. J. Kirkwood closed with prayer.

Mrs. Wood of the Milton Evening Auxiliary led the devotional period for the afternoon. After reading passages of scripture from Ephesians and 1 Corinthians Mrs. Wood stressed that a common love of Christ should unite us all in our thinking, working, and living. Costly "Spite Fences" have been built between nations and these can only be overcome by the great leavening agent—the Love of God. We must learn to build and work together. Let us be sure we are building on the true foundation — Jesus Christ.

Miss K. Rutherford, a missionary on furlough from Africa, was guest speaker for the afternoon. She outlined the system of education from the village school to the passing of the government examinations. The better types of school are the consolidated schools. Each family goes to the school grounds and builds a grass or mud hut for their own children who plan to attend school. A committee is appointed to supervise the cooking and serving of food.

Mrs. H. Bird's much appreciated solo and a very lovely duet by Mrs. H. Caldwell and Mrs. Pickering of Acton, added much to the theme of the meeting.

Before the lunch hour helpful conferences were held to discuss problems in the different departments.

The ladies of Bethel W.A. served a delicious hot dinner.

**HANDS AT WORK...**

ONTARIO'S products are desired and purchased by people all over the world and the capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into the Province, we all are more assured of job security... and we and our children can have more of the better things in life. To produce such goods in sufficient quantities, skilled labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by industry. Veterans receive ON THE JOB training under expert instructors in our Ontario factories.

This training, provided through the co-operation of the Department of Veterans Affairs, the Federal Department of Labour and the Ontario Department of Education, starts veterans off on the road to skilled craftsmanship. Taught to use their hands in general aero engine and airframe work, both on military and civilian aircraft, these veterans may qualify for a Department of Transport license authorizing them to declare aircraft airworthy. In aircraft manufacturing plants and on flying fields throughout Ontario, these newly-skilled veterans will have the opportunity to apply their talents and training. Their efforts will help to make Ontario a fair place in which to live and will contribute to the welfare and happiness of all her citizens.

**LEARNING AERO ENGINE AND AIRFRAME MECHANICS**

**AERO ENGINE MECHANICS**

H. Parry, 25, of Oshawa, Ontario, a Canadian Army veteran, is shown making an adjustment to the engine of a Cub Trainer. Students work on various types of aircraft ranging from the Cub Trainer to multiple engine military aircraft.

Many veterans, trained as ground crew specialists during the war, have chosen to take post-war training in this occupation for which they are particularly suited. For them the transition to peacetime employment has been easier.
