erintendent, Ontario Reformatory,
Brampton.
CHAS. WILLSON, Clerk

Clerk's Notice of First Posting of Voters' List, 1948

Voters' List, 1948, Municipality of
Georgetown, County of Halton
Notice is hereby given that I
have compiled with Section 8 of
the Voters' List Act, and that I
have posted up at my office at
Georgetown, on the 26th day of
November, 1948, the list of all per-
sons entitled to vote in the said
Municipality at the municipal elec-
tions and that such list remains
there for inspection.
And I hereby call upon all vot-
ers to take immediate proceedings
to have any errors or omissions
corrected according to law, the last
day for appeal being the 17th day
of December, 1948.

HANDS AT WORK... for ONTARIO

LEARNING MACHINE ASSEMBLY

ONTARIO'S products are desired and purchased by people all over the world and the capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into this Province, we all are more assured of job security... and we and our children can have more of the better things in life. But to produce such goods in sufficient quantities, skilled labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by industry. They receive ON THE JOB training under expert instructors in our Ontario factories.
This training, provided through the co-operation of the Department of Veterans' Affairs, the Federal Department of Labour and the Ontario Department of Education, starts the veteran on the road to skilled craftsmanship. In assembling business machines, for example, veterans must have a thorough knowledge of electricity and must learn to perform intricate work on precision machines having thousands of separate parts. These Canadian-made business machines are sold in all parts of the world, creating new wealth for Canada and Ontario. Therefore every effort of these newly skilled veterans helps to make Ontario a finer place in which to live and contributes to the welfare and happiness of all her citizens.

MACHINE ASSEMBLY
John N. West, 25, of Toronto, a Royal Canadian Navy veteran, is shown here making an adjustment to one of the 10,000 parts in a business machine designed for a New Zealand firm.
Various types of business machines are produced in Ontario factories. Because of their intricate mechanisms it is essential that these machines be checked by expert craftsmen at every stage of their production.

THE BREWING INDUSTRY (ONTARIO)
