

Chatting

As you've doubtless already noticed, the heading of this column is different, and from now on we'll just be "Chatting." The "With Anne" part is missing because Mrs. Anne Watkins, our popular predecessor, is in the process of leaving Georgetown. At present, she and son David are staying with her parents at Erin, but later on Mr. and Mrs. Watkins will be living on a small farm situated between Alton and Orangeville. Ann's column was widely read and her fans will be missing her. In fact, her "chatting" was so well liked that the editor still wants to continue the feature, and we're going to do our best to take her place.

JUST the other day, talking across the backyard hedge with our neighbour, Mr. A. G. M. Bruyns, he was telling us that his son, Dr. Alex Bruyns, is now living in Tweed. Dr. Bruyns is a veterinarian who lived in town with Mr. and Mrs. Bruyns for a time, and before moving to Tweed, practised in Calgary, Alta. Dr. and Mrs. Bruyns, with their two little boys, Alexander and Terry, should enjoy living in what we've always heard is one of the prettiest little towns in Ontario. Incidentally, Tweed is just north of Belleville.

AND while we're on the subject of people who used to live in Georgetown, the High School students who recently enjoyed an expedition to the Royal Ontario Museum in Toronto, were surprised and delighted to meet a former G.H.S. teacher, Miss Elizabeth Penson, while on tour. Miss Penson is doing part-time lecture work for the Museum, and on that particular day was lecturing on paleontology and zoology. Miss Penson taught science at the High School for a good many years, before she retired from the staff and with her sister, moved to Toronto. Last year

Miss Penson taught again in Georgetown for a couple of months, during the absence of the regular science teacher.

MR. Alas Prouse, a member of the present staff at G.H.S., was honoured at the annual meeting of the Toronto Suburban High School Teachers' Association by being elected 2nd Vice President of the Association. Mr. Prouse attended a meeting of the Executive in Toronto on Saturday.

STROLLING up Guelph Street last week, we noticed Kay Bludd and Ken Hulme waiting on customers in what was formerly Clark's Grocery Store. Although she hasn't had time to think up a new name for the store, Kay is the new owner, having purchased the business from Cal Clark a couple of weeks ago. She's a busy woman these days operating two stores, for we understand she still has her confectionery store in the Exchange Hotel.

REALIZE it might be "old news" to some of our readers, but others, like ourselves, might still find it "new news", to know that the manager of Alliance Paper Mills, Ltd., Mr. Clifton Boutelle, has moved into the house on King St. formerly occupied by Mr. and Mrs. William Milliere. The Millieres are now living across and up the street from their former home, in the brick house next to the Hyde Parker's.

WE'RE sorry to hear that Miss Joan Lavoie, who had planned on entering the Kiwanis Music Festival now being held in Toronto, is unable to do so, because of a bad attack of the flu. Joan has been training for several years, has a lovely voice and we feel sure she'd have done extremely well. Mr. W. E. Capps, Brampton, who is music instructor at G.H.S., has entered two of his pupils in the competitions, and both were gold medalists.

NO wonder Dick Crichton is looking particularly happy these

days. He's being married next Saturday to attractive Shirley Walker of Brampton, and they're going to live in one of the Berwick Hall apartments. Dick, a graduate engineer, is with Smith & Stone Ltd.

IT'S always good to be able to tell of people getting well, so you'll be glad to hear that Mrs. Leigh Bradbury, wife of one of our hockey stars, is home from the hospital, and out and around again after her recent illness. And also that Mrs. Bruce McIven, also recently in hospital, is back in town again, and progressing favourably.

WE bear some of the camera enthusiasts in town have a yen to get together and form a club. Sounds like a wonderful idea. Photography is a fascinating hobby, where there's always something new to learn. In a club the interest will become intensified. Hope the club really becomes active.

MOST recent people from town to visit New York City, were Mr. and Mrs. Leonard J. Bell, who spent a week there. Also travelling recently were Mr. and Mrs. Stan Finlay and Mr. and Mrs. "Bud" Matson, Brampton, who spent the weekend at the General Brock, Niagara Falls. Marg tells us the Falls are being illuminated again, and needless to say, as beautiful as ever.

NEVER can tell when you'll run into someone from Georgetown. Several couples from town attended a dinner and dance as guests of the Electrical Wholesalers' Assoc. at the Club Kingsway last Thursday, and who should we run into out Jack Foulis. Jack, the son of Mr. and Mrs. R. B. Foulis, is operating his own business in Toronto, manufacturing stoves, toasters, etc. Jack seemed just as surprised to see Georgetown people there as we were to see him. Incidentally the party from town included Mr. and Mrs. Wilf Ford, Mr. and Mrs. John Bell, Mr. and Mrs. Bus Binkley, Mr. and Mrs. Bill McNally,

STEWARTTOWN

A successful euchre and dance was staged last Friday evening in Esqueving Community Hall under the auspices of Stewarttown AYPA. Twenty four tables of euchre were in play and prize winners were Mrs. W. Fidler, Mrs. S. Milham, Mrs. D. Lawson, and Mr. E. O'Brien. The door prize was won by Mr. W. Hulls. After cards, refreshments were served and the remainder of the evening spent dancing to the music of Doris Hulls' Orchestra.

A committee of seven ladies met at Mrs. Baily's home last Wednesday to plan the program for the World's Day of Prayer service which will be in St. John's Church next Friday, March 4th at 3 p.m. Mrs. Mortram, returned from Guelph General Hospital last Wednesday. Although not able to walk yet she is very much improved and hopes to be around again soon.

The W.A. held a quilting meeting at Mrs. C. Smith's home Thursday afternoon.

The W.I. met at Mrs. H. P. Lawson's home for a quilting.

Happy Birthday to Mary Lawson and Betty Ann Henderson both on Wednesday of this week.

Mr. and Mrs. Jack Malcolm, Mr. and Mrs. Ray Salter, and Mr. and Mrs. Walter Biehn.

M. H. B.

100 Hp. V-8 ENGINE

OWNER-APPROVED POWER AND ECONOMY
Already, owners have driven millions of miles in their new '49 Fords. They've proved that the advanced Ford V-8 Engine with Equa-Flu Cooling and new "Dasp-Breath" Manifold gives up to 10% more gas economy! And they're enthusiastic about the new, smoother performance and big-car driving "feel" that come from Ford's exclusive "Equa-Pulse" Power design!

OWNER-APPROVED "MID SHIP" RIDE
Everywhere you'll hear owners talking about that new, road-hugging Ford "feel"—so sure and steady, even in a cross wind. Now you ride between the wheels in the low-cradled centre section of the new Ford's 59% stronger "Life-guard" Body.

OWNER-APPROVED "HYDRA-COIL" FRONT SPRINGS
Let the wheels "step over" the bumps! And owners marvel at the soft, level rear-seat ride given by the new Ford "Para-Flex" Rear Springs.

FRESHLY AWARDED
The Fashion Academy of New York has chosen the '49 Ford to receive the Fashion Academy Gold Medal after 1949 automobile models of all makes and in all price classes had been carefully studied from the standpoint of excellence in design, simplicity, and feminine style appeal. This recognition stands as a tribute to the work of Ford's Styling Department.
