## Pipe Band will be Lions Convention Feature in New York

Three years ago the Georgetown Girls Pipe Band was among the attractions at the Lions International convention in Philadelphia, when Walter Fisher of Queenston, Ont. was elected vice-pres. of the Lions. The girls made such a hit with the delegates that this year, when it is expected that Mr. Fisher will be chosen president of this great organization, an invitation has again been extended to the band to be a feature of the program in New York City in July. This year the convention will feature Canada and the band will take an important part in the "Canada Night" show in Madison Square Gardens which will be produced by Jack Arthur, top Canadian show producer.

District "A" of the Lions, which contains Georgetown among its forty odd clubs, has donated \$600 towards the cost of the trip, and as a means of raising the extra funds necessary, an entertainment is being planned at the park on June 10th. Lucky draw admission tickets are being sold at present by the girls of the band and the Lions, with a large list of prizes donated by Georgetown merchants.

The Pipe Band have a heavy summer booking which with the New York trip comprises 3300 miles of travelling. Most of this will be done in the bus which the band bought last year and paid for through proceeds of their skating carnival. The New York trip may be by air, as it is difficult for many of the band members to be away from work for too long a time. They will return to the States later in the summer, this time to Detroit, where they will be featured at the Highland games. Also booked are London tattoo, Labor Day at Merriton, July 12th at Fenelon Falls, Port Elgin, Tecumseh Centennial, Leaside, and fall fairs at Rockton and Milton.

Another trip which is in the off-

ing is one to the Calgary Stampede as part of a special party from Toronto. No definite offer has yet been received but it is understood that Toronto municipal officials are interested in having the band along in the party which is a return visit from Toronto after the "Invasion" of Toronto by the Calgary football fans last year for the East-West football finals. The Calgary trip would be taken by special train.

"I'm strong for  
**Brantford Roofing Products**

A smart dealer knows that customers talk. He wants them to be completely satisfied so they'll recommend him to their neighbours. And that happens often with Brantford Roofings.

"The Brantford Roofing Company is Canadian. It has over 40 years of manufacturing experience. Believes in high quality. And stands solidly behind its products. That combination's unbeatable!"

PARDON our pointing... with pride.

But it's an event when the number of bank workers passes the 40,000 mark—as it did last year. That's 65% more than before the war.

It's an event, first, because it shows the increased use of Canadian bank services...

More deposit accounts: now over seven million.

More funds: customers' deposits now reach nearly seven billion dollars. More services: to farmers; to personal and small-business borrowers; to war pensioners; to people receiving Family Allowances.

It's an event, too, because of the kind of men and women who have joined our ranks. Eager to get ahead, they are finding in banking an interesting job, a challenging career. They can tell you how important privacy in banking is to the Canadian way of doing things.

## TURNING THE PAGES OF "CANADA UNLIMITED"

In early Canada, the flickering fire from the hearth gave the habitant his only light.

Lamps burning animal and fish oil gradually came into use during the 17th century. In 1759, by order of the Governor, citizens had to carry lamps when they went out at night.

Gas was hailed as a great advancement when it was first used for lighting in 1841 in Toronto. 36 years later, Montreal harbour-front saw the first electric lights—and a new era was born. Today, even in remote country places, homes and buildings are efficiently illuminated by electricity.

Now the uses of light are many, from decoration to display, and each new use opens up many more. In the application of lighting to our life there is a shining future, with great opportunity for Canadians. Yes—there's room to grow in Canada Unlimited.

Just how much room is told in "Canada Unlimited", an illustrated 144 page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. NS-9, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies received will be donated to the Canadian Citizenship Council.

**O'Keefe's BREWING COMPANY LIMITED**

\*A council of service, welfare, church, labour, fraternal and other organizations whose aim is to acquire new Canadians with the opportunities offered by democratic citizenship in Canada.
