**Medical Students Serve With Halton Health Unit**

The Faculty of Medicine and the School of Hygiene, University of Toronto, have begun a new venture in public health teaching for undergraduate medical students.

The medical students in their senior years are being offered summer field work in public health. Selected students, assisted by scholarships, will serve summer internships with health departments. Some of these students, on graduation, will make public health their career. Many, however, will go into other fields of medicine. It is hoped that, by their experi-

ence with health departments, they will carry into their practice of medicine a preventive attitude.

Last year, in a trial, one medical student served an internship with the East York Leaside Health Unit in suburban Toronto. This year, for the first time, students are being sent into the rural areas.

Halton County has the honour of having the first of these medical students in a rural area. Mr. W. H. O. Matthews, of Toronto, a 5 year veteran of the Royal Canadian Air Force, reported to Halton County Health Unit on June 1st. Another student will arrive on July 1st.

Halton County Health Unit is being used more and more by the Provincial Department of Health and the University of Toronto as a training centre for students in all the various branches of public health.

**CONSERVATIVE RALLY IN GLEN WILLIAMS**

Last Thursday in the Glen Williams Town Hall, Miss Sybil Bennett, K.C., held her first campaign meeting when she addressed a well attended rally sponsored by the Glen Progressive-Conservative Association. Miss Bennett was introduced by Fred McNally. Entertainment was supplied during the evening by Gall Wheeler and the Marchmont brothers and refreshments were served. Leonard Marchmont was chairman for the evening.

**MATTHEW CHURCH HIGHLIGHTS**

The pastor's subject for the morning service was Justification. He used as his text Romans 5:1. Therefore being justified by faith we have peace with God through our Lord Jesus Christ. Justification has been thought of as a theological term. If we read it thus it may have a different meaning. Therefore, being made right by faith. All have sinned. Realizing this, if we repent and believe in Jesus Christ by faith we are made right before God.

God said, I will not justify the wicked. The meaning here is, that as long as people continue in their wickedness they cannot be made right before God. The wicked know not Christ. Justification is not obtained by works. Justification is gained by faith and then, works prove our faith.

A sinner is born again, born of the spirit, made a new creature. It is justified or made right before God through faith in His Son.

The evening subject was, Obedience. The text was taken from Hebrews 11:8. When God called Abraham to go into a new land he obeyed. He went forth and God blessed him as he went.

Many have been called out in a similar way. William Carey was called to go to India and became the first missionary in that land. David Livingstone was called to leave home and go to Africa. He planted the gospel there. These men obeyed and God blessed them. Paul was obedient to the call of God and became God's special messenger to the Gentiles.

Abraham's patience has given the country to which he went the name of the Holy Land. His faith has blessed all nations of the world.

Our religion and Abraham's may be called by a different name, but both are rooted in God. As Abraham went forward in faith, so the followers of Christ must go forward with his gospel. Christianity has its source in the mountain tops of God's grace.

God is calling us to get up, out of our narrow, selfish, fearful little groove, into a larger plan of Chris-

**NASSAGAWEYA TOWNSHIP COUNCIL MEETING HELD**

At the meeting of Nassagaweya Council on May 30th, the road superintendent was instructed to obtain approval from the Department of Highways for road construction work on Lot 29 between concessions 4 and 5. The north end of the roadway will be constructed and tenders called for building a bridge at this location.

George Thomas was reappointed weed inspector for the year. The tender of Cox Construction Co. was accepted for supplying crushed gravel and delivering approximately 6000 cubic yards on township roads.

**GEORGETOWN NATIVE DIES IN BRAMPTON**

A native of Georgetown, George Cook Reid died at his home in Brampton on May 24th, in his 81st year. He was a son of the late Mr. and Mrs. Henry Reid. He had lived in Erin, Guelph and Toronto before moving to Brampton four years ago.

He is survived by his wife, the former Mary C. McClure, whom he married in 1905, and one sister, Mrs. James Leslie of Guelph. Funeral services, conducted by Rev. R. H. N. Davidson, were held in Brampton with interment in Brampton Cemetery. The pallbearers were five nephews, Robert Root, London; Clayton Root, Toronto; Harry Leslie, Rockwood; Don Naylor, Detroit; and Oliver McClure, Brampton.

**ATTEND GRADUATION AT MACDONALD HALL**

Miss Helen Cleave, daughter of Mr. and Mrs. Wilbert Cleave of the Norval Road was among the graduates of the Home Economics course at MacDonal Hall, Guelph, this year. Attending the graduation ceremony in Guelph when she received her diploma were Mr. and Mrs. Wilbert Cleave, Donald and Marion, and Mrs. Isabel Cleave of Georgetown.

**New Names in the NORTH**

THERE'S new activity in Ontario's bushland north of Lake Superior. Marathon and Red Rock, Terrace and Heron Bay; they all tell the same story. New towns have arisen, old ones expanded. Only five years ago on the site of Marathon, for example, there was nothing but bush; today a new community beside a new pulp mill is contributing millions to Canada's export trade.

Such spectacular developments in the north are matched by continuing industrial expansion in the older established communities. Throughout Canada today ever-widening avenues of opportunity await the enterprise of young Canadians.

With newsprint production 50% above pre-war levels, Canada today has an output five times that of any other country, and accounts for three out of every five newspaper pages in the world.

"Canada is a land of opportunity... There is a field for almost anything one can think of, and anyone with a willingness for hard work has a good chance to achieve success", says Donald J. Smith, President of Hornet Industries Limited, Guelph, Ontario.

Hornet Industries Limited, which was founded in 1945, has in this short time achieved remarkable success in the manufacture of chain saws and combustion engines. More than half the production of the plant reaches markets outside Canada. From a staff of only a half dozen men in 1945, Hornet Industries Limited has expanded to three plants in Guelph, employing 236 workers.
