MACKENZIE NEWS

—The theme song of the week should be Water—Cool Water. The buy of the week is 1/4" Ten-test outside sheathing. This takes the place of wood sheathing, is cheaper in price, easier to put on and provides added insulation. At the price of \$85.00 per thousand it is good value for your money. See you reclining in a deck chair, or better still a hammock — if you can find one.
