NEW TEACHER HIRED FOR PUBLIC SCHOOL

Miss Norma Weatherhead of Lucknow has been engaged as Grade 6 teacher at Georgetown Public School for the coming term. Miss Weatherhead will replace Mrs. Edna Tapp who has accepted a new position in Gravenhurst. She was one of four applicants interviewed on Monday night at a meeting of the Board of Education. Miss Weatherhead has had nine years teaching experience, the last five years as principal of a two room school at Alton. Prior to that she taught in a country school near Stayner. She is a graduate of Stratford Normal School and is a member of the United Church.

TODAY WE LIVE IN CANADA

New Signs in the Sky...

A distant hum and a flashing streak in the outer sky announce another exciting Canadian achievement—a new jet plane designed and built by Canadians—one more example of the meteoric advances made by Canadian skills and manufacturing abilities.

In Canada, too, giant airliners, which have won international recognition, are now being built for the world's air routes of today and tomorrow.

Today our production—both in extent and variety—has attained heights undreamt of even ten years ago, creating new opportunities in every field of activity for the talents and enterprise of young Canadians.

Increase of air traffic; today Canada's commercial aircraft carry more than four times the number of passengers and three times the amount of mail they did in 1939.

"Countless New Opportunities..."

"I sometimes find it hard to realize the extent and rapidity of our plant's growth. It has all been based, of course, upon the tremendous expansion of Canadian industry in general, which has created countless new opportunities in every field of activity for the energy and enthusiasm of young Canadians." —says HARRY J. SEHL of Kitchener.

The development of Sehl Engineering is a typical Canadian success story. Only 13 years ago, Mr. Sehl, with one assistant, began operating a small tool and die shop in Kitchener. Its expansion has been spectacular, with new lines of production added, new departments established and new plants built. Today the company, with 90 employees, is fast becoming one of the leading metal producing concerns in the country.

BALLINAFAD

The annual congregational picnic was held on Saturday at Old Mill park in Guelph. There was a good attendance and many enjoyed a cool dip in the river during the hot afternoon. Miss Lydis Snow was in charge of the sports which included races and contests for all ages. This along with the invitational ball game made quite an enjoyable afternoon. Rev. A. O. W. and Mrs. Foreman were welcome

visitors. They have resigned their charge at Ponsonby and are going to live with their daughter Mrs. G. Aitken at Oaspringe. Ballinafad ball team were defeated in their game with Hillsburgh Thursday evening. The score was 18-8 in favour of the visitors. Congratulations to Mr. and Mrs. Gordon Price on the birth of their second daughter. Friends and neighbours gathered in the Hall Friday night when a presentation was made to Mr. and Mrs. Ray McEnery. Mr. Lloyd Mar-

shall acted as chairman and after a short programme several lovely gifts were presented to Mr. and Mrs. McEnery. Lunch was served and the remainder of the evening was spent in dancing to music provided by Mr. and Mrs. Wm. Early of Eden Mills. The Mission Circle are holding a sacred concert in the church next Sunday evening, June the 26th. Mr. Donald McLain is in Guelph General Hospital suffering from injuries received when the team he was driving bolted and ran

away. He was thrown off the wagon and suffered a slight concussion and was badly bruised and shaken up. We are glad to say there is some improvement in his condition this last day or two. Visitors recently with Mr. and Mrs. A. E. Shain at their farm on the Norval Road were Mrs. V. B. Cooke and Misses Mamie and Bonnie Cooke of Evans Mills, N.Y., and Mr. and Mrs. Joseph Cooke of Watertown, N.Y.
