THE GEORGETOWN HERALD

Georgetown, Ont., Wednesday Evening, Aug. 10, 1949

What Council Did -

ON MONDAY, AUGUST 8th

Passed a by-law regulating santtary sonditions, and controlling the erection of privies; cesspools and septic tanks, as recommended by Halton Health Unit.

First reading moved by Armstrong and Goodlet; 2nd and 3rd readings by Davidson and Hill).

from Scott Motor Sales for use by thing .- Reeve Armstrong said that property of his father. the town foreman.

(Moved by Goodlet and Herbert. Recorded vote, McNally and . Hill voting against.)

five were received, as follows: Georgetown Motors (Ford) \$1773; Bowers Motor Sales (Fargo) \$1862; Saxe Motors (Dodge) \$1700; Tom Hewson (International) \$1896.75; Scott Motor Sales (Chevrolet) \$1595. Cr. Davidson said that before any discussion 7 took place it would be better to decide where council was going to get the money to buy a truck as it had not been icluded in the estimates. Deputy-Reeve Goodlet said the truck was badly needed and he would approve Its purchase even if it meant cuiding the year with a deficit. A question as, to whether a 50 per cent strong.) government rebate would be allowed brought the answer from the clerk that no subsidy was paid on capital equipment purchases. Mayor Gib-10t the Cowie residence on King, St. bons said he could see nothing else to do but to buy the truck. Originally the town had made an arrangement with the town foreman to pay him a mileage rate for use of his own truck but this had now been disposed of and there was urgent need of a truck. A straw vote found all in favour of the purchase.

McNally and Hill moved that the Saxe tender be accepted. An amendment by Goodlet and Herbert moved for the Scott offer: A secod amendment, later withdrawn by McCamber and Davidson, was for the Hewson truck and Armstrong and McCumber moved to accept and night to Theserve Septembel dis M Moles and teacher of Georgetown Anotors offer Author Gibbons asked for a recorded vote and said to demand the state of It was the " wer ter for and necause in the expenses of the est fearri that the trade-in galac of a Charles to hall always to divid a fe Santageri to V.
