

How to Make ICED TEA

Make tea double strength and while still hot pour into glasses filled with cracked ice. Add sugar and lemon to taste.

"SALADA"

TURNING THE PAGES OF "CANADA UNLIMITED"

From hilltop to hilltop, Canada's early Indians sent smoke signals... a warning that foes were on the way. The French settlers despatched their own messages—tales of victory or defeat, sickness or cheer—by runners, who sped along the trails from village to village. By 1700, riders delivered their messages on horseback.

With dramatic speed, man's words and thoughts began to race along the singing wires of the telegraph, which came to Canada in 1846. Thirty years later, Alexander Graham Bell invented the telephone... instant communication around the world was within reach.

Then in 1919 radio broadcasting made its entrance on the Canadian scene. Within a few years, conversations with ships at sea, with trains and even automobiles, were a reality.

Today, television is on our doorstep. Because our country is so vast, new means of communication is important—offering opportunities to every one of us. Yes, there's room to grow in Canada Unlimited.

Just how much room is told in "Canada Unlimited", a 144-page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. N3-15, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies received will be donated to the Canadian Citizenship Council.

BREWING COMPANY LIMITED

*A council of service, welfare, labour, fraternal and other organizations whose aim is to acquaint new Canadians with the opportunities offered by democratic citizenship in Canada.

BALLINAFAD

Mrs. L. Hammond of Benton Harbour, Michigan, is visiting with her nephew, Mr. Peter Ferguson. Mr. and Mrs. Ken Ridler and baby Judith were week-end visitors with the Shortills.

A pleasant social evening was held at the Mansie Thursday evening when the three congregations met together. Rev. John Smith of Georgetown was chairman for the program and brought greetings from Hallow Presbyterian. An enjoyable program was given by contributions from each of the churches, Churchill, Melville and Ballinafad. Our new student minister and his wife, Mr. and Mrs. Wm. Gibbs were called to the platform and an address of welcome was read to them and Mrs. Gibbs was presented with flowers. Lunch was served and the evening closed with a pleasant social time.

The W.M.S. met for their August meeting at Mrs. F. W. Shortill's. After the call to worship by the president, Mrs. F. Smith led in prayer. The scripture study was read by Mrs. Jesse McEnergy from the devotional book on the subject of the Double Faced Coin. God is trying all nations, if we fail to keep his commandments and fail to follow His way of truth and life we make God's currency counterfeit. Acceptance of God's perfect gift, Jesus Christ, would bring peace on earth and goodwill toward men. The roll call was answered by verses from the book of Hebrews. The topic was led by Mrs. R. McEnergy entitled "Gifts Galore for Europe and Asia" and was in dialogue form. It told of the pitiable plight of refugees and how greatly clothing was needed. Let us be "doers of the Word and not hearers only."

STEWARTTOWN

Mrs. Lawson visited for a few days last week with her daughter, Mrs. J. Hunter and Mr. Hunter in Norval.

Miss Beth Lawson of Toronto, who was visiting last week with Mr. and Mrs. Walter Lawson, was called home owing to the death of her grandfather, Mr. McLelland. Mr. McLelland was ill only a few days. The funeral was held at Tara Saturday afternoon.

Rev. Robert Coupland preached the sermon at St. John's Church Sunday afternoon.

Next Sunday being the first Sunday of the month, Sunday school will be at 10:30 and the service at 7:30 p.m.

The rain Sunday afternoon was very welcome.

Dr. Arthur Steele and daughter Betty of Rodney visited with Mr. and Mrs. Walter Lawson on Sunday.

Mr. and Mrs. John Dick and daughter Audrey and Mrs. Guest of Kitchener and Mrs. Palen of Toronto called on Mrs. Lawson last week.

Happy birthday to Gail Smith, nine on Friday, and Paul Hodge, next Monday.

The sympathy of this community is extended to Mrs. Wrigglesworth and family of Withrow Ave., Toronto, in the death of their daughter and sister, Miss Irene Wrigglesworth.

More than 30,000 acres of sugar beet are grown in Southwestern Ontario each year. A local refinery contracts for the crop and keeps farmers posted on growing techniques.

LIQUOR LICENSES

The reader who catches sight of the heading of this letter may say, "We have seen all this before, or something like it," and he may dismiss the whole matter from his mind, but neither the whole matter nor any part of it is dismissed from the social economy which concerns every individual of the town. I am sorry to note that our respected council has passed their opinion in favour of a liquor store in the town, and some of our business people behind the request. Public opinion among people has changed very much, too, with regard to the number of liquor outlets.

Let our respected council, give careful thought to such a request. If the good people of the town were to be assisted by twice as many prepared to reduce the amount of drink consumption and expenditures, they would not have our young people die for their country, but would live for it more effectively, and help it to live in a manner more worthy than it has yet done.

Mrs. Chas. Brown, (Cedarvale School)

(Continued from Page 5)

The pinch hitter's long fly ball it would have been Georgetown's series. Chappel only allowed two batters to reach first base. Of the first six men who faced him, five went down swinging. The club then went after base hits. Kenny Nash playing right field was an individual star hitting a triple, 2 doubles, and 2 singles in five times at bat. He also made a spectacular running catch of a long ball hit by Crystal. In the last half of the eighth, Georgetown had increased their runs to eleven while Ferguson went hitless due to superb pitching by Chappel.

Going into the last half of the ninth with two away Chaplin connected for a double. Norton singled and Rene Martin came in to bat for Herrington who had two hits to his credit. Martin hit the second pitch and as the crowd rose in the excitement the ball could be seen lifting higher in the outfield. Crystal in centre field for Ferguson had to go way back deep and jumping made a beautiful one handed catch to give Ferguson one more chance at the championship.

It's a good many years since Georgetown boasted a champion baseball team and some of the players of the last winning team who are still in town are certainly watching the Georgetown-Fergus series closely. The Raiders have won hockey fame all over Ontario, and Quebec and have brought many championships home. It would certainly be a great thing if the baseball Raiders, who are spotted with some of the hockey stars, could capture the laurels of the Inter-County Baseball League. The fans have seen baseball teams come and go, and the present one has come closest yet to a championship. Tonight will tell the tale. There is no doubt that both teams will be in there fighting until the last out is made. We hope the Raiders come out on top and go on to bigger and better things.

It is rumored that the winners of the Georgetown-Fergus series will meet a team from the Niagara peninsula, somewhere this side of Fort Erie. That takes in a lot of territory, but it would have to be a town with a population over 3000.

Acton have eliminated Hamilton Studebakers in their play-off series by taking them three straight games. They are now playing Owen Sound. Milton had little trouble in knocking off Waterdown in their series.

September 5th is the opening date of playoffs for the Monarchs. It will be the Port Credit ladies whom our fair maidens meet and a good series is expected. Ev Robinson, first string pitcher, is scheduled to pitch the first game after a long lay-off due to an appendectomy. Pauline, Mike and Joyce Herrington are still keeping in trim by working out every day with the "old man". Orbeys Ruth "talk it up girls" Goldham, slugger Dot Kirby and Audrey Gummer are just frothing at the mouth waiting for a crack at Port Credit. Manager Sparky Dron and coach Bill Korzack will have more strength in the pitching department, with Ev Robinson, June Lusty and Mike Herrington all on tap. Prunes Thompson has been keeping in shape playing catch and all the rest of the team seem ready so we should see a good playoff series.

In the Men's softball league, Norval turned the tables on Cheltenham Blockmen last week by pulling a 12-10 win to even the series one game apiece. Smith & Stone and Meadow Glen have each taken a game in their series. Lions are idle after taking the Glen two straight. Alliance have split one apiece with the Legion. So all in all, the playoffs are proving to be quite interesting.

Georgetown Fall Fair

September 16th and 17th

Class 25 — DOMESTIC SCIENCE

DIRECTORS — Miss Marjorie Gault, (phone 244); Miss Elaine Bird; Miss Jessie Wingfield.

1	Loaf Homemade Bread, white	0.75	0.50
