The Editor's Corner

IS THERE ANY ANSWER?

The Peekskill disturbance, which made week-end headlines, makes one wonder just what action is necessary to keep Communism in its proper place in a democracy. The riots in New York State when Communist singer Paul Robeson gave a concert in the face of opposition from veterans' organizations in the state, are just as distasteful in their own way as the concert itself. It is simple to say that the government should ban such public gatherings, should lock up such people as Robeson, should outlaw Communism and make it illegal to be one. But it is not so simple to take these steps and in a democracy, when we boast of "freedom of speech," the two ideas do not go side by side. Solution to the problem still baffles the best minds in America. Perhaps the only answer is to make our democracy so perfect and so strong that we can laugh at the radicals who would have it changed. There will always be crack-pots who would have a different order of things. England has its Red Dean of Canterbury, Canada has its Tim Buck. It is our duty as citizens individually and collectively to make democracy work so well that there will be no one to listen to their ideas, no one to vote for them at the polls. Meanwhile we must keep a keen eye on any who would bring a new order by force and do our best to prevent bigotry and hatred, whether it be radical, religious or economic. Peekskill riots serve only to make martyrs of the radicals and bring into undue prominence their false ideas and whacky theories.

IT WAS A JOINT EFFORT.

Recreation Commission chairman Alex Maclaren took us to task last week for an advertisement which appeared in the Herald asking the public to support the Lions Club in their ticket selling drive to raise money for next year's Stay-At-Home Camp. The camp, he explained, is a joint effort of the Recreation Commission, the Ministerial Association and the Lions and the wording of the advertisement might lead people to believe that the Lions Club were sole sponsors.

In case anyone should think this, we draw their attention to the fact, though anyone who reads the Herald with any degree of consistency should be well aware of the fact. During the summer, the tri-sponsorship was mentioned time and again in news columns and editorials and we assumed that by now it would be public knowledge.

To clear ourselves in the matter, may we say that the advertisement was worded as it was for two reasons. First, it was designed for the specific purpose of doing a selling job for the Lions, who have advertised that proceeds of the raffle will go to the summer camp. Secondly, we have already been instructed that the GRC does not wish to have its name associated in advertising inserted by certain advertisers; in this case a brewing company, and our hands were tied in indicating that the GRC played an important part in the camp.

POT POURRI

A fourth series of Canada Savings Bonds has been announced by the Minister of Finance to go on sale in October. Although terms of the new issue have not been announced, it is expected they will retain the features of the first three. The Labour Day week-end brought sorrow to the town of Warton when the 33-year-old publisher of the Warton Echo was drowned in a boating accident in the bay. He took over publication of the paper a few years ago after the death of his mother. Another new "front" will soon be on Main Street. J. J. Gibbens is remodeling the building which houses Simpson's Order Office. The new front on Robb's Drugs should be completed this week. The glass was installed in the windows over the week-end. Nice to see Harold McClure back on the job again after an illness which kept him away from work for most of the summer. Harold still has to take it easy and is only able to be at the store in the afternoons. Labour Day was very quiet in town, the only excitement being caused by the fire siren sounding in mid-afternoon. It proved to be a false alarm. Announcement of a business change on Main Street will be made next week, and if rumours are true the Herald will probably be getting a new sports reporter this winter. We still hope that Steamboat will be able to fill the bill. By the time you read this the editor will be en route to the newspaper convention at Jasper, and next week's paper will be in charge of foreman McGilvray. He will appreciate it if advertisers and correspondents will get their copy in as early as possible. The stork made a call at the Herald office on Monday and linotypist Les Clark and the Mrs. are the parents of a new baby daughter. Disaster came in threes to the Ruddell family last week. Son John had a painful en-

tanglement with a bull at his farm. Mrs. Ruddell's sister died, and the baby son of Mr. and Mrs. Newton Ruddell was taken to Toronto to be treated for poliomyelitis. It is good news to report that the baby is on the road to recovery and it is believed that he will not be left with paralysis. His friends here will be sorry to know that Roy Van Dusen, former publisher of the Tara Leader has been under the doctor's care for some time. Mr. Van Dusen, whose wife is a McGibbon is often a visitor in town. Also on the sick list is a former resident, Sam Orpen, who is taking treatment in Sunnysbrook Hospital for arthritis. Mr. Orpen, who is a cousin of Miss Georgina Young of town, moved to Brampton last year.

News and Views of Busy Farmers

MORLEY SHERWOOD HAS TOP YIELD IN HALTON 50 BUSHEL WINTER WHEAT CLUB

Yield figures in connection with the Halton 50 Bushel Winter Wheat Club have just been released by the Ontario Agricultural College. The respective yields are based on small plots cut in each of the competitors' fields by the Agricultural Representative, J. E. Whitlock. The grain was threshed by the Department of Field Husbandry at the Ontario Agricultural College and the computed yields of the winners are as follows:

- 1st Morley Sherwood, Freeman, R. R. 1, Cornell 595, 53 bus.; 2nd, Miller Bros., Georgetown R. R. 1, Cornell 595, 51 bus.; 3rd, Robt. Alexander, Georgetown, R. R. 2, Cornell 595, 47.5 bus.; 4th, W. E. Breckon, Freeman, R. R. 2, Cornell 595, 46.5 bus.; 5th, J. H. Willmott, Milton, R. R. 1, Dawson's Golden Chaff, 45.9 bus.; 6th, M. C. Beaty, Milton, R. R. 4, Dawson's Golden Chaff, 44 bus.; 7th, Ross Segsworth, Freeman, R. R. 2, Dawson's Golden Chaff, 43.2 bus.; 8th, Wm. G. Booth, Milton, R. R. 1, Cornell 595, 42 bus.

One Hundred Dollars in prize money is donated for the Halton Competition by the Maple Leaf Milling Company. Thirty-nine dollars of this amount is awarded on the field scores which were announced some weeks ago. The balance of Sixty-One Dollars is divided among the eight competitors with the highest yields. Miller Bros., Morley Sherwood and W. E. Breckon, who are the three highest competitors on the combined scores for field score and yield, are now eligible to compete in the inter-county class at the Royal Winter Fair, for which \$335.00 plus a trophy is provided by the same Company.

HALTON, PEEL AND YORK BRIEF ON CONSERVATION

The hearing for the counties of York, Peel and Halton before the Select Committee of the Ontario Legislature on Conservation is to be held in the Court House, Brampton, on Friday, September 9th, at 10:00 a.m. This hearing is open to the general public. While the three Counties have combined their recommendation in one brief, the Halton preliminary brief was prepared by the Halton Conservation Committee. The following Halton organizations have representations on this Committee: Halton County Council, County Crop Improvement Association, Federation of Agriculture, Junior Farmers' Assoc., Plowmen's Association, Sportsmen's Association, Lumbermen, Trustees and Ratepayers and Milk Producers.

The Select Committee of the House is composed of nine members, the Chairman being F. S. Thomas, M.P. for Elgin County, a former Streetsville resident and also former Agricultural Representative for Elgin County.

Since early July the Select Committee has held hearings at various points in Western and Northern Ontario. Their itinerary will not be completed until October. Their report will be presented at the next sitting of the Ontario Legislature and it is anticipated that it will culminate in the introduction of a Conservation and Land Use Act.

SOWING OF FALL WHEAT IN PROGRESS

Present prospects point to the sowing of a large acreage of fall wheat in Halton during the next two or three weeks. Some planting has already been done. Cornell 595 would appear to be the popular variety being sown. This variety is stated by both Ottawa and Guelph Experimental Stations to exceed the old reliable, Dawson's Golden Chaff, by two or three bushels per acre. However, the main superiority of Cornell over Dawson's lies in its resistance to loose smut. This should not be interpreted to mean that it is not necessary to treat both varieties for control of the stinking smut or bunt. One of the ethyl mercuric dusts such as ceresan will control this latter type of smut but unfortunately there is no practical treatment against the loose smut to

which Dawson's Golden is quite subject.

Recently another deluge of literature has been released through the mail by the Egyptian Amber Wheat Association of Markham. This so-called "Wonder" wheat, according to W. H. Weddell, Wheat specialist at the Ontario Agricultural College, is incorrectly named and furthermore in our experience is far from immune to smut and is a mixture of varieties. It would appear that the Egyptian Amber Wheat Association at Markham is now looking for buyers farther afield but it is to be hoped no one in Halton will be gullible enough to fall for the unadulterated mass of misrepresentation contained in the circular in question.

Flour used in Newfoundland is all enriched by added vitamins and minerals, but Canadian law prohibits enrichment in the other nine provinces.

ACTON POPULATION NOW TOTALS 2667

In a recent census compiled by Acton Council, population of the town was revealed to be 2667. The last Georgetown census taken showed the population here to be 3115 in 1947, so Acton is about 500 people smaller than Georgetown.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pop, Vim, Vigor. What a thrill! Body limbs all set; why bother all up; back no longer aching; body lines started; daily "beauty" look. Thousands of girls, women, men, who never would gain before, are now proud of slender, healthy-looking bodies. They thank the special "Vim-Building, Slim-Building" tonic, "Vim," its active, stimulating, invigorating, iron, vitamin B1, calcium, enrich blood, improve appetite and digestion so food gives you more strength and enjoyment; put such on here home. Don't fail getting the fat, flaccid when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. "Vim" little "Vim" "get acquainted" size only 50¢. Try famous "Vim" Tonic Tablets for new vigor and added pounds, this very day. At all drug stores.
