Here's the girl from Jones Beach

Fulchritudpaus Virginia Mayo plays "The Girl From Jones Beach" in Warner Bros. comedy about New York's popular playground and beach, at the Roxy.

K.C. Lindsay appointed Asst. Assessor in Esqueusing.

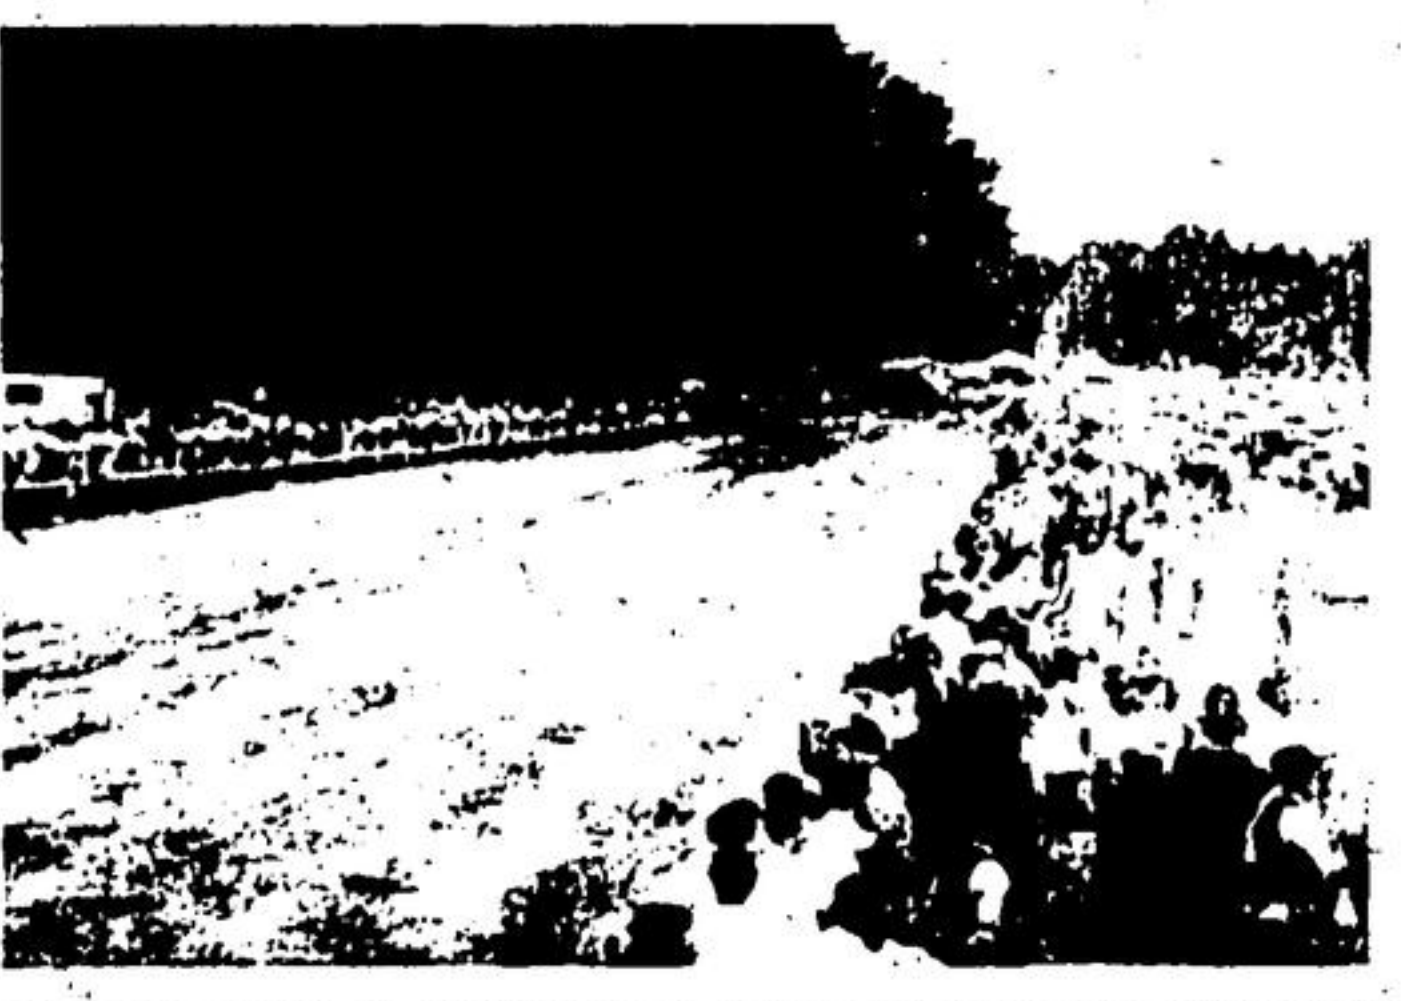

Esqueusing Township Council held their regular meeting Monday evening, Sept. 12, at the Council Chamber, 100 Main St., Esqueusing. Present: Reeve George Currie, Councillors H. Craig Reid, Wilfred Bird and Walter Linham. Minutes of the last meeting were read and adopted. A deputation attended the meeting, asking that the St. Helena road entrance to No. 25 Highway be improved. Moved by Bird, seconded by Leslie, that the Treasurer pay: Ontario Highway, Woodstock, re Lois Hillis to Sept. 30th, \$46.00. The Bell Telephone Company, services 381r21, \$2.45, 36d, \$2.45. Stamps, A. W. Benton, \$7.00. Moved by Bird, seconded by Reid, that sheep claims be paid: T. H. Price, 1 lamb injured and died, \$12.00; 1 sheep injured and died, \$20.00; 1 sheep injured \$8.25; 2 lambs killed \$20.00 each; 1 lamb killed, \$18.00, total, \$98.25. Horace Bell, 1 sheep killed, \$20.00; 1 lamb killed, \$17.00, total \$37.00. A. N. Stark, valuator, 4 trips, \$16.00; F. W. Shortill, valuator, 1 trip, \$4.00. Carried. Moved by Linham, seconded by Leslie, that relief accounts as presented by Relief Officer \$116.40 be paid. Carried. Moved by Leslie, seconded by Bird, that road account of \$4,076.31 as presented by the Road Superintendent be paid. Carried. Moved by Linham, seconded by Leslie, that the Treasurer pay the following Grants: Acton Fair Board \$75.00; Esqueusing Agricultural Society, \$75.00; Halton Agricultural Society, \$25.00. Carried. Moved by Bird, seconded by the Department of Highways for the statutory grant on road expenditures, January 1st, 1949, to August 31st, 1949, on \$33,783.81. Carried.

Moved by Linham, seconded by Leslie, that the Clerk be instructed to write Stanley Hall, M.P.P., for Halton, in connection with the entrance off the Esqueusing Township road, known as the St. Helena road onto No. 25 Highway. Carried. Moved by Reid, seconded by Linham, that the Road Superintendent be instructed to transfer from capital account to road account to amount of \$2,289.28 for garage construction, as per Auditor's statement of expenses. Carried. Moved by Bird, seconded by Linham, that this Council instruct the Clerk to prepare a By-law to engage Mr. K. C. Lindsay as assistant assessor. Duties to commence September 15th, 1949. Carried. Moved by Linham, seconded by Leslie, that leave be granted to introduce a by-law to assess School Sections, Union School Sections, Township School Area No. 1 and Chinguacousy West School Area, of the Township for the year 1949, be read a second and third times and passed and the Seal of the Corporation be attached thereto. Carried. Moved by Reid seconded by Bird, that this Council adjourn to meet October 3rd, at 1.30 p.m. or at the call of the Reeve. Carried. The first commercial factories to make plywood were erected in Russia in the 1880's. Ocean waves reach a height of 50 or 60 feet off the Cape of Good Hope. Sound waves have been perceived at a distance of 3,000 miles. Canada produces 514 millions of minerals in 1945. A "modern" motoring gadget is an accelerator unit attached to the steering wheel. Maybe we'll get the spark lever back too.

HALTON, PEEL & YORK DELEGATION PRESENT BRIEF ON CONSERVATION TO SELECT COMMITTEE

On Friday, of last week the Select Committee on Conservation of the Ontario Legislature held a public hearing in the Court House, Brampton. F. S. Thomas, M.P.P., for Elgin County and incidentally a Streetsville District Old Boy, is chairman of the Committee. All three political parties have representation on the Committee of nine. They have had a heavy itinerary since the first of July. Not only have they held hearings in all districts of Northern Ontario, but they have covered the major counties in Southern Ontario. Another month, however, will be required to complete their program of hearings. Following this, according to Mr. Thomas, a report will be presented at the next session of the Ontario Legislature. The Halton delegation attending the hearing was as follows: W. E. Breckon, of Freeman; Paul Fisher, Freeman; Reeve W. VanSickle of Nassagaweya; Reeve Geo. Currie of Esqueusing; Alex MacLaren, Georgetown; Deputy-Reeve Elmer Foster of Nelson Township; R. S. Heatherington, Campbellville; Ross Segsworth of Freeman; and J. E. Whitelock, Milton. A comprehensive brief has been prepared by a joint committee representing the counties of York, Peel and Halton. Incidentally, chairman Thomas and Messrs. Joliffe and Oliver, who spoke on behalf of the Select Committee congratulated the C. Committee on their excellent brief which they intimated was one of the most constructive presented to date. A few of the recommendations made by the Halton, Peel and York delegation were as follows: "That a Provincial Conservation and Land Use Act be enacted at the earliest possible date." "That all Conservation work relative to Agriculture be undertaken by the Ontario Department of Agriculture." "That in certain areas where the reforestation work required is beyond the ability of a County financially, or otherwise, that consideration be given to Provincial assistance. To illustrate, may we refer to the Niagara and Hamilton escarpment which passes through the area. Inasmuch as it is generally believed that most of the well-springs having their source on the escarpment and furthermore, as many streams have their headquarters on the escarpment, then we believe the whole area should be surveyed by competent engineers, and if our contention is sound, then all strategic points in the area along the escarpment should be established as a state or provincial forestry area." "Inasmuch as it is the practice on the great majority of farms to permit livestock to pasture or run in the farm woodlot, thereby destroying all new tree growth, we would recommend that the proposed Ontario Conservation Policy provide financial assistance aid for wood-lot fencing." "That a Soil Conservation be inaugurated as an experiment in two or three counties in Western Ontario not later than the fall of 1950 and that such Conservation Service be under the direction of, or linked with, the Agricultural Representative Service." "That, inasmuch as high soil fertility is not only the basis of profitable agriculture, but also the medium by which the water holding capacity of our soils can be increased and as we believe the greatest weakness in our crop programme is in the main due to poor seed mixtures, coupled with faulty rotations, and as more alfalfa and grasses in our meadows and pastures would improve their soil building ability, we would suggest that consideration be given to studying the United States Conservation Policy in respect to grass and clover seed production and use." Following lunch at the Yellow

A Fall Fair Scene

Pictured above is a section of the crowd lining the race track at a recent Georgetown Fair.

WILL ENTERTAIN AT FAIR

The popular Georgetown Girls' Pipe Band will again provide music during the afternoon on Saturday at Georgetown Fair.

What do you ask of Your Bank?

The connection of many people with a Bank is only through a pass book and a cheque book.

We believe, however, that there is more mutual pleasure and benefit by doing business in a personal, friendly way.

This Bank has grown to great size, but it is a human institution, very much interested in giving something more than across-the-counter service. The needs of the individual, and how we can help him to progress, are matters of first importance.

You will enjoy banking at any of our branches.

TURNING THE PAGES OF "CANADA UNLIMITED"

The small circle of Micmac Indians on Isle de St. Croix listened intently to Marc Lescarbot. They were learning to read and write. The year was 1606—Lescarbot was Canada's first teacher.

In 1632, Canada's first college was started at Port Royal. A Huron Indian, Louis Vincent Sabafannen, was the first Canadian to receive a Bachelor of Arts degree. He graduated from Dartmouth College in 1781.

At Quebec in 1829, students paid \$5 a year for tuition—board cost \$80. Teachers received an average of \$90 a year.

Education in Canada has grown with rapid strides. Now over one hundred and fifty thousand Canadians attend universities and colleges throughout the country. The future of the Canadian people goes hand in hand with pursuit of knowledge. Education increases opportunity. Yes, there's room to grow—in Canada Unlimited.

Just how much room is told in "Canada Unlimited", an illustrated 144 page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. N3-16, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies received will be donated to the Canadian Citizenship Council.

O'Keefe's
 BREWING COMPANY LIMITED

"A council of service, welfare, labour, fraternal and other organizations whose aim is to acquaint new Canadians with the opportunities offered by democratic citizenship in Canada."

Brier Inn, near Brampton, where they were guests of Peel County, a delegation representing the Humber Valley River Authority also presented a brief. Others who spoke briefly during the afternoon session included Stanley L. Hall, M.P.P., and Chas. Millard, M.P.P. Those in attendance were impressed not only by the very thorough and unbiased manner in which the Select Committee conducted the hearing but also by the tremendous scope of the subject. In short it was a most worth while meeting and those in attendance have high hopes that the report of the Select Committee will culminate in a practical Conservation and Land Use Act and also in a comprehensive programme to both conserve and restore Ontario's Soil, Water, and Forest resources.
