There's Plenty To Laugh About In This Dizzy World
And This Picture Proves It!

No fooling, folks, a theatre manager gets an awful lot of movies in his day and he's a particular tough customer when it comes to comedy. So take this tip from me; if ever I saw a picture to shake the blues and turn on the sunshine this is it! If there's a laugh in you, "The Girl From Jones Beach" will bring it out!

Ernie Crawford, Manager

Peterson and Mr. and Mrs. J. Snelgrove at Elburn, Ill.; Mr. and Mrs. G. Turner and family of Woodstock, Ill., and Mr. and Mrs. A. Rowe and family of Aurora, Ill. Mrs. Pattenden travelled by bus and returned home by car.

LIONS CLUB HALLOWE'EN MASQUERADE FRIDAY, OCT. 28 IN THE ARENA ROSE ROOM

At a meeting of the Georgetown Lions Club at Lion Don Barrager's home on Monday evening last it was reported by the committee in charge that the Annual Lions Club Halloween Masquerade would be held in the Arena Rose Room on Friday, October 28th.

Lion Ray Whitmee reported that the sale of tickets for the Stay-at-Home Camp draw to be held this Saturday at the Fair had slowed down and that members should stress the importance of the project when approaching the public to buy. About twenty Lions will be at the grounds on Saturday, selling tickets; attending booths, etc.

The Sight Conservation Committee reported that the appointment has been made and transportation arranged to the Sick Children's Hospital for another neighbourhood youngster to have an eye examination and possibly glasses fitted.

Two new members, Vic Smith and Spence McKinnon were welcomed to the club by the Lion Chief.

It was reported by Lion Don Barrager that the Lions softball team had won their last seven games and looked for a win on Thursday to give them the Group A championship.

JIMMIE FAX PASSES AT 97

Dean of Canadian entertainers, James (Jimmie) Fax died recently at the Queen Elizabeth Hospital at the age of 97. He had been ill since Christmas.

Jimmie Fax will be well remembered by older residents of this district, having visited on many occasions with friends at Limehouse. In recent years, too, he had lent his support to the Georgetown Girls' Pipe Band, by entertaining at their garden parties, etc. In his earlier years as an entertainer he was in great demand and few garden parties were held that did not feature Jimmie Fax as the headliner.

He toured the principal circuits of Canada and the United States as a singer of comic songs. He wrote

and set music to most of the songs he sang. Jimmie made his first public appearance at the age of seven as a boy soprano at a Scotch concert in Brantford.

He was born in Montreal the day his parents arrived from Ireland. In his early days he attended Zion Presbyterian Church, Brantford. Later he became preacher in a Brantford and Toronto church. He often recalled that he used a tuning fork as preceptor and only psalms were sung. He was present for the turning of the sod for the rails that carried the first train into Brantford. He was in that city when Alexander Graham Bell tried out his first telephone line.

Appointed Movado Dealer

L. A. I. Diteshelm of La Chaux-de-Fonds, Switzerland, winner of one hundred and sixty-seven Observatory awards, has recently appointed Paul B. Barber distributor and watchmaker to "Movado."

Movado, the finest and most advanced watch produced, is of course in the "higher price bracket" (from \$57.00 up) but the superior workmanship, accuracy and reliability more than make up for the slightly higher price.

Mr. Barber is most pleased with his promotion as a jeweller and watchmaker and invites the public to view the models he now has on display. One of these is a travel watch in a very smart leather case that winds automatically when the case is opened. Another is a wrist watch that tells the time, day, date and month and is in a beautiful 14 k solid gold case with a stainless steel back. The price of this watch is \$125.00. When asked if it were worth the money Mr. Barber replied "Yes, there is more machinery in this timepiece than in a gasoline engine; and the parts some of them will scarcely fit a humble, are manufactured to a degree of accuracy unheard of in most industries."

Even though we might not be in the market for one of these "Better" watches it will be interesting to go in and see them and have their intricacies explained.

Progress of U.N. Permanent Headquarters

Steelwork on eighteen of the 28 stories of the United Nations Secretariat building in mid-Manhattan, New York, was completed in July when this picture was taken. A contract was signed by U.N. and the American Bridge Company for the furnishing and erection of structural steel for the building and for the furnishing and erection of structural steel for the building area of the Permanent Headquarters. The contract calls for 10,500 tons of structural steel at a cost of \$2,225,000. Delivery is to be made by next October, and erection is expected to be completed by April or May 1954.
