SOME CLOSE GAMES IN SATURDAY HOCKEY

Midgets, bantams and Pee Wees continued their hockey league Saturday at the arena and most of the games were close and keenly contested. Jamie Cunningham scored two for the midget Leafs in their win from Canadensis, George McClure scoring the lone goal for the losers on Webster's pass.
The Black Hawks won handily from Bruins 6-2. Schenk scored 3, Inglis 2 and Timleck one, while Brock Bradley and Breen got goals for the losers.
Both bantam games were close. Breen's three goals for Hershey were not enough to win the game and St. Louis won 4-3. Scorers were Timleck, Barclay, Beaumont and Cooper. Cincinnati and Hornets played a 2-all tie. Toughy Allen and Gerald Scott scoring for the first team and Richardson and Grassy for the Norval boys.
Marlboro juniors won 4-0 from Galt in the PeeWee League. Ross Cunningham got a trio of goals and Peter Pomeroy the other. St Kits and Barrie played a scoreless tie.

RACES, PIPE BAND FEATURE OPENING

Catching up on the industrial hockey picture, the opening of the league a week last Monday had the Girls Pipe Band and skating races as an added feature. Among winners of the races were Joyce Denham, Marjorie Roe, Ann Hyde, Helen Chaplin, Pat Richardson, Dorothy Scott, George Webster, Bob Freestone, Gerald Scott, Bruce Denham, John Hulme, Bob Mackie, Doug Richardson and Vic Miller.
Mayor John Armstrong was not able to be present as planned so the recreational director, Rev. J. L. Self acted in his stead to face off the first puck. Scotty Patterson and Ken Nash were referees.
Smith & Stone, sparked by a 5-goal performance by Jack King, took the opener 7-1 from Provincial. David Barber and George Louth also tallied for S & S and Dennis Wright for the losers.
Merrillam scored three, Walt Richardson and Barry one each for businessmen who beat Alliance 5-2. Bungy Ward and C. Hill scored for Alliance.
Norval trimmed Meadowglen 8-1, led by John McClure who scored three goals, Vic Morosh 2, Bill Pomeroy 2 and Bill Laidlaw one. G. Graham scored for the losers.
Prizes for skating races were donated by a number of local merchants including Richardson's Hardware, Roxy Theatre, Ready's, MacCormack's Drug Store, Georgetown 5c to \$1.00 Store, Kentner's Drugs and Goodlet's Hardware.

ONE DAY THE WEEK WITH FAY

Why don't you try the fishing? Said my wife one day to me.
"I know a lass, her husband A fisher lad is he.
I was talking to her yesterday And what she says is this
When they can't afford the bacon He can sure bring home the fish."
"Now if you would only listen Do something sane and sound,
Just think what we'd be saying, Bacon 90c a pound,
But no, you must do something! That no useful purpose serves,
Such as scrape on that old fiddle You are getting on my nerves."
And so one morning found me By a peaceful winding stream
Listening to its silvery music Bringing back a vanished dream.
I forgot about the fishing All advice I'd had before
From the lads who "Swish the Willow"
And are steeped in fishing lore.

I caught no fish, no need to say No science in my try,
Lost 'mid a wondrous beauty Neath the fleece-flaked June-time
shy.
I only heard and listened To nature's deathless song,
I'm a dreamer, not a fisher Whether that be right or wrong.

The beauty of that peaceful scene Fulfilled my every wish,
I was hopeless as a fisher Got the Bronx cheer from the fish.
In the evening, looking innocent, My wife had this to say
"What became of all the big ones Did they all get away?
I will confess not high my hopes The big wise-guys you'd bring
Put you have not even brought me One little thoughtless thing."

"Don't mind a bit I'd special work I had to do today,
Just wanted to be rid of you, You'd just been in my way
Long, long ago I knew that you 'Would not a fisher be.
At times I feared that I would have To help you to catch me."

"So keep scraping on the fiddle, But I'm pestered, 'pon my word,
With "The Smith's A Gallant Fireman"
The "Lass O Bon Accord"
The "Moon-beams On The Heather"
The "Parting At The Stille"
The "Braes, O Lone Balquhdder"
The "Lass, O Ballochmyle"

"Or the tunes that under foreign skies The soldier's heart beguiles
The pipers "Highland Laddie" The "Road Unto the Isles"
And she faltered just a little Misty memories for a while
The "Banks of Allan Water" "Bonnie Mary O Argyle".

"Those, old old songs, those haunting tunes,
Back youthful days they bring I myself brought home some bacon
What I say don't mean a thing."
— Bill Taylor, Water St.

Dear Fellow Ratepayers:

I am sorry that I will be unable to see and talk to all of you before Election Day.
At this time I would ask for your support in re-electing me as your Reeve.
If elected it is my earnest and sincere hope to bring the Wardenship of Halton County to Georgetown, an honour that our Town has not held since 1935.
I have at all times tried to contribute as much to community welfare as I possibly could, and it is my desire to continue to do so.
Not only have I been vitally interested in Town betterment but also the success of our County. Evidence of this has been my position in the past year as Chairman of the Building Committee of the New County of Halton Home for the Aged.
At all times in considering plans for a better Georgetown, the thought uppermost in my mind has been the Dollars and Cents in the pockets of the ratepayers.
If there are any points that a Ratepayer would care to discuss with me I am at your service.
In anticipation of your support and co-operation may I say thank you.

Yours faithfully,

JACK ARMSTRONG

FOR REEVE FOR 1950

W. G. Marshall

FOR REEVE

During the past week I have attempted to call on as many of you as it was possible and intend to continue doing so until Election Day.

To those of you with whom I may not have the pleasure of discussing the present local issues, I would very simply ask that you give a little thought to all the candidates who are offering their services for the coming year, and then support the various ones that in your opinion will strive to soundly administer your town affairs through 1950.

Mine will be a policy of absolute economy. It is true we must be aggressive. Our every move must be thought of as present and future, but I am of the sincere opinion that our present situation demands rigid economy. If elected it will be my constant policy to see that you get full value for every dollar of your taxes spent.
