

**Ladies Entertained by Credit Lodge Members**

Members of Credit Lodge, A.F. & A.M. entertained their wives a week ago Friday at a Ladies' Night which was held in the Legion Hall. Members of the Legion W.A. catered for a turkey dinner. The master of the Lodge, Wor. Bro. Ern Batkin, was toastmaster. Mrs. Sam Mackenzie replied to a toast to the ladies proposed by Rt. Wor. Bro. W. V. MacCormack. A toast to Grand Lodge was proposed by Bro. Leslie Ellis and the response given by Rt. Wor. Bro. G. E. Dalrymple, D.D.G.M. of Wellington District.

Guest speaker for the evening was Rev. Norman Rawson of Hamilton. A well-known public speaker, Mr. Rawson spoke on the theme "You Can't Go Home," in which he explained that home was not a physical thing but a combination of associations. Modern parents have a duty to their children,

**Telephones Grow By Six Hundred In Four Years**

During the past four years, there has been a 72 per cent increase in the number of telephones in service in Georgetown and local calls have increased by 64 per cent. W. O. Misener, Bell Telephone manager for this region, said this week in reviewing the record-breaking post-war demand for service which has required the addition of much especially made and costly equipment. Long distance calls originating here have risen by 84 per cent in the same period, he said.

he said, to create the proper "home" in their minds. Later in the evening, Bro. Sholto Buck of Toronto showed moving pictures that he had taken in and around Georgetown.

There are now 1,470 telephones in use in Georgetown compared with 850 four years ago. Local calls average 4,400 per day against 3,750 and long distance calling has reached a daily average of 325, or 150 more than in 1945.

In order to meet this unprecedented demand for service the company has continuously improved and enlarged its facilities. Four positions have been added to the switchboard here since 1947, and large-scale construction of outside wire and cable has been carried out in order to provide connections with the exchange.

In spite of this vast improvement which has resulted in the addition of 620 telephones in four years, there are still a few applicants waiting for service here, the manager said. They will receive service as soon as facilities can be provided, he added, and construction of outside wire and cable is expected to continue at a high level in order to keep pace with demand.
