TWO OPINIONS

He shuffled along the busy street, And no one seemed to care, An object that reeled on aching feet.

A picture of blank despair. The motherly lady, poor but wise, Flashed in her handbag slim; What was that light that shone in her eyes, As she handed something to him. Said the well dressed man: "those bums are a pest, To give them is wrong I think, I fear that he is like most of his rest. He will only spend it on drink." "If I, for His sake, give a helping hand, To someone in need," said she, "I'll still have His blessing I understand, How they spend it won't matter to me."

Bill Taylor, Water Street.

WORLD CAN BE FED, FARM FORUM BELIEVES

Check Line farm forum, after listening to Monday's broadcast "Is there enough land?" believes that the world could be fed if surplus food from underpopulated countries such as Canada could be transported to countries in need. A suggested system was for all English speaking countries to have a common currency and free trade. This would tend to eliminate certain inefficient industries and transfer this production to other countries. An exchange of valentines was made at the meeting which was at the home of Mr. and Mrs. Ernie Curry. Next week the group will meet at the home of Joe Ross.

HIGH SCHOOL NEWS

Having not been in the best of health last week we did not come through with a column but we are sure you readers managed to keep up with the times without our assistance. We feel inclined this week to comment on the weather. Today is Tuesday (the day we attempt to write this malarkey) and as we peer sadly from the confines of GHS we can see the beautiful sun shining and the green trees greening, we can hear the birds singing and the goggle-eyed gog gogging the goggle-eyed gog (the teachers tell us that history to boost our morale) but we know better. We know that it is raining and the cruel cold wind is blowing and the atmosphere in general is in quite a chaotic condition. These are the actual conditions and we are forced to believe them although we would much rather believe the former conditions described, and as Walter Bowles said this morning "Christmas weather came this morning two months behind time." Possibly he should of said ten months ahead of time.

Well last Friday GHS played host to the Milton hockey team. We were talking to a couple of Milton players several days before the game and we learned at that time that Milton would have no chance against the mighty maulers from the Horse Stables. We also learned that the Milton scrub team beat their All-Star team. As it turned out, we think Milton should have played their scrub team. The score was 8-3 for the local gladiators. From reports of the game (which we didn't see) we learn that it was not in the least way a good game. Maybe somebody put novocaine in the water bottle. The goals as far as we can determine were scored by MacCormack (assist Merriam); Scott, Schenk, Inglis (assist Vary); McClure, MacCormack (assist McClure) and Scott, all for Georgetown. For Milton the goals were scored by Tinaly, Zanatta and Tinaly.

Milton is playing host this following Friday to Georgetown and if you ask us sumpin' Milton better look out for the ope and only (enough) At Gillis has promised to be in better shape for the game.

Have been hearing lately quite a discussion about the Sunday open houses that Club Midtown has been having, and now are discontinued. It seems too bad that adults never could and probably never will understand teen agers. We also being in the classification of teen age, are quite in favour of the Sunday dances. With a good chaperon or chaperone we feel that an orderly dance or games session could be had. However we are not here to discuss the whys and wherefores of Sunday dances. We are here to urge all you kids to turn out this Friday at the Club. Elections are drawing near and it is time to elect a new council. The old one apparently consisted of two or three members, the rest were quite enthusiastic, the first few weeks but then in the usual manner forgot about it. It's time to elect a new council, one that will work not only together but separately and I think a new office should be opened. — Official in charge of Sound.

Here is a little poem that seems to contain a message for everyone. We want to warn you, however, before reading it that we wrote it. Could I but learn the sorrow That may befall me on the morrow, Would I but then remain inside My house, as if to hide, From Fate, Oh no, I must go out And face the problem of the day. For we as humans, there is no doubt, Trust in Fortune to find a way. To thrust aside the mental strife, That waits to intercept a happy life.

Perhance if we would hide inside We could avoid the rolling tide. But no, a window, door or wall, Is not a barrier to fate at all.
