... If all the people who work for the telephone company,  
And all the people who earn a living by making the things  
the telephone company needs,  
And all the people who have their savings invested in the  
telephone company,  
And all the people who depend on good telephone service  
to run their businesses and manage their homes,  
If all these people, with their families, lived in one city,  
This City-Without-Name would be by far the largest in  
Canada, and one of the largest in the world.

Keeping pace with the growing needs of communities  
everywhere for more and better telephone service, Bell  
has taken lots of work and lots of money.  
Only a financially healthy telephone company can carry  
out this big job.  
Telephone users, employees, shareholders—everyone has  
a vital interest in a service that means so much to the  
well-being of so many people.

**UNICEF...**

to 20 million kids that spells  
**"FOOD"**

UNICEF stands for a long name. But in plain language it just  
means help for a lot of sick, hungry, and helpless children.

UNICEF is an arm of United Nations which reaches across Europe  
and Asia to feed, clothe, nurse and rehabilitate millions of children.  
It is supported by the voluntary contributions of many nations and  
many individuals.

UNICEF has fed 5 million children in Europe — but it lacks funds  
to feed another 15 million. It has tested 15 million for disease and  
vaccinated 8 million — but it hopes to test and immunize 100  
million.

In even simpler terms — your contribution of one dollar will pay  
for enough leather to make a pair of child's shoes — or it will give  
500 kiddies a day's dose of cod-liver oil, or it will buy a glass of  
milk for 10 children every day for a week.

A dollar bill or a dollar cheque sent to "UNICEF", Ottawa, will do  
these things. UNICEF is just as simple as that.

\*UNICEF stands for United Nations' International Children's  
Emergency Fund.
