## MACKENZIE NEWS

Dear hearts and gentle people, we are again in the coal business in all departments.

We have Stove and Nut coal on hand at the new price of \$24.25. This increase is due to the settlement John L. reached with the mine operators, plus the increase in freight rates. Pea Anthracite still remains the same price of \$22.00 per ton. For Spring burning, Pea coal will save you money, or Alberta lump coal at \$16.00 per ton. We also have Nut Coke and Anthracite Briquettes and will have a car of Stoker coal in a day or two. Let us know what you need and we will try to look after you promptly.

See you at the hockey game tonight.
