●●● If all the people who work for the telephone company,  
And all the people who earn a living by making the things  
the telephone company needs,  
And all the people who have their savings invested in the  
telephone company,  
And all the people who depend on good telephone service  
to run their businesses and manage their homes;  
If all these people, with their families, lived in one city,  
This City-With-No-Name would be by far the largest in  
Canada, and one of the largest in the world.

Keeping pace with the growing needs of communities  
everywhere for more and better telephone service has  
taken lots of work and lots of money.  
Only a financially healthy telephone company can carry  
on this big job.  
Telephone users, employees, shareholders — everyone has  
a vital interest in a service that means so much to the  
welfare of so many people.

#### ANOTHER HOCKEY FAN COMMENTS ON TICKETS

Dear Sir:  
May I use your editorial column to voice my opinions in regards to hockey in Georgetown. Last week your column contained a letter which was signed "Hockey Fans". If these people who call themselves fans would support our team through the regular season, they would have no reason to be about getting tickets for playoffs. People who don't come out to games till the finals start really shouldn't expect the best seats in the house. Our town should be ashamed of the poor crowds which have been present at regular league games this season when you stop to consider the calibre of our hockey team.

If we are to continue to have our team play in the finals and have Georgetown noted for the fine hockey town which it is, we will have to have more faithful hockey fans who are going to support our boys from the beginning of the season on and not only when they reach the finals and then come out and criticize the way the tickets are being handled.

Let's look forward to a bigger and better hockey season next year and in the meantime let's get out and cheer the Raiders on to the B championship.

Yours Truly,  
An All-Season Hockey Fan

#### REGRETS SMALL CROWD AT GRC ICE REVUE

Mr. Editor:  
It seems a great pity that the people of our town did not come in greater numbers to see the Skating Revue put on by our kiddies last Friday night.

The children of all ages practiced hard and were very proud to show us what they could do on skates and we let them down. The little skaters gave a very fine performance and had the assistance of many able skaters from Weston and Toronto Skating Clubs.

Besides the children a great deal of work was done by the teachers and by many town ladies who gave every assistance making costumes and in every way tried to make the affair a success.

Again I say it is a pity that we did not do better to show our appreciation of the fine entertainment put on by our own town children.

W. G. Bell

### Toronto Choral Group At St. John's Church

A special service of sacred music was conducted in St. John's United Church on Sunday evening by members of the Carmen Memorial United Church Young Adult Group. This Choral Group from Toronto is directed by Mr. Norman Laird, organist at St. John's. This service included a period of congregational singing and worship conducted by members of the group. The lesson was read from Luke 12: 22-34 and Rev. F. W. L. Bralley, minister of Carmen Memorial United Church, Toronto, spoke on the theme — "Keeping Serene Within". The musical numbers included "Steal Away to Jesus", "He Lives, He Lives," and "Man of Sorrows" sung by the choir, and the soprano solo "The Living God" sung by Ferné Caird, and the baritone solo "Spirit of God" sung by Jack Millner.

The morning worship was conducted by Rev. John M. Smith, who read the lesson from John 21: 1-22 and spoke on the subject "Love-est Thou Me". In the absence of Mr. Laird, Mrs. James Evans was at the organ.

Well, here we is again, all tired out from a week's holiday from GHS. We returned to the confines of this building for one reason only — this reason being the same as the rest of the students — to catch up on our sleep! Satisficly enough, the day of return was a most gorgeous one and for six long hours the students of each, and every class at GHS sat and daydreamed. Through the windows of GHS we could see the budding trees, the flitting birds and the little squirrels and chipmunks making faces at us. Ah spring! Wonder of the world, when life breaks forth and our feathered friends return in new quantities to charm us. Spring, when a young man's fancy turns to what he has been dreaming of all winter. Yes, Spring must be in the air, even the teachers are feeling it. Way up in the science lab even, Mr. Baxter has put the male and female goldfish all in the same aquarium.

Speaking of the Science Lab we heard of an interesting experiment that went on up there the other day. It seems that the renowned biologist Lykie (Ike) DeVries, B.A., L.D., D.D.T. has proved beyond a doubt that grasshoppers hear through their legs. Professor DeVries placed the grasshopper in a box and rang a bell. The insect jumped, proving that when it had legs, it heard the sound. Prof. DeVries then removed the grasshopper's legs and put it back in the box. When he rang the bell again the grasshopper did not jump, thereby proving that when a grasshopper's legs are removed it cannot hear.

### ADVERTISEMENTS

Don't Send Your Girl to Vassar!  
Send her to Georgetown High School!

The walls of GHS are strong, they don't need a lot of Ivy to hold them up. There's no danger of her being outsmarted by a clever man at GHS. There are no clever men here!

(This advertisement paid for by the boys of GHS.)

We are glad to see that Miss Piercey is back with us again after her bout with pneumonia, looking hale and hearty and strong enough to beat our heads in when we provoke her.

Having called the school to assembly Monday morning, Mr. Lambert sadly informed us that as yet no date has been set for the school party and dance. We do know though that if and when we have a dance that we will have an orchestra. Talking to Student Council prez, Ray Anderson, we found out no more than we knew in the first place except that the dance will be out of town somewhere because we always have too much trouble in town. Norval and Stewarttown have excellent halls and we believe that one of these has been approached by the Dance Hall board (Mr. Lambert), but we are not sure yet wot wun.

Well the departmental application forms for departmental exams are up at GHS, and if any of you ambitious people who have just left school want to write a couple of exams on your own hook, why just toddle on up to GHS and put in your application.

Having finally cornered somebody who knew something about the Festival, we learn that the dates are the 26th and 27th of April in Brampton at St. Paul's United Church. On the 26th the trios, etc., will sing and the 27th the full choir.

GHS has no boys' choir or boys in the choir. A shortage of manpower or a shortage of enthusiasm, interest and school spirit?

### Three New Members Join Oddfellows

Orion Lodge, IOOF, conferred the initiating degree on Monday evening on three new members, Hubert Derricks, Thomas Delaney, and Noel Reynolds. The Noble Grand, Bro. Harvey Dowhurst welcomed the new members into the lodge. A brief address was given by the District Deputy Grand Master Bro. E. Depew of Georgetown, who was paying the lodge his official visit. The three new members will be taken to Orangeville tonight for the first degree, tomorrow night to Brampton for the 2nd degree and Thursday, April 27th to Brampton for the 3rd degree.

The 3rd degree team from Orion Lodge will confer the degree in Brampton.

### NATURE UNSPOILED

### YOURS TO PROTECT

The harsh, rattling cry of the KINGFISHER is a typical sound of our waters. Look for his blue and white coloring, large head and beak, and ragged crest. He rarely eats anything but coarse fish, and should be protected. The bird shown here is a female.

### ATTEND BANQUET AT PALERMO FOR LAYMEN

A number from town attended a dinner in Palermo Monday night sponsored by the Laymen's Association of Anglican churches in the county. The dinner was held in St.

Luke's Parish Hall and the guest speaker was magazine editor Watson Forster, who based his talk on "Water".  
Attending from this district were Archdeacon W. G. O. Thompson, Fred Chapman, Norman Smith, Jack Armstrong, A. E. Dawson, Russell Pearson and Arthur...
