MACKENZIE NEWS

This is the time when even the most sensible people seem to go "nuts in May" over gardening, fishing, golfing, house-cleaning or something else just as foolish.

Just so that you can sit back with a satisfied feeling and give your whole attention to your main hobby, why not put in your winter's supply of coal? The price is lower and the quality good, and it gets the job done with at one time. We are expecting a car of Nut and a car of Stove coal this week and the cost would be \$23.25 per ton. Pea coal is \$20.75 and Stoker \$18.00 per ton. Let us know when you would like delivery.

See you at the Dovercourt Church Choir concert, at Knox Church on Thursday night.
