WITH THE ANGLERS

by George Hoare
Now that the plike and pickeral
season is open the pressure on the
brown, speckled and silvery trout
will be lessened. As yet there are
no entries for the fish contest, de-
spite the fact that a lot of nice fish
have been taken. Someone will
have to start it off, even if it's with
a 12" trout. Don't forget you have
to be a member of Georgetown
Hunters and Anglers Association
before catching an entry. The fish
has to be caught in the Credit.
Lucky Anglers
Harry Adams, president of the
association, has been very success-
ful in catching some fair sized
speckled trout.

Bob Jepsen, secretary treasurer,
has also taken some nice ones.
Bob McMenamy, Jr. caught a nice
brown over the week-end on a
Maribou Coachman streamer.
The writer, Howard Cunningham,
Harvey King, Frank Farmer,
and Leigh Bradbury journeyed to
the Pine River Saturday morning.
Howard took a nice 3 lb. rainbow,
a nicely coloured male. The rest
of the catch consisted of a 3 1/2, a 2
and a 1 lb. It was a good day for
sport. A little rain fell and the sky
was overcast.

Fred Johnson, Dave and George
Barber and the writer tried their
luck early Sunday morning. A heavy
frost was on the ground and at
7.30 they were breaking ice from
the rod-guides and nearly froze.
The discomfort was more than
made up by a good catch of rain-
bows, the two largest measuring
28" and weighing 6 lbs. They were
a male and female in nice condition
including the true colours of the
rainbow which they get after being
in the river for some time.

If the truth were known a grim
story could be written on the dan-
gers these fish encountered since
leaving Georgian Bay some time
ago. The run was late this year.
Other years the rainbows are up
and gone before the trout season
opens. It's hard to say how long
these big Georgian Bay fish will
stay in the Pine, Boyne, Nottawa-
saga and other rivers this year.
