MACKENZIE NEWS

Spring does eventually come, despite floods, fires or atom bombs.

A good pre-war product again on the market is Gyproc sheathing. At \$52.50 per thousand this is the cheapest wall sheathing you can buy, and the easiest and quickest to apply. It is the ideal base for brick, stucco or bevel siding exterior walls. We also have a good stock of Gyproc bath at \$37.00 per thousand and wall board at \$50.00.

See you enjoying your own particular "24th". (Isn't it quiet without the motorcycles).

C.G.I.T. CHATTER
 Tuesday evening—the CGIT held a good game of baseball in the Public School grounds. Later the girls adjourned to their groups in St. John's Church.
 Bluebirds made some delicious sandwiches in their cokeroy class. (We know 'cause we sampled some.)

Beavers worked on their leathercraft and held discussion on "What a worship service means". Sky-larks are busy knitting socks and squares and also learning the CGIT Purpose and Hymn.
 Honour Group — The Bluebirds.
