Legion Notes

REGULAR MONTHLY meeting was held last Thursday night in the auditorium. As there was a ball game that night, a good many of the members were absent, playing on the Legion team. General business was dealt with and various accounts passed. The chairman of various committees gave their regular statements. The meeting lasted until ten, and sandwiches were then served.

ONE OF THE MAIN topics for discussion at this meeting was how the Branch should aid the Manitoba Flood Victims Fund. Already \$30 had been forwarded to Legion Provincial Command for that cause by The Women's Auxiliary and another \$50 for the Poppy Fund. An initial donation of \$50. to the Georgetown fund was moved, and ways and means were discussed of making money for it. Since that time, the idea of having a giant bingo has crystallized and this will be held next week in the Arena. In conjunction with the Lions Club and the Arena Board. Let's every Legion member and family turn out for this affair! Particulars appear in an ad. in this issue.

A ZONE PICNIC has been proposed to be held in the near future, providing, of course, that it meets the next zone meeting's approval. Sounds like a good idea.

SOFTBALL TEAM has not been doing so good, but however, the season's only started.

WE APOLOGIZE for reporting a convention that Georgetown delegates were supposedly attending last week. The boys arrived there, only to find the place locked, and in total darkness. The reason? Well, seems like the boys had read the letter alright, but hadn't bothered with the date. It was held on the 21st, all right, of APRIL. Never mind, we've heard of people being late before, but never a month!

HARRY FERRY wrote a letter to the Branch not long ago, stating that he hoped soon to be around and able to visit the new Legion Hall here. He has had an illness of over four years' duration.

THE SECRETARY is writing to various organizations in town asking them to attend the June Decoration Day service. Let's hope that a goodly number of them can accept the invitation to make this the biggest day yet.

THE JULY 1st celebration is gradually being whipped into shape and it is hoped that this year will be a big event. This is always looked forward to by the various Legion members.

EVERYONE WILL want to try for the \$100 first prize at the Monster Bingo for flood relief next Wednesday. A cash prize in every game, and all proceeds for a good cause. We expect the area will be filled to the doors. Nearly everyone loves to take a chance, especially when the chance combines a first prize like that, and helping those less fortunate than ourselves.

Dear Readers:
Parting is such sweet sorrow— (Shakespeare??) This is our last column this year, and since we are finished school for good, this is our last column. We sincerely hope that we have offended no one or made any comments that were not suitable. Any complaints can be sent to us.

We are sitting at home now writing this column when we are supposed to be studying. Third and Fourth forms have had a couple of days off to study and we can imagine how much has been done. It is a lovely Spring day and we hope now that old Mother Nature will settle down and give us some nice summer weather. GHS has put on her summer day face, one of gaiety (glad to be rid of the first form brats) and then at night her face saddens as she thinks of the new influx of first formers in the fall. Ah, sweet mystery of life. First form is like crop rotation, every year an altogether different bunch of students (?). Generally speaking, they are noisy. This year's first form had no bad marks against them, they were usually making too much noise for anyone to say anything against them.

Feeling gay today we composed a poem.

Dear School, your memory
Shall ever haunt me,
I see your halls abounded,
By a host of face rounded,
I see the staff, smiling there,
As new students fall in the snare
With cheering smile, the principal
Stands at the door and greets
them all.
You're late, the nineteenth Psalm,
These famous words oft spoke
with calm.
Ensure the student to the rest
Of his troubles, now unrest.
"No French Vocab? Ten thousand
lines"
"You people are all going to get a
rude awakening one of these
days if you don't smarten up
and study your algebra every
night!"

"I'm like an elephant, got a wonderful memory."
"I am talking now, if you have a question put your hand UP."
"I'm sick and tired of all this noise and I'm not standing it any longer."
All famous words, will ne'er be forgot,
They are part of the joys that schooldays brought,
Remain with me, a hallowed memory,
School, its stories, carry always with me!

Thanks, dear readers, we had a swell time together during the year and may we wish you all prosperity and good health in the years ahead.
Yours faithfully,
Lorne A. McBride.

C.G.I.T. CHATTER

The regular weekly meeting opened with an active game of baseball followed by a business meeting, then adjournment to groups. The Beavers were busily engaged in the church placing new felt on the Communion racks. The Bluebirds all went out to Mrs. Wyatt's home and had a lesson on Pottery making. The Skylarks are still knitting on their squares for an afghan and each girl repeated the first verse on the CGIT hymn. Honour Group — The Beavers.

MACKENZIE NEWS

Maybe your present home is better than you think. It could be easier to improve the house you live in than move to another.

If you have windows that won't stay up without a prop, sash balancers could be installed at a cost of \$2.15 per sash for the balancers. A new arborite top on the counter and new chromium handles would add to the appearance of your kitchen cupboard and make it easier to keep. Duratite on your bathroom walls would solve your decorating problem there. A combination screen and storm door at a cost of \$15.00 would add to the comfort of your home. See you watching the Spring arrive.

BOY SCOUT NEWS

"B" pack Cubs will meet at the Park on Friday afternoon at 4 o'clock — sports.

Cubs and Scouts are urged to complete their uniforms as soon as possible. The Ladies Auxiliary members are willing to act in the collection and sale of no longer required uniforms.

Scout Ted Middleton was chosen to be the Patrol Leader of the new patrol formed by the admission of six Cubs into the Scout Troop. We expect great things of this patrol. Rumour has it that they have chosen the name of "Hawk."

Full details concerning Cub and Scout Camps will be available in about two weeks. Meantime may we suggest you prepare by saving your dimes and obtaining your uniform.

"Going Up" ceremonies were conducted on Wednesday night for Cubs George Gibbs, George Mudie, Ted Hewitt, Jack Livingstone, Francis Hulme, and Calvin King who were received into the Scout troop as new recruits by A.S.M. Bob Smith. Thanks to the Ladies Auxiliary for a fine lunch.

The two new pup tents were put into use this week when Scouts Bill Gibbs, George Gibbs, Wayne Pyles and Jim Mudie went on an overnight hike.
