BOND TENDER GOES TO GAIRDNER FIRM

At a recent special meeting of the town council, a motion accepting the bid of the Bank of Commerce of 100.38 for the purchase of \$31,000 in debentures to be issued for sewerage extensions, was rescinded. The action was taken on the suggestion of the Bank that the highest tender should be accepted. The Tender of Gaardner & Co. of 100.41 was accepted.

Council had originally given the tender to the Bank because the difference in price was very slight and they wanted to favour a local bidder when possible.

Two Leagues Planned By Industrial Bowlers

The Industrial Bowling League will be split into two groups next year. Those players with averages of 190 or better for the past two years will play in a separate "major" league. In order to provide keener competition in the regular industrial league.

This decision was made when the annual banquet was held last Friday at Hilltop Lodge, Erin. After a turkey dinner president Everett Wilson, Hugh Dickie and Wellington Wilson spoke briefly. Bill Anderson received the Lucky Strike Challenge trophy from Al Norton, operator of the club, for the Combines who had won it the second year in a row. A new trophy, emblematic of the men's single championship in a special bowling tournament was presented by Mr. Norton to Alf Kirby.

Walter Blohn presented other trophies which included one to Bill Anderson for high average; Alf Kirby for high, triple and second high average; Wellington "Duke" Wilson, 3rd high average, 2nd high triple and 2nd high single; and individual trophies to members of the Combines team, Bill Anderson, Nip Shipway, Rene Martin, Harold Schenk, Tom Wylie and Frank Anderson.

Maurice Herbert was elected president of the league for next season and Arthur Herbert vice-president. Hugh Dickie is secretary and Bob Muir treasurer. The four bowlers with the highest averages, Alf Kirby, Bill Anderson, "Duke" Wilson and "Ace" Bailey will be captains of the major league and players on the four teams will be drawn from a hat at a later date.

Mr. and Mrs. M. Cameron and Donald and John visited for the week-end with her aunt Miss E. Brown at her home on Charles Street. Mr. Cameron is accountant at the Bank of Montreal branch in Peterborough.

TOM GARD'S NOTE BOOK

June, the month of brides—and roses! I'm not going to concern myself with brides, but am greatly interested in discussing roses. This universally popular flower should be in every garden in at least one of its varied forms. It is wise to grow hybrid teas and hybrid perpetuals mixed together in solid beds. Ramblers, pillar roses and climbers can be used to advantage on trellises or pergolas.

Plans for different types of supports abound. Two trellises and two arbours are shown. If you are not anxious to tackle the curved archway, then stick to a design which has straight lines.

If you are a rose enthusiast or would like to become more familiar with rose culture, why not join the Ontario Rose Society? We would be pleased to forward to you the particulars for joining this active organization.

For Outdoor Living

Nothing tastes so good as food cooked in the open over an outdoor fireplace. My teen-age daughter kept at me until I finally broke down and built a barbecue in a secluded corner of the garden. Ever since it was finished there has been a continual round of weiner roasts, picnics and impromptu gatherings in our back yard. I must admit its use has not been restricted to teenagers!

Barbecue

It was a toss-up whether I would include an incinerator with the brick barbecue or not. Saw a combination arrangement — barbecue at one side, incinerator at the other — in Kingston over a year ago, which was very attractive. Because of the layout of my garden I decided on two separate units and intend to follow the incinerator design shown. It should help keep debris about the place to a minimum.

This marks the halfway point of this present series. I'd be delighted to hear from you if you have any comments to make on any of the suggestions already given or in the booklet "Around the Home".
