WITH THE ANGLERS

MORE TO FISHING THAN JUST FISHING

Rain squalls and high winds were responsible for many empty creels last week-end. The farmers appreciated the rain and so did the fishermen who have nice gardens and lawns to think about before going fishing.

June is a nice month to be out along the river. There is so much beauty — sunrise and sunset, birds, deer, squirrel, mink, little cottontails. The different green in the trees is a picture itself.

While fishing a small stream near Acton for pan size speckled trout a hen partridge was flushed from her nest of 13 eggs. It isn't often one sees a partridge nest — most hens freeze and let one pass by, sooner than flush and disclose the precious secret. The nest was about two feet off the ground in a cedar tree.

The column so far goes to prove that there is more to fishing than just fishing.

Lucky Anglers
Eddie McLean of Norval caught a "28" brown. To quote Ed, it was a little under weight for its length. A nice one just the same.

Steve Emmerson caught a nice one — 22" and weighed 3 1/2 lbs.

Eddie Stapleton fooled an 18" brown with a red despair fly. He has been having good luck on streamers, bucktails and despairs so far this season. To quote Eddie, presentation means everything.

Fred Spires and Evan Buchanan accompanied by Doug Brown of Brampton caught some fair sized speckled trout at the Forks.

Jim Coffell and Charlie Hoare were at Williams Lake near Owen Sound. The water was rough and only one nice fish was caught. This lake is a good place for spinning tackle. There are 14 boats for rent there.

By all reports Jack Crichton brought some nice brook trout home recently. They were over the 2 lb. mark and were caught in a lake near Gravenhurst.

Not long ago Walter Bradford, Duke Wilson and Roy Norton were out with Stan Lyon in his power boat Bush 2nd. The catch consisted of two 8 lb., a 6 lb. and two smaller lake trout. Stan installed a new 110 hp Mercury Marine engine in his boat last winter which gives it twice the speed. This means a lot in the summer months when one has to go on eight miles out before showing down to troll in deep water. Right now the lakers are scattered and can be caught in several places and different depths. Stan says the lake last week-end was much too rough for trolling.

Members of the choir of St. John's Church held a social evening after choir practice last Thursday and presented one of their members, Phyllis Cavanagh with a hand painted tray. Miss Cavanagh will marry Jack Norman of Weston this Saturday.

ACTON WINS MONDAY
Acton won their first game of baseball of the season when they defeated Georgetown Monday night in Acton Park 12-4. The Georgetown team couldn't seem to get clicking and errors were plentiful. The baseball Raiders have one win and three losses to date.

The baseball team has lost the services of pitching star Harvey Chappel and Hal Gibson, who along with Kent Storey have gone to Temiskaming, Quebec, to play softball for the summer.

Scores in other recent league games include Waterdown, 7, Acton 3, and Fergus 4, Milton, 2.
