HOW WILL
The NEW Public School
Benefit EVERYONE?

THE RATEPAYERS: An important item to every Georgetown Tax Payer is the monetary support given our schools by the Provincial Department of Education. In this issue of a NEW Public School, ratepayers should not hesitate. It is far better to have the Province behind us wholeheartedly in building a NEW, modern school than to pay through the nose for half-measures about which the Department of Education is only lukewarm.

THE SCHOOL CHILDREN: Let us not shut our eyes to the fact that our school-going population is fast out-growing the present accommodation. Surely they are entitled to proper educational facilities. They need them!

THE TEACHERS: Our present staff of teachers is doing a noble job in spite of overcrowded conditions. To increase the burden by asking them to work in makeshift, still crowded quarters will affect their efficiency. We need to increase their facilities so that they can work enthusiastically. Their benefit is ours!

THE COMMUNITY: Georgetown, unlike Topsy, didn't just grow. This delightful community of ours represents work, sacrifice, an ideal of citizenship. All of us sharing its benefits should remember that today's children will be the motive force in Georgetown tomorrow. We have had a lot from the town — let's not hesitate to give something . . . to throw our weight behind the NEW Public School. It cannot help but benefit the entire community. It represents our faith in Georgetown.

NEW HEAD APPOINTED AT ONT. AGRICULTURAL COLLEGE

On September 1 the Ontario Agricultural College is to have a new President. The announcement was made by Col. the Hon. T. L. Kennedy, Ontario Minister of Agriculture, the latter part of last week. Dr. W. R. Reek, MBE, former deputy minister of Agriculture for Ontario, and who has been president of the OAC since Dr. Christie's retirement, will bring his long and noteworthy career in the public service to a conclusion at the end of August.

His successor as president at the OAC is to be Dr. J. D. MacLachlan who has been head of the Botany Dept. at the OAC since 1948. Dr. MacLachlan who is a native of Grenville County, took his first degree at Queen's University. MANY LOCAL PEOPLE ATTEND MILTON RALLY

Rev. John M. Smith, conducted the morning worship in St. John's United Church on Sunday. The lesson was read from Luke 10: 1-10 and the sermon was entitled "Restitution". The choir under the direction of Mr. Norman Laird sang the anthem, "I Will Sing of Thy Power."

The evening worship was in the form of a meditation based on the 27th Psalm. Miss Isobel Dobson accompanied the congregational singing.

The flowers decorating the church were placed to the memory of Martin Near by his wife.

Companies Get Vote On New Public School

A number of incorporated companies will have a vote in the June 19th vote on the building of a new public school in Georgetown. Ordinarily companies owning land within the municipality do not have a vote in a municipal election but they have this privilege in the case of a money-by-law. The company must signify its intention in writing, naming a member of the firm who will cast the ballot, and have this in the hands of the returning officer, town clerk Charles Willson ten days before the voting date.

Firms which receive a vote under this ruling include Smith and Stone, Provincial Paper, Alliance Paper Mills, Georgetown Clay Products, Arthur Scott Motors Ltd., Harley-Kay-Marland, Georgetown Lumber Company, Silver's Dept. Store, Royal Bank, Bank of Commerce, Meadowglen Growers, and McNally and Lane Co. Ltd.

NATURE UNSPOILED

YOURS TO PROTECT
 THE CRESTED FLYCATCHER is common in parks, orchards and woodlands. He's olive-grey, reddish-brown and sulphur-yellow in color. Look for his short, ragged crest. His loud, harsh cry is heard in tall trees everywhere. He lives on insects, and should be protected.
