SEEMS TO ME that last year we talked of calling this column "phattering" when it was first written on the shores of Lake Huron. The same goes this year, and one could take an oath that it was at least zero when the family arrived at Laverhuron Beach last Friday. There is nothing so cold as an unopened cottage, and as it was much too late to lay a fire in the fireplace, we loaded the blankets on the beds and snuggled underneath. . . . Next day was warmer, and now we have settled down to routine and full enjoyment of the lovely Lake Huron sand, water and sky.

A CANADIAN RESIDENT for many years has become a 100 per cent Canadian. Mr. Trygve Wold, chief engineer at Smith & Stone Ltd., was naturalized at a ceremony in Milton Courthouse last month, just in time to cast his first vote in a Georgetown election, the school by-law vote. . . . The day he took the oath of allegiance was twenty years to the day on June 6th when Mr. Wold arrived in a strange country which was to become his permanent home. He graduated as an electrical engineer from the Norwegian Institute of Technology at Trondheim in 1927, and a few years later took the notion, like so many of his countrymen, to try his fortune in a foreign country.

He spent a few months in Montreal and then came to Georgetown in February, 1931, where he has become one of the old-timers at Smith and Stone. . . . In December of that year, the future Mrs. Wold arrived in Georgetown, and they were married in Toronto. . . . Last year they built a beautiful new home overlooking the valley on Maple Avenue. . . . Mr. Wold takes an active part in community life and is a past master of Credit Lodge and past first principal of Halton Chapter.

IT ISN'T OFTEN that the Herald misses wedding news, but it was just this week that we learned of the marriage of a former Georgetown girl, Joyce Williams. Joyce attended high school here, then worked for a year at Lillico's Beauty Salon while she was living at the home of Mrs. Maude Robinson. . . . She married Douglas Wright, a graduate this year from the University of Toronto in electrical engineering, in Donlands United Church in May, and they were out to visit the Robinsons recently. . . . A number of local people attended the wedding including Mrs. Robinson, Misses Marion Robinson, Lena McNally, Mary Dobson and Joan Main.

A LIGHTNING BOLT during a severe electrical storm a week ago Friday destroyed the beautiful summer home of Mr. and Mrs. John Walker on Victoria Island in Muskoka. . . . Mr. and Mrs. Walker, who live at Tralee Farm near Brampton are the parents of Mrs. Richard Crichton of town. Insurance covers only a fraction of the loss of the house which contained many valuable articles of

furniture. . . . A boathouse and another small building were untouched by the flames and the family has set up temporary summer quarters there. Luckily no one was in the cottage at the time, or there might have been even more tragic consequences. . . . New neighbours across the road on Queen Street in the former Danby Banks house are Mr. and Mrs. Art Stamp and baby-daughter Shirley. They had been living in the Glen since coming back to this district from Toronto a few months ago.

OFF TO CAMP at Langford, Lake Couchiching, is Eileen Prust, daughter of Mr. and Mrs. Dick Prust and a student at Georgetown High School. . . . The camp is operated by the Ontario Department of Education and gives leadership training to young athletes. . . . A boys' camp is operated later in the summer, and Bill Arnold, Jim Kirkwood and Bill MacCormack are among those who have attended in recent years.

THE KENNETH LANGDONS are having an extension put on their house on Charles Street which will provide a larger garage and a sun porch at the rear of their lovely stone residence. . . . Nice to report that Mrs. Langdon is able to be home from hospital and is convalescing after her illness.

A narrow escape was that of Mr. and Mrs. Fred Schultz, Gloria and Joan, who were en route to Montreal recently when the tie rod in their panel truck broke on the highway. . . . Mr. Schultz steered the car to a stop as well as he could but not before it left the road and turned over. . . . Mrs. Ernie Rawson and son David were also in the car. . . . No one was seriously injured, but the trip was marred for it took several hours to put the truck in operating condition before the trip could be resumed.

SPORTSMANSHIP IN "CANADA UNLIMITED"

Cinders spurred on the Fallowfield racing oval at Manchester, England. The Commonwealth's swiftest cyclists were breaking for the 10-mile Marathon crown of the 1934 British Empire Games.

South Africa's cyclist—favoured to win—led the field. Suddenly Canada's entry spurred up beside him . . . then pushed a wheel's length in front. Down the stretch and past the finish he held the lead . . . bringing Canada its first Empire Marathon victory.

Keen sportsmanship and a will to win have brought Canadians many firsts. And sportsmanship, with teamwork, helps you, too in work and play. Together they keep your scope for opportunity in Canada...unlimited.
