Chatting

With
M.H.B.

AFTER A SOJOURN of five years in New Zealand, Mr. and Mrs. Malcolm McClelland are coming back to Canada to make their home at Mille Roches. Mrs. McClelland is the former Mayanna Murdoch, daughter of Mr. and Mrs. William Murdoch of that town and has often visited here with her aunt, Mrs. W. V. Grant and her cousin Betty. A war romance brought this young couple from two different corners of the world together when the New Zealand aviator took his training in Canada. After the war he returned to Gore, New Zealand to resume his position as a schoolteacher and it was there that their son, Geoffrey, and daughter, Marion, were born. Now Mr. McClelland will become a teacher at Mille Roches. Mrs. McClelland and baby Marion made the trip by plane, while Geoffrey and his father are travelling by boat.

Betty Grant, who is a member of the teaching staff of Arthur High School is spending the first few weeks of her summer vacation marking French Composition departmental papers in Toronto.

WE'VE NEVER BEEN ONE of the lucky ones, but we can get a second-hand thrill over the good luck of an uncle, Charles Lake of Lakefield who won a new Austin car in a recent raffle in that town. Uncle Charlie, who was born and brought up in Georgetown, works for a Peterborough bakery and told us of his good fortune when he called in town one day recently. To prove that good luck runs in cycles, his wife won a ten dollar prize in the same affair.

For several weeks we have been wondering just how to apologize for an error which appeared in Chatting several weeks ago. It isn't often that we "get our signals crossed" but that's just what happened when we reported that another contractor was building the John Malcolm's new house on Maple Avenue. Just in case anyone wonders why Messrs. Hawes and Nelson are so much in evidence around the building site, we can assure you that they have the contract. Our apologies, gentlemen!

SPEAKING OF HOUSES, the John Bells are pouring over plans for their new house which McNally & Lane will build for them, across from Miss N. Learmonth's home on Main Street South. The excavation is being made at present.

Mrs. C. J. Buck, Joan and Jim are living in their new home on Ostrander Boulevard, having moved from the house at the highway corner which they have shared for so many years with her mother-in-law.

Mr. and Mrs. Ross Thompson and family have also changed location and are in their new home at the corner of McNab and Durham Streets which they purchased from Mr. and Mrs. Thomas Given. The house was last occupied by Mr. and Mrs. Duke Burrows of Fenelon Falls.

HOME AGAIN and back to her position with Walter T. Evans & Co. is Miss Ruth Evans. Ruth has had a perfectly marvelous trip overseas which lasted over two months, topped off with a perfect crossing homeward on the Queen Mary. She spent her time in England, Ireland, Scotland, Wales and the Isle of Man and was able to arrange a visit in Belfast with Flight Lieutenant Gordon McDonald and his wife, the former Lois

Nielsen. This young Georgetown couple have been living in Ireland since Gordon was posted there on duty with the Royal Air Force.

Ruth also visited with friends in Cardiff, Wales. Mr. and Mrs. Norman Grey and Mr. and Mrs. H. M. Marsh, both of whom had visited at her home here last year. It is pleasant news to report that Violet Louth is making good progress back to good health. In Peel Memorial Hospital, V's marriage to Kenneth Elgin Darch, planned for June 24th in St. George's Church, was postponed when she underwent an emergency appendicitis operation with complications which made her a very sick girl for a time.

ANOTHER Georgetown is enjoying a visit to England. Harry Williams, who spent last year doing research work at the University of Toronto after graduating in science is at present taking a motor bike tour through Britain. Harry was impressed with the country when he served there with the air force so decided to go back on his own this time. He has many relatives in Wales, for it was from there that his parents came to Canada. He intends to return in August and enter the teaching course at the Ontario College of Education.

Al Cameron Is Promoted Bank Manager at Meaford

A former accountant at the Bank of Montreal here, Al Cameron has recently been promoted to manager of the bank's branch at Meaford. The appointment takes effect the middle of this month.

Al, who is married to the former Helen Brown of Georgetown, has served at some ten branches of the bank including Ottawa and Sudbury. He went from here to Kincardine and then to Peterborough where he has been chief accountant for the past year. In Peterborough he played an active part in community affairs as treasurer of the Lions Club and secretary-treasurer of the Civic Arena Committee. Al, with his wife and two sons is a frequent visitor in town with her aunt, Miss E. Brown who lives on Charles St.

HORNBY

Two Thousand Attend Ball Club Garden Party

An estimated crowd of two thousand attended the 3rd annual garden party last Thursday at Hornby Ball Park, which was sponsored by Hornby Ball Club. In addition to the stage program there was an early ball game between two ladies' teams from the Sunnyside Major Fastball League and a demonstration of model aircraft flying by Les Robinson, a member of the Gashoppers Club, Toronto.

The vaudeville show featured some top flight talent, headlined by two old garden party favourites, Violet Murray and Tom Hamilton. Pat Rafferty and Charlie Jeeves, two of the original "Dumbbells", Bernie Gray, who has appeared in Toronto night clubs with his harmonica and Zena Cheevers, dancing star of stage and night clubs were also performers in the show.
