At \$23.00 per 100 sq. ft. or 30c per square ft. you can buy Red Oak of pre-war quality and finish. 3/4" Birch flooring is \$19.00 per 100 sq. ft. or 25c per square foot. This is a lifetime floor for wear and appearance.

### SPORTS ROUND-UP

By Steamboat Emerson Ted Vahl, manager of the juvenile Raiders tells us his baseball nine are gearing themselves for the playoffs. Oakville and Campbellville are playing off and should the latter win, Georgetown will meet Milton in Milton Thursday. If Oakville wins, which they should do by their record, Georgetown and Oakville will play-off, with the starting date probably Saturday. It will most likely be a 3-of-5 series with Georgetown assured of at least one home game.

The juveniles won an exciting game here with Oakville last Saturday, the final score 13-12.

Georgetown Monarchs finishing fifth in their league standing and missing a playoff berth by one point. Georgetown Monarchs are preparing to play a few exhibition games before putting away their gear for another season. Coach Bill Korzack had to carry on this year with a young team and he hopes next year to have some of the older girls back in the line-up.

Georgetown Motors sponsored the Monarchs again this year and Sparky Dron was manager.

Industrial Softball Smith and Stone turned on the pressure Thursday to defeat the strong Limehouse club, 15-2. Other scores that night were Legion, 12, Glen 5 and Combines 16, Norval 7.

Monday's games were rained out. All the entries have sweaters and caps which adds to the colour of the league.

The teams are evenly matched and playoff time should provide a lot of keen baseball enthusiasm. There is a need for efficient umpires. The one or two available can only handle one game a night and while two teams are receiving fair umpiring the other three are left to the discretion of some inexperienced bystander who takes the job in just to be a good sport.

Before playoff time a move should be made toward securing some good ump.

Team managers are asked to leave scores and interesting data at the Herald office so we can give an accurate account of what's going on each week.

Highlight of the Week Cartoon at local theatre tells of family dog that does "odd jobs" around the house. Have you got one of those too?

Everything in General Scotty Patterson is in hospital with a hand injury.

Doug Norton, juvenile catcher, is out for the season with a bad ankle.

Limehouse Blues of the softball league are scheduled for a shake-up.

Don't hear much from Nels Robinson or Norval these days. Still in the league, fellows?

Ball fans: Do you remember when Scotty Patterson was a rookie and couldn't tell a pitch from curve or hook?

Dearie, life was cheery in the good old local park. Do you remember, do you remember.

Well ball fans you're much older than I.

Ball fans: Do you remember when Lefty McMann used to heave and Bungy Ward was behind the plate to receive.

Dearie, life was cheery in the good old local park. Do you remember, do you remember.

Well ball fans you're much older than I.

Ball fans: Do you remember when Fat Walters in a game chewed a plug in every frame.

Charlie Vint could always be seen at every game behind the screen. At every game behind the screen, do you remember, do you remember.

Well ball fans you're much older than I.

Ball fans: Do you remember when Tudor's team-mates named him "twinkletoes"?

Because of his nimble feats, so the story goes. Do you remember, do you remember.

Well ball fans you're much older than I.
