

Chatting With M.H.B.

USUALLY PEOPLE arrive home from their vacations with a few good fish stories tucked away under their hats. You have doubtless noticed that we definitely do not fall under that category. Instead, all we can seem to talk about are mice. But publishing our plight with them brought us a few good stories concerning other people's troubles with them too.

For instance, Mr. and Mrs. Bud

Matson, Brampton (formerly Hazel Wadley), were having "mouse trouble" at their cottage at Norland early this summer and decided to deal with it via the mouse seed method. And, like ours, their mouse-seed disappeared, but the mouse didn't. No one could understand why, till one day they turned on the record player. Hazel tells us it sounded terrible. So bad was it, in fact, that an investigation seemed in order.

When they looked inside the

record player, one quick glance solved both their problems. For crouching down in a corner of the machine, just beyond the revolving discs, was a very frightened mouse, and all around him and in and around the "mechanics" of the record player were quantities of unconsumed mouse-seed. To all appearances, he was storing it up for the winter. Guess the inventors of mouse-seed hadn't counted on such intelligent mice.

A QUICK SWITCH to a more beautiful subject . . . aren't the flower gardens, and especially the petunias, a glorious riot of colour and bloom just now? It's pretty hard to beat petunias for a good showing.

After living in Bolton for the past three years, Mr. and Mrs. Earl Scott with children Gary and Trudy have returned to live in town. They have moved into Mrs. J. Buck's apartment in her home at the corner of Guelph and John Streets.

Mr. Scott is employed at the A. V. Rice Company, Malton.

Mrs. Norman Verdec, and sons Richard and Norman moved last week-end to join her husband in Alberta. Mrs. Verdec was a valued member of the Countess of Strathmore Chapter, JOE, being a former Regent, and also having been particularly interested in the Chapter's work with the local County Child Health Clinics. Mr. and Mrs. Harold Wilson will move into the house just vacated by the Verdec family.

Oops! . . . Admit we should have known better. . . . It was Mr. and Mrs. Arthur Reeve (not Albert) who have moved into their recently purchased home on Main Street South. At the end of the month, Mr. and Mrs. Reeve's son and his wife, Mr. and Mrs. Bob Reeve and daughter, will move into the upstairs apartment.

THE GEORGETOWN Girls Pipe Band are still having an extremely busy time, and it's very proud we are, of the honours they keep receiving. Key to the City of Pittsburgh, in a Civic Reception at the City Hall. . . . Last person to receive such an honour was actress Gloria Swanson. Pipe Major Mary Patterson, on behalf of the Band, received the key, which is of gold, and about six inches long.

To make the trip to Pittsburgh was an all-night bus ride from town. The girls arrived in Pittsburgh at 8.30 in the morning and paraded at 10.00, to the City Hall, with an escort of two motorcycles, and four police on horseback. The presentation of the key to the City was broadcast over television. This made the second time the Pipe Band has appeared on television, having been televised the last time they were in New York City.

Completing a very full week-end, the Band left Pittsburgh at 6 o'clock that same evening, and drove all night, once more, to reach Port Elgin at 9 the next morning. Here they stayed Sunday and Monday, having been engaged to play in Port Elgin's big annual Civic Holiday celebrations.

THE BELL Telephone Company has good news for Glen Williams, when they announce the start of installing a party line there, in October. It's a progressive step, and one which Glen residents will certainly welcome. Country lines with large numbers of subscribers on each may be sort of friendly affairs, but they can also be a source of great inconvenience and annoyance.

Speaking of progress — we don't know who is responsible, but certainly whoever it was, had a very good idea when they made a lovely little picnic grounds on the riverside flats at the foot of Norvall hill. Quite a few people were taking advantage of it Sunday.

THE NEW house you notice being built on the 7th line, between here and Stewarttown, belongs to Mr. and Mrs. Cecil Walker. From the preview we had of the plans, Limehouse Knox Church W.A. are making for their first Church Re-union, to take place next Saturday and Sunday, we'd say there's a lot of fun and enjoyment in store for everyone. . . . On Saturday, the ball park will be the scene of festivities, with a ball game, races, booth, and the Girls Pipe Band in attendance. On Sunday, there will be a special service and music, in the church. The ladies are hoping that everyone who ever attended Limehouse Knox Church or Sunday School, and everyone interested in the church, will attend the reunion.

O'Meara Goes to P.E.I. Dr. G. Clarke Appointed New Health Unit Dentist

Dr. B. J. O'Meara, dentist on the staff of Halton Health Unit last year, has been appointed director of the dental division of the provincial department of health in Prince Edward Island and resigned his position effective August 15th.

He will be succeeded in Halton by Dr. George Clarke who has been director of dental services for the city of Oshawa. Dr. Clarke is a brother of Dr. Lloyd Clarke, Hamilton medical officer of health.

Halton County was one of a small number of Ontario counties, used last year as test projects for a study of dental hygiene. The federal government paid the complete cost of a survey made by Dr. O'Meara which entailed examination of all primary school children and most high school children.

Georgetown and Esquesing were among municipalities which in turn agreed to foot the cost of dental treatment for all children requiring this and a system was devised whereby the parents signified which dentist they wished their children to visit.

The government has again made funds available this year and Dr. Clarke will examine all primary school children this year and if time permits, will extend this study into the secondary and pre-school groups.

PHONE 310 - BARBER'S

Here's a bargain for you!

I will run a dozen errands . . .
... make appointments, do your shopping
... stand guard over your safety.
... carry you to the side of a sick friend
... ease you worry, and effort, and hours
... make your work easier, your life pleasanter.

How would you measure your telephone's true worth? Its endless convenience. Its life-saving speed in time of need. The steadily growing number of people it brings within your reach. . . . All these things contribute to the sum-total of telephone value.

Yet in dollars-and-cents cost, your telephone remains one of the smallest items in your family budget; even a smaller part than it was before the war.

Today, as always, your telephone is big value.

THE BELL TELEPHONE COMPANY OF CANADA

IF YOU ARE WAITING FOR A TELEPHONE, or for a higher grade of service, you have our assurance that you will have it just as quickly as possible. Our continuing goal is to provide the kind of service to all who want it, when and where they want it.

SPORTSMANSHIP IN "CANADA UNLIMITED"

It was 1938. Off Boston, Mass., two sleek fishing schooners charged neck-and-neck through the gust-tossed Atlantic. Canada's famous Bluenose and her arch-rival, the Gloucester L. Thebaud of Gloucester, were sailing the fifth and final heat of the International Fishermen's Trophy Race.

The older Bluenose, four-time trophy winner, took a narrow lead early in the 35 1/2-mile course. Crowding sail, the Gloucestermen tried to close the gap. But the Bluenose stayed in front . . . to win the trophy by 2 minutes, 30 seconds.

Close teamwork has won many firsts for Canadian sportsmen. And teamwork, with sportsmanship, helps you, too, in work and play. Together they keep your scope for opportunity in Canada . . . unlimited.

Best!
