Legion Notes

WHAT WITH the paper mills and Smith & Stone having their holidays, so many of the boys have been away that there hasn't been much in the way of news around the Branch.

WE SEE THAT Alex Taylor is now back on the job running the Friday night socials. He is still getting good crowds in spite of the warm weather. Jack Armstrong and His Orchestra are playing every Friday night for the dance.

JIM BLAIR, we think, is at present the champion fisherman of the Branch. While holidaying in the north country, he caught some big ones, bass and pike. The one he's proudest of, tho', was a 34 inch pike, weighing 10 pounds. And he's got a picture to prove it!

THREE OF THE local members went down to Lake Simcoe for the long week-end over Civic holiday, and did some fishing. However, they tell us the big ones got away. Why? It was so big they couldn't get it in the net. Well, that's the way we heard it, anyway.

THE ZONE PICNIC was held at Martin's Park, last Saturday, with a number from town attending. A good time was reported by all.

THE LADIES AUXILIARY have purchased some new chairs for the auditorium. They will replace the old ones. Thanks, ladies, they were badly needed and are certainly appreciated by the Branch.

THE SYMPATHY OF the entire Branch goes to the family of Albert Henney, who passed away last week. Albert had belonged to the Legion for a long time and had always been an active worker. There was an excellent turnout of Legion members to pay their last respects.

REGULAR MEETINGS will resume in September. Let's see every member out at the first meeting and rumour has it that there will be news that we have all waited a long time to hear.

THE DOMINION Convention is to be held in September in Winnipeg. This was postponed from May because of the disastrous Red River flood. This month's Legionary has an interesting article on the work done by the various Branches in the flooded area, along with some fine pictures.

MANY READERS of the Legionary will have read some of the

articles written by Douglas Smith, who at one time was public relations man for Dominion Command, Canadian Legion. They will be interested to know that he has recently purchased a partnership in a weekly newspaper near here, called "The Lakeshore Weekly" and is making his home at Long Branch.

THE DART PLAYERS seem to be at it harder than ever in the hot weather. Civic Holiday saw the boards in almost constant use and some keen competition. We hear Jack Kerr and Henry Shepherd were top men that night.

School Architects Chosen
New Site Still in Doubt

J. B. Parkin Associates, a firm of Toronto architects has been engaged as architects to plan the new Georgetown public school. They were chosen by the school board from a number of firms which specialized in school construction, after a series of interviews and visits to new schools in the district by members of the board.

The Parkin firm were architects for Sunningdale and New Toronto schools, both of which were visited by the board. They have built about forty schools in Ontario in recent years.

The question of a site is still a major problem facing the board and the architects were chosen first in order that they might lend their services in helping to choose this. At least two properties are being considered by the board at the present time.

SOCIAL & PERSONAL

Mrs. James Ritchie and Terry are spending this week with Mr. and Mrs. Joe Wilcox at Callander. Mr. Ritchie will join them there next week.

Mr. and Mrs. Howard Wrigglesworth, Douglas and Robert will spend the next two weeks vacationing at Lake Bernard near Sundridge.

Around the Home ...

TOM GARD'S NOTE BOOK

It seems as if most people have a struggle to furnish their first home. We visited newlyweds last weekend and it was almost like reliving our own first few months! They will succeed, though, as first things had been put, and improvisation took care of the rest. One of their best "make-shifts" was a hall table. His parents had a modernized an old sideboard by removing the top section, mirror and all. The top shelf and two supports had been left intact; a third leg was placed in the centre at the back and then braces run to the other two legs. It made an ideal hall table for the telephone and hadn't cost a cent. Even the mirror had been resilvered, etched and mounted on half-inch plywood, making an inexpensive hall mirror.

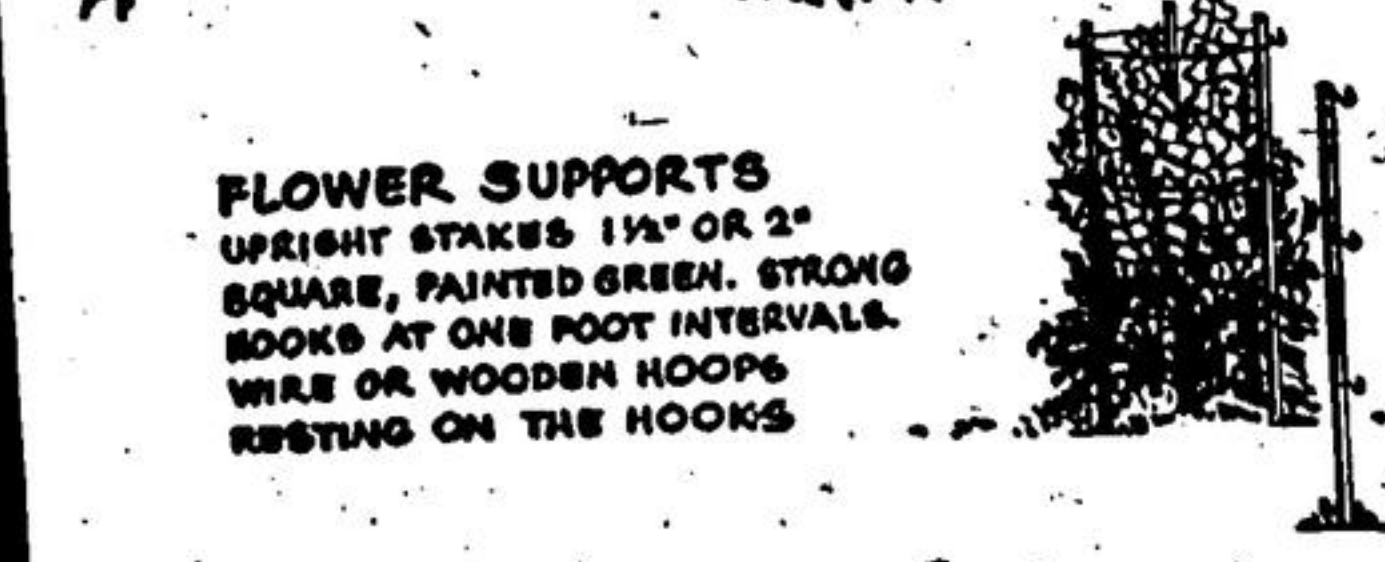

Barrel-Stave Hammock

If you would like a hammock to hang under your favourite tree but must temper a limited budget, try the idea developed by a neighbour down the street. Holes were bored in old barrel staves and then threaded with half-inch rope. You'll see how it was done by examining the diagram shown. A heavy blanket or old sleeping bag will make the hammock quite comfortable.

Corner Garden Seat

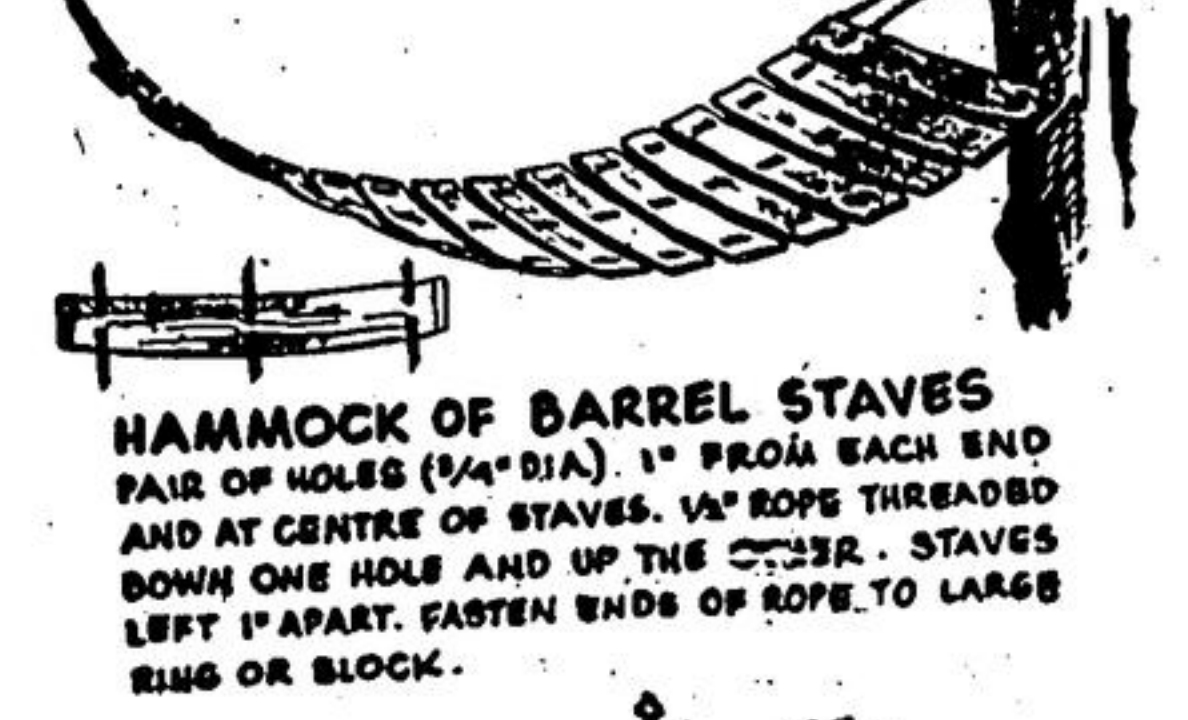

If you wish a garden trellis in a half-plot backyard, don't stick it out in the centre of the lawn like a sore thumb. Arbours and gateways should lead somewhere; high trellises should terminate some line of vision. One of the best ideas I have seen for a small garden combined the trellis with a corner garden seat. It was most attractive and a solid mass of blue morning glories when I last saw it.

For more ideas of this kind are being put to the test. In case you haven't seen the book, write for your copy. It's the best thing I have seen since the war. It's so easy to apply and just as easy to sign away to the folk.
