Legion Notes • North Bay Black Hawks Hire Bucko As Coach

THE PRESIDENT, and executive, ask that every member of the Legion be present on Thursday night for the opening meeting after the summer holidays. They promise that there will be big news for all as well as a very pleasant surprise at the meeting itself. So don't forget, fellows, everybody be on hand Thursday night at 8 o'clock. The meeting won't be a late one, and you owe it to yourself and the branch to be there for this one, at least.

WE SEE THAT Fred McCartney got back from the Dominion-convention of the Canadian Legion all in one piece too. He says that it was a great convention, and a lot of business was accomplished, as well as delegates having a good time, as sightseeing trips, etc. were arranged. General Crerar made the keynote speech, in which he claimed that the Korgan war was only the beginning of a long, worldwide conflict, and demanded that the Canadian Government institute immediate nation-wide conscription. This resolution was put to the convention, and the entire 935 delegates voted unanimously that the convention send this in the form of a request to Ottawa for action. As soon as we get a complete list of the new Dominion officers we will reprint them in this column. Dutch has a full report to give in the near future.

THE BALL TEAM, managed to come out on top in their own division last week and the best two-of-three series started last Sunday when Norval took them to the cleaners. This was partially explained by the absence of Scotty Patterson, who was unable to play that day. However, Chubby's boys go best when they are a game behind, so we still figure that they will come out on top.

THE W.A. of the branch had a banquet at Limehouse a couple of weeks ago for their members. It seems to be about our hardest chore in this column to get any news of the W.A., so once more we would ask any of the ladies to drop in to

Bucko McDonald, the busy MP who has coached the Sundridge Beavers for the past four seasons will coach North Bay Black Hawks in the Eastern Canada Senior Hockey League this winter. Bucko succeeds Pep Kelly, another ex-pro. Bucko will also lend a coaching hand to the Beavers who, in the past four seasons have won two OHA Intermediate B titles and were finalists and semi-finalists on two other occasions. Georgetown Raiders were on the losing end of their first series with the Beavers but this spring put them in their place with four straight wins to cop the title.

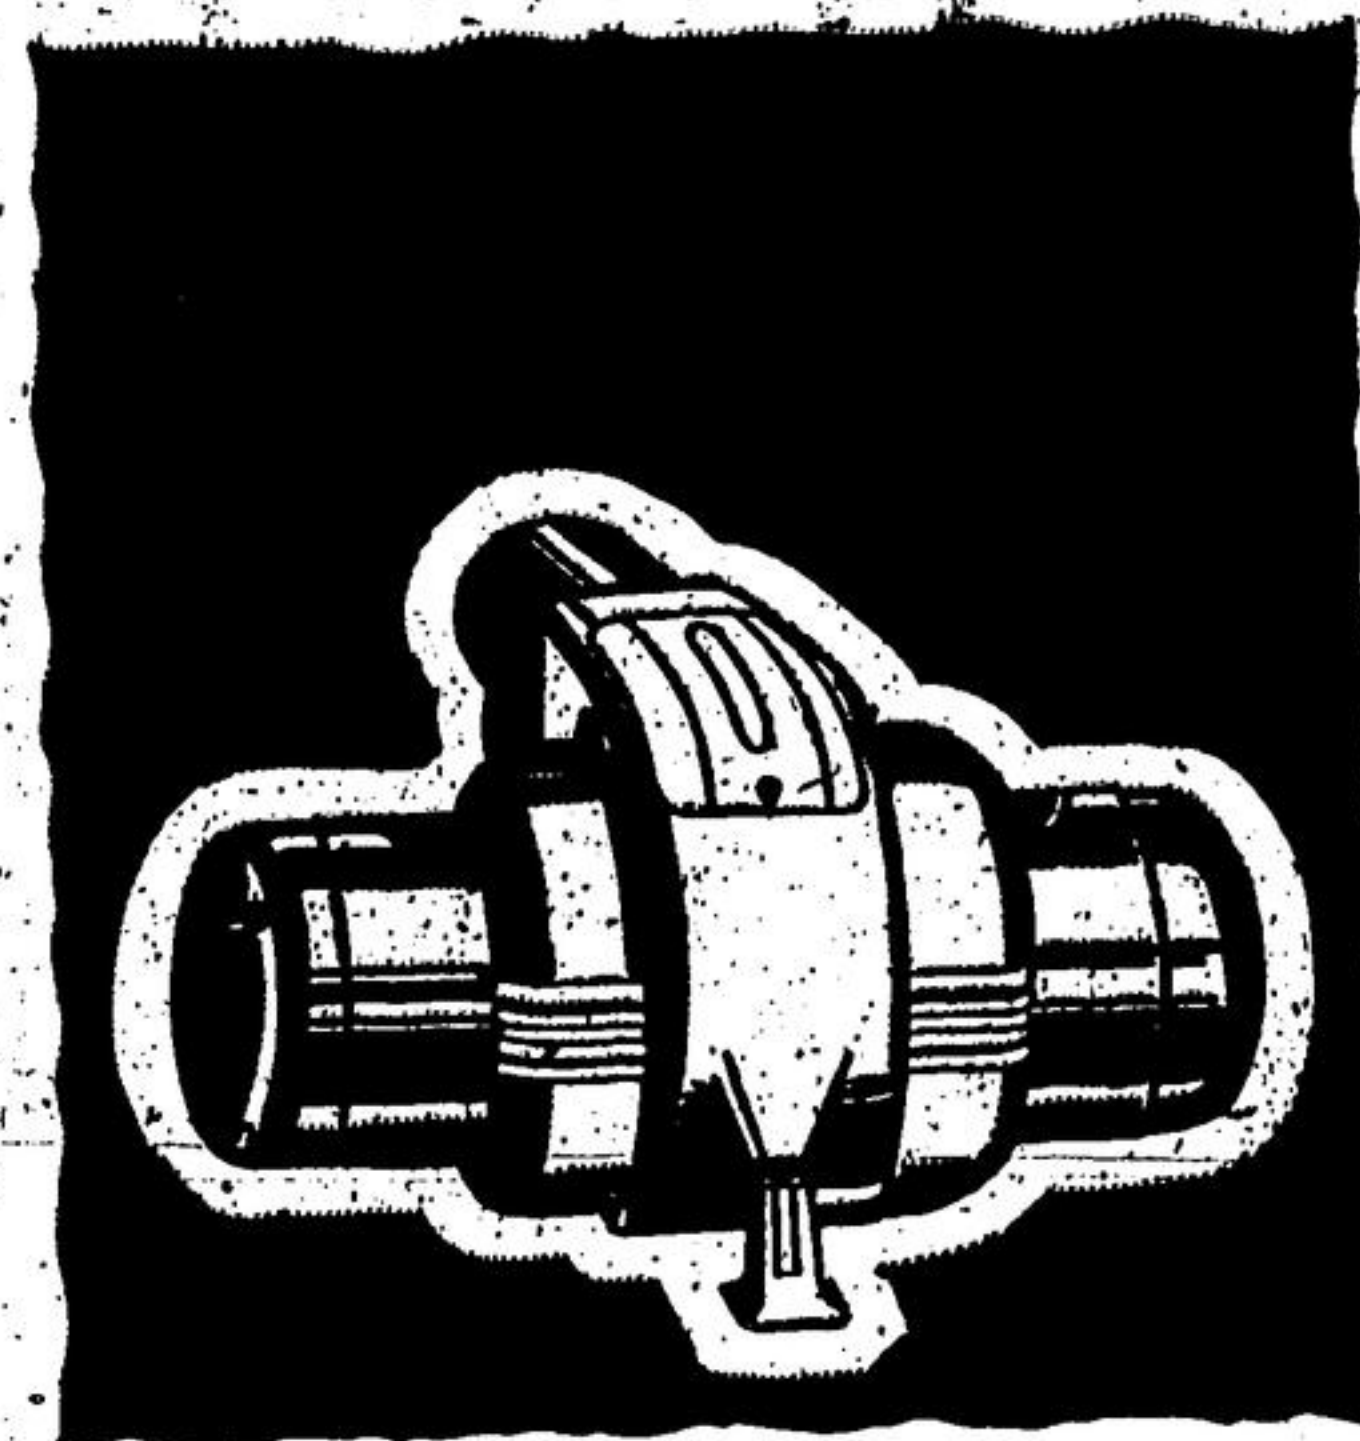

McDonald is a great exponent of positional hockey with accurate, swift passing playing a great part in his teaching.

the Herald Office with any news items they have.

WONDER WHAT'S happening as regards the annual Christmas tree this year? We haven't any details as yet of this annual visit of Santa to the kiddies of the Branch.

NOVEMBER 11th this year comes on a Saturday, which we think, should automatically make this Armistice Day parade the biggest ever. Not only should all the Legion members be able to attend, but the townspeople should be able to turn out in greater numbers than ever. Last year's Remembrance Day service, we believe was one of the biggest ever held here. So, members, keep it in mind, and remember, it is only six weeks away.

HEARD ONE OF the branch bachelors complaining recently that all the boys are "getting married." However, before he could go any further, his chum (a married man) replied "Well, five years after the war, you can't complain that we aren't old enough!" However, that lone wolf hastened to reply that he really had no objection to anyone getting married, he found that they could no longer promise to be on hand for a game of snooker or

game of darts... and always be on hand! The solution... guess he had better get married himself.

JIM BLAIR, the caretaker of the Hall tells us that the week after he came back from his holiday near Sudbury, a brown bear and a black one were shot near his cottage by the owner of the camp. Guess that

should convince any one that Jim meant what he said about his summer holiday being spent back in the bush, away from all civilization.

THE BRANCH extends congratulations to band leader Alf Perro (an active member of the Branch) and his Lorne Scots Band on the fine win at the Exhibition this year. Nice going, boys.

CANADA PRODUCES WHEAT FOR ALL THE WORLD

Each year, Canada, one of the world's greatest granaries, ships abroad millions of bushels of wheat and other life-sustaining grains. The peoples of many lands depend on Canada's rich harvest for their daily bread.

Why Seagram's sells Canada first

This advertisement is an adaptation of one of a series created by The House of Seagram to tell the peoples of other lands about Canada and her various products. For the past two years this campaign has been appearing in newspapers and magazines printed in many languages and circulated throughout the world.

Our prosperity is based on our ability to sell our products to other countries. Every Canadian has a personal stake in foreign trade, for one out of every three dollars of Canada's national income results from our trade abroad. The more

that the peoples of other countries know of the quality, variety and prestige of our products, the more likely they are to buy from us.

We feel that the horizon of industry does not terminate at the boundary line of its plants; it has a broader horizon, a farther view—this view embraces the entire Dominion. That is why The House of Seagram believes that it is in the interest of every Canadian manufacturer to help the sale of all Canadian products in foreign markets. It is in this spirit that these advertisements are being published throughout the world.
