MACKENZIE NEWS

Sorry but we haven't got any cement this week. The rush for cement was almost as great as to see Santa Claus.

We have installed the latest anthracite burning equipment to heat our office and mill. The Herco Anthracite is made at Goderich and burns Buckwheat size coal (one fuel which is always in good supply), is fed directly from the bin and we only take away a bushel can of ashes every third day. Come in and have a look at the furnace in operation.

We have a good supply of 4" sewer pipe and fittings and field tile.

See you at the Rebekah Supper on Saturday.

Members of the Leaping Wolves and Little Beaver Cub Packs had to cancel the joint hike which had been planned for last Friday. A bit of compensation was provided when they met for the Parsonage lawn and ate hot dogs.

The Scout Troop met on Thursday evening as usual. The first hour was spent in opening ceremonies and the laying of games in Memorial Hall. Instruction periods on Scout work were then held in the Sunday School rooms.

The Ladies Auxiliary met in the Sunday School Room on Monday evening and discussed general plans for the advancement of local Scouting and Cubbing.

Plans are underway for another hot and dry hockey night at the Maple Leaf Gardens. We are waiting for confirmation from the Gardens for tickets for the Detroit-Toronto game on Saturday, December 30th.

Thanks to the friend of Scouting who donated a box of games, bats, etc., to the group.

Plans are being laid for a Cub and Scout skate exchange. It may be that there is the odd pair of skates hanging around the house that could be traded for a pair the right size.

"Leaping Wolves" are getting organized under the leadership of A.C.M. Don Hutchinson, and T.L. Jim Buck. Point system will start soon.

The Cubs are earning money for uniforms and personal benefit by the selling of Christmas cards.

A Canada-wide survey shows transportation costs have little or no relation to increase in the cost of living at different points.
