Minor Hockey Group**

The top midget, bantam, and Pee Wee teams in the GRC hockey group are all undefeated. Leafs, Canadiens and Mariboros have each won their first three starts to put them in first place in their respective leagues.

Last Saturday George Grasby's two goals for Leafs gave them a win over Black Hawks, whose goal was scored by Bill Barclay. Madden and Bruins played a 2-all tie.

Scoring for Canadiens were MacNeale and Allan Darby and Bruins, Tom Palmer and Ross Ritchie.

Hershey blanked Buffalo 1-0 in bantam grouping, Don Larusso scored for Pittsburgh and Cincinnati. Roes Cunningham scoring for Mariboros and Kerry Jepson for Cincinnati.

Kitchener and Montreal played a scoreless tie in the Pee Wee league. In the other game Peter Pomeroy scored for Mariboros in a 1-0 win over Tigers.

Trophies on Display
Missed from the list which was printed last week of trophies in the Herald window was the J. D. Kelly trophy which will be awarded to the winner of the midget league. Another trophy of interest can be seen in the Herald window. It is the E. R. Smith cup, won by the Georgetown-Norval GRC-sponsored team which won the Ontario juvenile C lacrosse championship this year. It was the first local lacrosse championship since the turn of the century. Fergus won the cup last year and Long Branch the year before that.

The world's most popular engine

More trucks use Chevrolet than any other make! And one important reason is Valve-in-Head engine design. For over 35 years Chevrolet has been the largest producer of Valve-in-Head engines — engines world-famous for power, dependability, and outstanding economy.

Blue-Flame combustion

Chevrolet's Valve-in-Head design, constantly refined and improved during 35 years of development, makes possible the smooth, even burning of the fuel — Blue-Flame combustion. Combustion chambers are scientifically shaped to wring more power from every drop of gasoline.

Lower cost per mile!

Chevrolet's Valve-in-Head Torquemaster engine with greater horsepower at the clutch offers important advantages to truckers. It means greater efficiency — a means bigger pay loads at lower cost per mile!

Net horsepower... the power you use, the power delivered at the clutch... is the true measuring stick of a truck's ability to haul payloads. And for net horsepower, Chevrolet heavy-duty trucks with Torquemaster engine have no equal among the five most popular standard equipped makes in their weight class, up to 16,000 lbs. G.V.W. Chevrolet heavy-duty trucks lead them all! Compare the facts! And remember — it's the power at the clutch that counts! Come in and let us tell you the full story of Chevrolet's truck leadership.

Something to remember

This is one of a series of words and expressions whose origins and meanings are published in the interest of a better understanding, use and knowledge of the English language.

"KING"

Most authorities agree that the title "King" is from the Anglo-Saxon *cyning* which is made up of the word *cyne*, meaning a nation or tribe and the suffix *-ing*, meaning "of". Since, in Anglo-Saxon times, the king was elected by the Ulltenogmot, or people's High Council, he was therefore the choice and head of the nation.
