#### STORY WITH A MORAL

(advertisement)

Puffing and panting, Johnny and the "kids" reached the top of the hill. They buckled on their skis and with a shout of "last down's a sissy" went whooping down the hill, swooping and swaying, while the wind whistled past their ears and the dry snow blew up in their faces.

Nobody knew exactly what happened but when they reached the bottom of the slope they saw Johnny lying half way down the hill in a little heap, one ski buried in the snow, the other pointing queerly up toward the sun.

Johnny didn't remember much about the trip back home, the doctor's visit, or the ride in the ambulance to the hospital. He didn't even remember much about the x-rays, and hothing at all about the operation on his leg, but he had one vivid picture of his mother's white face and the worried look in his father's eyes when he said "I don't know how well we'll ever pay for it. We've had so much expense this year."

Sure, that's only a sob story and there's really no Johnny, but it has happened time and again to real Johnnies and their fathers who did not know how they would pay the unexpected bills when an accident happened.

It could happen to you too, but it needn't. This week you will have the opportunity to make sure that those bills will be paid when disaster strikes your family.

For a New Community Health Plan is being brought to Georgetown in a way it's only insurance which you will have to pay for every month, but it will not only provide you with money when you need it, but it will also provide you with peace of mind because you won't have to worry about where you will get that money when you need it. That's the important point.

This new Community Health Plan pays for hospital expenses, medical expenses, nursing care, x-rays, ambulance... all those dozens of things that eat up your bank account after a sickness or an accident.

Representatives of the plan are in Georgetown this week and they'll be calling on you to give you an opportunity to buy "peace of mind." They won't be calling on you alone.

### Association Plans To Build Clubhouse

Georgetown Anglers and Hunters Association is planning to purchase land and erect a clubhouse. The directors were empowered to secure the property at the annual meeting of the association Thursday at the Oddfellows Hall and it is expected that the deal will be closed shortly.

Harry E. Adams was named president of the group, Frank Kentner vice president, Fred Johnson secretary and Bob Jepson treasurer. Directors are Gordon Spence, George Muckart and Fred Spire.

George Hoare, Fred Tost and Jim Carney were sworn in as deputy game wardens by the district warden, Dudley Hitchcox of Oakville. George Muckart and Ted Bludd also serve in this office. Requisition forms for trout to stock local streams were turned over to Mr. Hitchcox at the meeting.

Treasurer Bob Jepson's financial report showed a balance of \$483 on the year's operation.

Gordon Spence reported for the hunting committee and Frank Kentner for the fishermen. An ice fishing trip by bus to Lake Simcoe is being planned for members a week from Sunday. Coffee and sandwiches were served after the business meeting.

but on every single solitary soul in Georgetown. Because just as a 100 lb. bag of flour is a cheaper buy than a five pound bag, so this health plan is cheaper when the whole community is in on it than if only one or two people joined.

When the friendly representative raps on your door this week remember little Johnny who could have been your youngster, and give that man a big welcome. He's not offering you a health plan — he's offering you "Freedom From Wor-
