Brill's Inaugurate New Type of "Painless" Donation

"Name-Your-Own-Charity" Month Begins at Both Brill's Stores Next Thursday, March 1st

During the entire month of March, Brill's are donating ten per cent of all purchases to the organizations designated by their customers. A customer, when making a purchase, designates the organization which he or she wishes to support and ten per cent of the amount of the purchase is credited to that organization. At the end of March, credits will be tabulated and the total amount due to each organization will be sent by Brill's, together with the names of the customers responsible. This is decidedly not a sale, but quality merchandise at regular prices. Brill's are merely acting as go-betweens and the buying public is making a "painless" donation of ten per cent of purchases to favourite organizations. This "Name-Your-Own-Charity" month is entirely new. It is Brill's way of creating local interest in your local community activities, and great benefits should accrue during March.

ed. As it did this I noticed a deep red slash on its side about 10 inches from the tail, crimson blood was still flowing from it. The slash was made from the prong of a spear. Spear-throwing game fish is an inexcusable offence and should be dealt with accordingly. Even the lowly sucker should not be treated that way.

WITH ROD AND GUN

LARGE TROUT SPEARED STRICTLY ILLEGAL

While chatting with a fellow angler at Jackson's Point recently, an interesting story was heard. To quote the angler: "One day last week I was jigging for lake trout in my fish house. It was pretty slow fishing for about one hour when suddenly a large one swirled at the decoy but failed to mouth it so I started to raise it to the surface and sure enough the big fish followed it. Just as it neared the surface the fish must have got wise to the fact that the decoy was just a fake for it swirled and disappear-

'My telephone is worth so much to me!'

"It saves me time and steps; keeps me in touch with my family and friends; is always ready in emergencies."

AND Mrs. WALDE keeps growing all the time. With more and more families getting telephones, you can reach twice as many people as you could ten years ago. And the traditionally friendly service is being steadily improved.

Yet today your telephone actually takes a smaller part of your family budget than it did some years ago!

Friendly and efficient telephone service, at a reasonable price, is one of today's big bargains.

If you haven't yet got service you can be sure your neighbourhood will be served, and your place on the list protected. Taking care of people without service as quickly as possible is one of our biggest and most important tasks.

 OF CANADA, LTD.

EXCLUSIVELY CANADIAN...

Nature has endowed the Canada Goose with keen vision, sharp hearing, and a speed of flight often reaching sixty miles an hour. Each spring and fall, large V-formations of these graceful water-fowl are seen in migratory flight, their weird "honking" call a familiar sound on the Canadian air.

Created and signed by The House of Seagram, this advertisement, with appropriate copy for foreign lands, is appearing in magazines and newspapers printed in various languages and circulated throughout the world.

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed by The House of Seagram to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the

peoples of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the horizon of industry does not terminate at the boundary of its plants; it has a broader horizon, a farther view—a view dedicated to the development of Canada's stature in every land of the globe.
